THE STAND TAKEN by both candidates for Mayor of Chestertown, that they are opposed to the construction of a disposal plant without the vote of the people, is amusing to say the least, in the fact that neither have made an effort to bring the question to a vote of the people and also that the question is entirely out of the hands of town government and rests entirely in the hands of the State Board of Health and the Attorney General's office. The State Board of Health, acting on authority granted them by law has ruled that the present sewerage system is a health menace and has ordered that the plant be built. They have turned the matter over to the Attorney General's office for enforcement. Following this order the Council purchased a lot on which to construct the plant and applied for a loan from the P. W. A. of funds to complete construction which was granted. Since that time the matter has laid dormant and it is just a question of when the Attorney General's office will take action to enforce the order. The original order set February 1st, 1924 as the date on which the work should be completed, which is another amusing feature. If this is an example of law enforcement by the office of the Attorney General of Maryland there is little wonder why the Council has not started the work.

THE COMMISSIONERS OF Kent County will meet with the State Roads Commission next week at the suggestion of the latter to discuss the complicated Road situation in this county. It is a timely subject and one that needs immediate action. If the Commission requested the meeting to discuss the deficit very little will come out of it but if it is the subject of road maintenance it should be a very important meeting. Kent County is reported to be indebted to the Commission approximately $165,000 which is said to be caused by over payments made in debt service, new road and bridge construction and the maintenance of County roads, the last mentioned item being the smallest of the three obligations. This obligation does not relieve the State Road Commission of the resposibility of the maintenance of the county road system as even if the Maryland road law is not renewed at this session of the Legislature the State has control of the roads until October 1st, 1935. The road law, passed at the last session of the Legislature specifically states that the Roads Commission shall consult the County Commissioners as to the application of the county's share of the gasoline tax allocated to the construction and maintenance of roads and the payment of debt service. This policy has been followed and as far as Kent County is concerned the officials of both groups have worked in perfect harmony for a number of years. The law, however, states that in case the recommendations of the county Commissioners exceed the county's quota they shall be immediately notified by the Commission and have the right of a formal hearing as to the carrying out of the recommendations. A liberal interpretation of this latter clause would mean that the commission should not let the county spend more than its quota so as to create a condition which now exists here, causing the discontinuance of all road maintenance work. During the past year the County Commissioners have received a number of complicated auditors reports which showed deficits but nothing to indicate what effect this deficit would mean in future road work. In other words the Commission has allowed Kent County to gradually sink into the red to a point where all road work was halted at a time when it is urgently needed to prevent the complete destruction of thousands of dollars in semi-hard surface roads. The County Commissioners were not aware of the possibility of the present situation at the time of strikng the last levy so as to make some provision for it. Nor has the county any road machinery or legal authority to work county roads as they are under direct supervision of the State Roads Commission, the machinery having been taken over by the State under the provision of the law. The whole problem has but one answer and that is the State Roads Commission is responsible for the condition of the roads and is so held by the people of this county. As to the deficit, it will have to be carried over until some adjustment can be made, but under no condition should the maintenance of $150,000 in semi-hard surface roads cease at a time when work on them is sadly needed.

Order of Publication

Louise Bate Dutcher
vs.
Arnold Schley Dutcher

In the Circuit Court for Kent County
In Equity No. 2909

The object of the Bill filed in the above entitled case is to procure a Decree for divorce a vinculo matrimonii. The Bill states:

1. That on the 19th day of June, 1919, Louise Bate Dutcher was married to the defendant, Arnold Schley Dutcher, by her father, the Reverend E. W. Bate, at Wappingers Fall, in the State of New York, and that she and the said defendant lived together as man and wife in the said State of New York until July 29, 1930.

2. That there is no child nor children living as a result of said marriage between your Oratrix and her said husband, the defendant hereinbefore named.

3. That ever since her said marriage, your Oratrix has behaved herself as a faithful, affectionate and chaste wife towards the said Arnold Schley Dutcher.

4. That altho the conduct of your Oratrix towards her husband, the said Arnold Schley Dutcher, has always been kind, affectionate and above reproach, the said Arnold Schley Dutcher has, without any just cause or reason, treated her with great harshness and cruelty, being very abusive, drinking, absent from home over weekends when your Oratrix did not know where he was or had been, and, finally, his manner and conduct became so unbearable that she was forced to leave their home; that since 1926, she has been compelled to work and support herself and that from January, 1930, the defendant has contributed nothing towards her support.

5. Your Oratrix, therefore, charges that the desertion of her by the said defendant has been for more than three years, is deliberate and final and beyond any reasonable expectation of a reconciliation.

6. That your Oratrix now is and has been since September, 1930, a resident of Kent County, State of Maryland.

7. That the said defendant, Arnold Schley Dutcher, is a resident of Wappingers Falls, in the State of New York.

It is thereupon, this 27th day of February, 1935, ordered by the Circuit Court for Kent County, in Equity, that the plaintiff, by causing a copy of this order to be inserted in some newspaper published in said Kent County, once in each of four successive weeks before the 25th day of March next, give notice to the said Arnold Schley Dutcher non-resident defendant, warning him to appear in this Court in person, or by Solicitor, on or before the 8th day of April next, to show cause, if any he has, why a decree ought not to be passed as prayed.

ROBERT A. SHALLCROSS, Clerk.
True copy, Test:

"Nerves" "NERVES" "Nerves"

Dr. Miles NERVINE "Did the work" says Miss Glivar
WHY DON'T YOU TRY IT?

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles Nervine which gave her such splendid results that she wrote us an enthusiastic letter.

If you suffer from "Nerves." If you lie awake nights, start at sudden noises, tire easily, are cranky, blue and fidgety, your nerves are probably out of order.

Quiet and relax them with the same medicine that "did the work" for this Colorado girl.

Whether your "Nerves" have troubled you for hours or for years, you'll find this time-tested remedy effective.

At Drug Stores 25c and $1.00.
