

SHIRLEY TEMPLE'S glorious smile sheds its lustre over Fox Film's latest picture, "The Little Colonel," the bewitching Kentucky idyll in which she is co-starred with LIONEL BARRYMORE. 2PA

Three supreme figures of screen, stage and vaudeville are brought together in Fox Film's 'The Little Colonel,' which comes next Monday and Tuesday, March 18 and 19 to the New Lyceum Theatre.

They are Shirley Temple, Lionel Barrymore, and Bill Robinson.

Shirley Temple, the foremost child actress, can be counted among the miracles of movie history. Within six months, she has scaled to stardom and now ranks among the ten best box-office stars. She is the first child actress to attain this honor. Today this prodigy counts her fans by the millions.

Co-starring with Shirley is Lionel Barrymore, easily the screen's leading character actor, one whose presence lends distinction to any role.

Bill Robinson of course has a niche for himself as the originator of the inimitable stair dance, which is the last word in tap dancng. The stairs on which he used to dance on the stage were inconsequeuntial beside the two elaborate fights of fifteen and ten steps, on which he dances alone, and with Shirley.

'Little Colonel,' from the pen of Annie Follows Johnston, has been read in book form by millions. It is the tale of a Kentucky rebel who didn't know the Civil War was over. He banishes his daughter when she weds a Kankee. 2u0H a Yankee. The disinherited daughter goes with her husband to the Indian frontier, where their daughter becomes the honorary colonel of a regiment. Later, in the duel of a golden-locked colonel of five, and a crusty colonel of fifty, the youngster sends her battery of charm against the old-ster.

Others in the cast of this DeSylva production are Evelyn Venable, John Lodge, and Sidney Blackmer. Part of the picture is filmed in glowing Technicolor.

A motion picture which promises to hold its audiences in a state of tensity is 'Wednesday's Child,' RKO- Radio's emotional drama, coming to the New Lyceum Theatre on Wednesday, and Thursday, March 20 and 21. Frankie Thomas, twelve-year-old star of the Broadway production of the play, has the title role in the film.

'Wednesday's Child' tells the story of little Bobby Phillips, a highly sensitive boy who worships his parents, and the tragedy that befalls him when they are divorced and his mother remarries. The story is told as if these happenings are seen through the eyes of the child.

Although Bobby knows that his mother is the guilty one, the court awards the custody of the boy to her for eight months in each year, the father to have him for the remaining four. Bobby barely endures the time spent with his mother and stepfather, and looks forward to the time to be spent wih his dearly loved father.

When, after what seems like an eternity to the boy, that time arrives, his hopes are dash to the earth upon discovering that his father also intends to re-marry. From this point on, the story moves with ever increasing suspense to its unexpected climax.

The picture features Edward Arnold, Karen Morley and the boy, and was directed by John Robertson, under the supervision of Kenneth Macgowan, who brought 'Little Women' to the screen.

Although the old adage that 'Crime Doesn't Pay' has been used so often that it is threadbare, the truth of it is even more apparent today than it has been at any time within the last decade.

For many years it appeared that the underworld had secured a strangle hold on American civilization. Now it is almost impossible to scan the headlines of any newspaper without learning that some Public Enemy, of small or great magnitude, has been caught in the toils or summarily executed by the guns of summarily executed by the guns of avenging officers.

And very often the low is incalculably aided in its success by newspaper reporters. Assigned to a story or an investigation, a newshawk will doggedly follow a trail with greater persistence than police. Such is the plot of Columbia's Behind the Evidence,' which opens at the New Lyceum Theatre on Friday and Saturday, March 22 and 23 a part of a double feature program, with Norman Foster portraying the role of a reporter who ferrets out a gang chief and brings him to justice.

Sheila Mannors plays the feminine lead in 'Behind the Evidence,' and others in prominent roles include Donold Cook, Frank Darien, Geneva Mitchell, and Pat O'Malley. Direction is by Lambert Hillyer.

WHEN YOU TAKE A LAXATIVE

... use a spoon

It isn't what brand of laxative you take that's so important—it's the *form*. A liquid laxative can be taken in any required amount. If only a little is needed, you need never take a bit too much.

Doctors favor the easily measured *liquid* laxatives. Instead of any form that does not encourage variation from the fixed dose. A fixed dose may be an overdose for you—or your child.

Always remember this one thing about constipation: *the secret of any real relief is reduced dosage.*

Give the bowels only as much help as may be needed, and less help as the need grows less. You will find Dr. Caldwell's Syrup Pepsin an excellent aid in regulating the bowels. It contains senna and cascara (natural laxatives) and it will clear-up any bilious, sluggish condition without upset. Delightful taste, and pleasant action. Your druggist has it.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. ©1981 C. M. Co.
