HEALTHMOBILE HERE NEXT MONTH

The Healthmobile of the Bureau of Child Hygiene of the State Department of Health will spend the next eight weeks in Southern Maryland and the Eastern Shore, visiting sections not reached by the regular health conference for babies and young children. Over sixty places are included in the itinerary. Conferences for the examination of children who are not under medical supervision will be held at each place.

The big car is clearly marked as coming from the State Department of Health and is a familiar sight on the county roads. The interior is as spick and span as a hospital room and is fitted with all the equipment needed for the complete physical examination of babies and young children, including a dental chair, children's size, and the appliances used fr examining children's teeth. The examinatons are usually made in the car, but as the Healthmobile always parks near some neighborhood center, a school building, parish house or community hall, the conferences can be easily transferred within doors if the weather is unfavorable.

It will visit Kent County July 8 to 17; Queen Anne's County July 18 to 26.

RAILROAD BRIDGE OVER KENT NARROWS

All interested parties are invited to be present or to be represented at the above named time and place, particularly navigation interests and the officials of any county, city, town or local association whose interests may be affected by the construction of the proposed bridge. They will be given an opportunity to express their views upon the suitability of the location and the adequacy of the plans in reference to navigation, and to suggest changes considered desirable in the interest of navigation.

QUEEN ANNE'S TAX RATE $1.22

The Commissioners of Queen Anne's County at a meeting this week declared the tax rate for that County at $1.22 which is an increase of 22c over last year's rate. Increased road obligations thrown back on the county and old age pension caused 17c of the 22c raise.

Penelope: 'What was?'

DEAR YOU:

I just had to write you. I at last got one of those Genuine Frederick Permanents I've heard you talk so much about and I'm simply delighted. So many Permanents look straggly in the summer but mine seems to get softer and lovelier. Another reason I'm so enthusiastic is because my Frederick Wave is so easy to set after every swim. I can never thank you enough for suggesting it.

Love,
LOU
