MOTORING

Motoring is surely a pleasant pastime, but warnings are out everywhere for a sane 4th not only in regard to fire works but also against speeding in driving.

Then one is able to see the lovely things around and not having them appear as the wind as one goes streaking by.

In the trip going South, very soon on our journey we saw a car turned completely over while it seemed to be smoking on all sides. How we all feared to know what was underneath. Then one man crawled out from under the car, then another and a stretcher was procured and a fainting lady was brought out on it. There were two other ladies in the car, they were unhurt, but the car was ruined, and the party that started so happily in the early morning had to be carried home in a hired motor. All because they were going too fast.

A number of times our driver had to stop suddenly because some car was not observing the rules of the road. And once when some thing went amiss with the car in which we were driving, the garage man said.' It was a blessing that you were not going fast.' But because of those who drive so rapidly, many a careful driver is in great danger. The earth was many centuries old before the advent of man. Nature moves slowly, but always obeying Gods laws for we know that order is Heaven's first law. Then as Pope says let us look through Nature up to Nature's God, and not be in such a rush to accomplish what it takes time to do.

The downfall of the N. R. A. has caused employers much satisfaction for they have lost much through the short hours allowed for their labor.

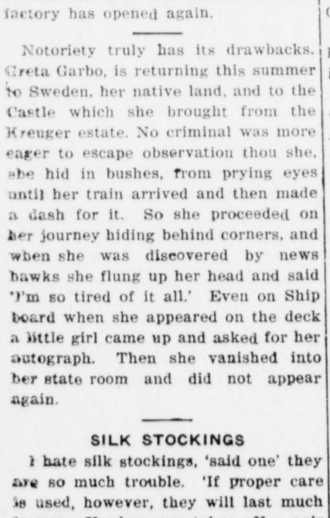

Anna Schlorer, a born cook who made mayonaise, labled it and peddled it from door to door. She was so successful she and her mother formed a company and soon their pickles, relishes and other delicacies were well known. When her mother died Anna inherited the business and all the cares of running it. She and her brother signed up under the N. R. A. and were for a time prosperous. But business declined. The N. R. A. was costing them more than they could make; that others who undersold them did not keep the code. When it was declared unconstitutional, she offered all her employees their old wage scale and hours. They refused and left the factory and its doors were closed. Then she shut herself in her room, took a razor and slashed her throat and wrist. A maid found her just in time to save her from bleeding to death. Friends came to her rescue and the factory has opened again.

Notoriety truly has its drawbacks. Greta Garbo, is returning this summer to Sweden, her native land, and to the Castle which she brought from the Kreuger estate. No criminal was more eager to escape observation thou she, she hid in bushes, from prying eyes until her train arrived and then made a dash for it. So she proceeded on her journey hiding behind corners, and when she was discovered by news hawks she flung up her head and said 'I'm so tired of it all.' Even on Ship board when she appeared on the deck a little girl came up and asked for her autograph. Then she vanished into her state room and did not appear again.

SILK STOCKINGS

I hate silk stockings, 'said one' they are so much trouble. 'If proper care is used, however, they will last much longer. If when one takes off a pair examined them carefully, and if there are no holes, rnse them in cold water after each wearing. This will keep them fresh and clean, for soap is apt to wear them out and perspiration to rot them. If properly cared for silk stockings will last quite a while, provided the pair is good when they are bought.

HOUSEHOLD HINTS

The Eastern Shore, among other things, produces raspberries of exceptional quality and flavor. Try them in this sherbet:

Raspberry Sherbet

1 cup Raspberries
1 1-4 cup sugar
1 egg white
1-3 cup lemon juice
2 cup milk.

Few grains of salt.

Crush Raspberries. Add lemon juice sugar and salt. Let stand until sugar is dissolved. Add milk. Freeze for 1 to 1 1-2 hours in the tray of an electric refrigerator. Remove to a chilled bowl and add the unbeaten egg white. Beat for 2 or 3 minutes, but do not beat until the mixture has reached the liquid stage. Return to refrigerator and finish freezing.

Raspberry Sherbet may be served plain, in canteloupe halves, or on any fruit cup mixture.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. ©1931 C. M. Co.
