Doc—Throw away that cigarette, sonny; It'll make you sick.

Boy—The better for. Why should you care,

Doc—Because your father never pays his bills.

Order of Publication

Robert Harley Fisher

vs.

Margaret Scioli Fisher

In the Circuit Court for Kent County

In Equity No. 2941

The object of the Bill filed in the above entitled cause is to procure a Decree for divorce a vinculo matrimonii.

The Bill states:

1. That on or about the 30th day of May, 1929, Robert Harley Fisher was married to one Margaret Scioli at Elkton, Maryland, by a Minister of the Gospel at that place.

2. That immediately after said marriage the said Robert Harley Fisher and Margaret Scioli lived in Philadelphia, Pennsylvania, which was then and there their home until September 9th, 1930.

3. That though the conduct of your Orator toward his wife, the said Margaret Scioli Fisher, has always been kind, affectionate and above reproach, the said Margaret Scioli Fisher on September 9th, 1930, without any just cause or reason abandoned and deserted him and declared her intention not to live with him any longer and that such abandonment has continued uninterruptedly for at least three years and in fact until the date of the filing of this Bill, and is deliberate and final and the separation of the parties beyond any reasonable expectation of reconciliation.

4. That the said Robert Harley Fisher has been a resident of the State of Maryland and has resided within the State for more than two years previous to the filing of this Bill for divorce. That he has resided and been a resident of Church Hill, Queen Anne's County, Maryland, from June 1932 until April 1, 1935. On April 1, 1935 he removed to Betterton, Kent County, Maryland, and has been a resident of Kent County, Maryland, since April 1, 1935.

5. Your Petitioner has never heard from his wife since she left him in September, 1930, but has been informed that she now resides in the State of Kansas. That there were no children born of said marriage.

It is thereupon, this 29th day of July, 1935, ordered by the Circuit Court for Kent County, in Equity, that the Plaintiff, by causing a copy of this order to be inserted in some newspaper published in said Kent County, once in each of four successive weeks before the 26th day of August next, give notice to the said Margaret Scioli Fisher, non-resident defendant, warning her to appear in this Court in person or by Solicitor, on or before the 9th day of September, next, to show cause, if any she has, why a Decree ought not to be passed as prayed.

ROBERT A. SHALLCROSS, Clerk.

True copy, Test:

ROBERT A. SHALLCROSS, Clerk.

NEW WHEAT ADJUSTMENT PLAN

The new wheat adjustment plan, asked for by wheat producers in their referendum May 25, is expected to be ready to offer farmers soon in substantially its present form. The new contract follows the lines worked out in conference between the Administration and representative wheat farmers. It will cover the four-year period, 1936 to 1939 inclusive. The contract will become effective on the what crop for 1936. So that winter wheat growers may start their planting plans, it was announced that the required reduction with respect to the 1936 crop year will be 15 percent of the base acreage. With the adjustment of 15 percent, any contract signer may plant not more than 85 percent nor less than 54 percent of his base acreage for 1936. Plantings in subsequent years can be varied up or down within a 25 per cent. maximum, as demanded by conditions. The new program is expected to divert excess wheat acreage to soil improving and erosion-preventing crops and to return some of it permanently to grass or to tree crops. Under the contract the producer has the option of withdrawing from the contract at the end of 1937, if he has met all requirements up to that time. The contract may also be terminated by the Secretary of Agriculture at the end of any contract year by proclamation before July 1 of such year.

The producer agrees to adjust his acreage as may be required in any one year but not by more than 25 per cent of his base acreage. Producers also agree to plant at least 54 per cent. of their adjusted base acreage, and if they have other farms not under contract, they agree not to increase acreage on those farms. As consideration for his performance under the contract, the Government agrees to make adjustment payments to producers in such an amount as will tend to bring producers as a whole a parity or fair-exchange value return on their allottments, which are 54 percent of their adjusted average base production. Adjustment payments are to be made in two installments. The first payment is to be approximately two-thirds of the difference between the average farm price and parity price on a representative date before July 1 of the year for which the payment is to be made. The second payment, at the end of the contract year, will be adjusted upward or downward, depending upon the average price of wheat during the marketing year, and will be in such an amount as will tend to complete payment to give the producer a parity return on his allotment, which is the share of his average production consumed in this country. The first installment for each year is to be made after the producer submits proof of compliance with the contract for that year, and the second payment is to be made after similar proof of compliance has been submitted for the crop of the following year. Reasons why wheat farmers may launch their new program with confidence despite processing tax litigation, according to officials, are: first, the new amendments to the Adjustment Act specifically enact the rates of processing tax; second, the provisions in the new contract permitting termination by the Secretary at the end of any year, and allowing grower withdrawal at the end of the first two years, give ample machinery for ending the program in the event of an adverse decision in the Supreme Court; third, signers will be fully protected as to compensation for actual performance of compliance with the contract, up to the time of termination.

Mr. McVean announces that meetings of wheat farmers will soon be called to elect officers for the coming year and these meetings will be followed by meetings at which wheat farmers may hear the details of the contract and may make application for new contracts.

AMPLE REASON

"I need a holiday," said the pretty cashier. "I'm not looking my best."

"Nonsense," replied the manager.

"It isn't nonsense. The men are beginning to count their change."

STILL POND
