FEDERAL AID FOR W. C. STUDENTS

$4500 ALLOTTED FOR PATT-TIME EMPLOYMENT

Washington College students will benefit to the extent of approximately $4500 during the coming school year by part-time employment provided under the Emergency Education Fund of the newly established Youth Administration of the Federal government. This is an extension of the plan organized under the FERA in February, 1934, with which many of the colleges of the country, including Washington College, have been cooperating.

Under the regulations which have just been announced, the colleges are each limited to a certain small percentage of thir total enrollment in assigning jobs, and the student is limited in the number of hours of work permitted and the amount to be earned during the year.

Last year, thirty Washington College students participated, to a total of $4000.

DISCUSS SPECIAL SESSION PROGRAM

GOVERNOR AND LEGISLATORS HAVE POW-WOW ON TAX PROBLEM

Senator Arthur Brice and other Legislative Leaders, together with Governor Harry Nice took a cruise on the Bay Tuesday and discussed various ways of raising funds for relief and old age pension in Maryland.

The present two percent gross sales tax which at present is providing for these relief measures automatically stops March 31st which will necessitate a special session of the Legislature before that time and it will probably be held in February.

Indications point to a tax on some of the so-called luxuries, an income tax although these proposals at the regular session brought such protests that the gross sales tax was adopted. Since that time merchants and traders have put up strong protests against the receipts tax stating that it threw the burden of relief on a small proportion of the citizens of the State. Their protests have been heeded and the special session will probably be a stormy one.

Mrs. Foozle (to man at door)—Mr. Foozle says he can't talk to you today.

Life Insurance Agent—Oh, he won't have to say a word.

LIGHT CELEBRATION HELD

In spite of the rain Tuesday night the Pomona Electric celebration was held although it was necessary to hold it in the school building instead of the open-air arena as planned.

The small school building was crowded to capacity and the speaking program and moving picture show lasted until after mid-night, aside from the fire fighting demonstration the program was carried out as planned.

RIDES TOURNAMENT WEDNESDAY

Although the rain Wednesday morning prevented Mr. Herbert O'Connor, Attorney General of Maryland from keeping his engagement to speak at the tournament held Wednesday afternoon for th benefit of Sacred Heart Church, the appearance of 'Old Sol' just before noon made it possible for the tournament to be held before a representative number of spectators. The knights were classed as professionals and amateurs with results as follows:

Professional Class

Ray Messick, of Cordova, Knight of Old St. Joseph won first prize and crowned Miss Lydia Messick as Queen of Love and Beauty.

Harry Messick, also of Cordova, Knight of Cordova, placed second and crowned Mrs. Harry Messick as First Maid of Honor.

Leo Slaughter won third place and crowned Miss Edith Dulin as Second Maid of Honor.

Amateur Class

Kenneth Hopkins, of Cordova, Knight of Little Pines crowned Miss Lillian Redman Queen of Love and Beauty.

Edward Anderson, Knight of Goose Hill, crowned Miss Marjorie Dixon as First Maid of Honor.

Franklin Messick, Knight Before Last, crowned Miss Emma Messick as Second Maid of Honor.

The judges were: Messrs. Robert Shallcross, Harry Slaughter and Professer Slaughter.

Mr. H. Stockton Startt charged the Knights.

The church had been very prettily decorated with baskets of dahlias and gladeolias by the members of the church. Mrs. James Brice played the wedding marches and Mr. Joe Mooney, of Betterton sang 'O, Promise Me' before the ceremony. The best man and maid of honor were their friends from Baltimore, who had accompanied them here.

Rev. Roy T. Thawley from Centreville preached at the Methodist church last Sunday evening. Mrs. Joseph Mooney and her son, Joe sang a duet 'What a Friend We Have In Jesus.' Tomorrow evening will be 'Hymn' night. A special service has been prepared for this by the pastor Rev. W. V. Moore.

Mayflower Wins Log Canoe Race

Island Bird Breaks Formast---Many Entries For Sail and Power Races

The Mayflower, owned by Howard B. Strong, of Chestertown, won the Chesapeake Bay log sailing cance race Friday morning over the Reba Main, owned by Bill Grieb, of Deep Point, the only other contender to finish.

The Island Bird, which was a strong contender with the Mayflower had the misfortune to break her formast just before rounding the buoy at Northwest Point at which time she was trailing the Mayflower by 100 yards. The Island Bird is present holder of the Chambers trophy and the Governor's cup.

The Magis arrived too late for the canoe race but at the time of going to press had entered the free for all in which she will compete with the Mayflower.

In the star boat race Donald Doler's boat the Restless won first place with Patsy Raskob's Ripple second. Third place was won by Nina Raskob in the 7-11.

Harry Wood won the barnegat race in the Alice, with Henry Wilmer's Albatros in second place. Third place was won by William Belt Townshend, of Chestertown.

Sailing conditions were ideal with a fresh northeast wind blowing and the entire sailing race program promised to be a great success.

The events for today Saturday promise to bring many thrills to those who like to see speed boats race.

Aside from three sail boat events the entire program will be speed boats including both outboard and inboard motors.

From the list of entries some of the fastest boats on the Chesapeake and Delaware Bays will compete and the program includes 26 events as follows:

WHEAT ACREAGE REDUCTION 5%

REDUCTION HALF OF THAT OF LAST YEAR

According to the latest information received at the office of County Agent McVean a reduction of only five percent in the three year wheat average will be required by contract signers in order to benefit from the processing tax.

In 1933 a fifteen percent reduction was required. This was cut to ten percent last year and will again be cut to five percent for this fall's seeding.

The price paid farmers from the processing tax this year amounts to 33 cents a bushel as compared to 29 cents last year. The price to be paid on the crop to be planted this fall will be determined by the price of wheat next July 1st.

The small reduction in this year's planting is said to be attributed to the damage to western wheat this year.

BAY BRIDGE PROJECT STILL ALIVE

WILL SEEK P. W. A. FUNDS

According to a statement made this week by Mr. Ralph Grier, Eastern Shore member of the Bay Bridge Authority, the proposed Chesapeake Bay bridge is very much alive and prospects are very bright for a loan of Federal funds for the construction of the bridge.

This recent activity is the result of a meeting with Secretary of Interior, Harold I. Ickes in which he advised applying to the P. W. A. for the purchase of $5,500,000 of the bridge bonds which together with the Federal grant of $4,500,000 would aggregate $10,000,000 which is the estimated cost of the project.

It is very evident now that the fate of the bridge rests upon the action of the P. W. A. auhorities will take on the bond loan.

Another very apparent fact that has persisted during the many meetings in Washington is that Secretary Ickes is in favor of the project and minor objections that are peeping from various parts of the shore are having no effect on his interest in the bridge.

DID YOU KNOW

(BY CHARLES COX HOPPER)

That in 1724 Rev. Christopher Wilkinson, rector of St. Paul's Parish, officiated not only in his parish Church (in Queen Anne's County) but in the chapels of Wye, Church Hill and Tuckahoe.

In his report to the Bishop of London in that year, 1724 he stated that his parish was about forty miles in length and 'near twenty' in breadth, containing 542 families of which 'Many are Roman Catholics and some Quakers.' In the year 1875 (I think it was) in the History of Queen Anne's County that the ancient churches of weather beaten brick at Church Hill and Wye are the so le survivers within a radius of many miles of the quaint old houses of worship which our early forefathers built.

DID YOU KNOW:

That during the early colonial period the over seers of roads (inKent County, are impowered to cut down any trees on the adjacent lands and apply the same to the making and repairing Bridges over the Heads of Rivers, Creeks and other low and miry places. But no tree fit for clapboard or Cooper's timber shall be cut down.'

DID YOU KNOW:

That in the early 1700's 'no County Court could levy over 10,000 pounds of Tobacco at any one Time for the compleat Repairing of any one County Court House. If more was needed it shall secure leave of the General Assembly.'

DID YOU KNOW:

That in September, 1805, the Rock Hall packet was lost off North Point with ten or twelve passengers on board, and among the passengers were Richard Hatcherson, of Kent County and Charles Ridgely, of Baltimore.

DID YOU KNOW:

That up to 1782 Queenstown was the County seat of Queen Anne's County and that October 25, of that year, a frame building at Hibernia formerly used as a store by James Hitchens was engaged as a temporary Court House. This present Centreville was then known as Chester Mills and the first session of Levy Court was held at Chester Mills, Centerville in 1791.

DID YOU KNOW:

That Hanson Hiss, of Baltimore, in an article, Fox Hunting on the Eastern Shore, writes. 'It is said there are only seven homely young women on the Eastern Shore and two of these were not born there.' He also says, 'An oyster without a fine flavor was never lifted from its muddy home at the bottom of he bay or its tributaries.' (I pronounce Mr. Hiss a poet and a scholar and have little fear hat he was solicited as a member of the Ananias Club. Writer's Comment.)
