Ford Shows New All-Weather Sedan

A NEW all-weather Ford V-8 convertible sedan, a dual purpose car, available for use either as an open phaeton or a snug enclosed sedan, is announced by the Ford Motor Company. Top photo shows the new body type with top in place; below, the top down, windows lowered, and center door pillars removed.

The top, of tan-colored cloth, can be lowered and folded snugly, covered by a boot, back of the rear seat. The two center pillars are removable and may be stowed away in the car. Converted in this fashion into a phaeton-type body, the car may be driven with the four door windows lowered out of sight, or raised into position as a protection against excessive wind. The window glasses are enclosed in chrome plated frames.

The body is equipped with de luxe appointments, including robe rail and ash tray in the rear compartment. Seat cushions and backs are finished in genuine leather or bedford cord, according to the purchaser's choice. The interior finish is in taupe throughout. The cars are available in all standard colors including gun metal, the new color introduced this year.

The luggage compartment back of the rear seat is even more spacious than in the sedans, providing plenty of room for stowing baggage while traveling.

WAKE UP YOUR LIVER BILE—
WITHOUT CALOMEL
And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. ©1931 C. M. Co.
