Two base hits E. Passwater, Boulden, Gardecki. Home runs Gardecki 2, Sacrifice hits, Pennock, Haley, Peacock. Stolen bases, A. Passwater, Pennock, Peacock. Base on balls, Smith 2, Betz 2. Struck out by Betz, 8, Smith 2, Nufrio 5. Hit by pitched ball, Marchlak, by Betz.

Left on bases Also 5, Massey 6. 4R 7H off Smith in 5 innings. 1R 3H off Nufrio in 3 innings. Losing Smith. Time 1 hour 41 minutes. Umpires Manlover and Gilebs.

Massey will play the strong Bergdolls dairys of Chester, Pa., next Sunday, September 1, at Massey, come out and see a real ball game.

COUNTY AGENT OFFERS PROOF A. A. A. WHEAT AVERAGING DOLLAR BUSHEL

(By COUNTY AGENT McVEAN)

A previous article stating A. A. A. wheat brings more than a dollar bushel accomplished its purpose to set people thinking and discussing. Apparently all were not convinced or else did not understand the statements in the article. Herewith are further explanatory statements which will help make clear the claim that A. A. A. wheat averaged a dollar per bushel or better.

The 42 cents per bushel still due on each bushel in the farm allotment puzzles many. It is made up of 33 cents per bushel in the farm allotment (which is 54 per cent of the average bushels produced in the harvested crops of '30, '31, '32) and 9 cents now due for the '34 contract compliance. These 42 cents are less than half of the total payments on the wheat contracts. Three payments for 2 reductions are a part of the contract. Those payments were based on the farm allotment. The payment in 1933 less local administration cost netted 27 1-2 cents. The 1934 payment was 29 cents net on each bushel in the farm allotment while the payment due in connection with th 1935 harvested crop is 33 cents per bushel of farm allotment. Wheat contract signers have already had 47 1-2 cents perbushel in their respective allotments. 42 cents are still due and will be paid. Since 47 1-2 cents net has been paid for the 15 per cent. reduction in the seeding of 1934 it is entirely correct to credit the 42 cents for the reduction in seeding in the fall of '34, which is the 1935 harvested crop concerning which the article deals.

The Agricultural Adjustment Administration contract requires its signer to seed 54 pr cent. as many acres as he did for the crops harvested 1930-32 which is the base period) if he is to receive full adjustment or benefit payment. The signer may seed any acreage from 54 per cent up to 85 per cent seeding in fall of 33 or 90 per cent. in the fall of 1934 or 95 per cent in the fall of 1935.

Few seed up to the maximum acreage, since it is not profitable to do so the greater the percentage of their acreage seeded the greater their loss and the less their average price when the benefit payments are distributed over the larger production.

The A. A. A. plan increased the selling price of wheat from 35 or 40c per bushel to 70 or 80c on the average. The benefit payment from the farm allotment distributed over the bushels sold make the wheat price average well above the dollar mark on '34 and '35 crops. There may be individual exceptions but the average holds true.

Here is an example of the working of the plan. Farmer A's contract shows a 3 year base average seeding of 50 acres and a base average production of 1000 bushels. Under this plan he gets benefit payments on 540 bushels (each of the 3 years) covered by the existing contract. Assume that Farmer A, like the majority of Kent farmers, did not seed his full acreage as allowed by the contracts. He retains wheat for seed, some for poultry feed, and for family flour supply. He markets 540 bushels in 1935. Those 540 bushels at an average of 70 cents per bushel are worth $378. To this amount add the benefit payment of 43c per on each of the 540 bushels or $226.80. The wheat sold then worth $604.00 or each bushel is worth $1.12. Had his wheat sold for 80c per bushel it would under the A. A. A. have averaged $1.22.

Now take the most extreme case one can well imagine. Farmer B on his (90 per cent of 50 acres) 40 or 45 seeded acres has a bumper crop and after retaining seed wheat, feed for poultry, and what for flour is able to sell an even 1000 bushels (the total average of 1930-'32 in spite of the 20-10 per cent fewer acres. The 1000 bushels at 70c as above is worth $700. (not forgetting that his fertilizer, twine, harvesting, tillage, threshing and marketing costs are greater than if he has 20 per cent fewer acres seeded and opportunity to use those acres for feed crops or soil improving crops.) His benefit payment is the same in either case $226.80. $926.80 is the value of the marketed crop or 93 cents per bushel. These 93 cents per bushel plus the 20 per cent to 10 pr cent saving in fertilizer and tillage ustify the claim that the A. A. A. plan gives even this very exceptional farmer the equivalent of $1.00 per bushel for his wheat.

HARRISON W. VICKERS, Attorney.

ORDER NISI

Harrison W. Vickers, Assignee
versus
George W. Townsend, et al

In the Circuit Court for Kent County
In Equity No. 2925

Ordered, this 19th day of August, 1935, by the Circuit Court for Kent County in Equity, that the sale of the Real Estate mentioned in these proceedings, made and reported by Harrison W. Vickers, Assignee, under and by virtue of the authority contained in two mortgages, one from George W. Townsend and wife to The Third National Bank, of Chestertown, Md., dated Dec. 5, 1922, and the other from George W. Townsend and wife to Walter C. Crow, dated September 2, 1924, and which said mortgages have been, by mesne assignments, duly assigned to Harrison W. Vickers for foreclosure and collection, be ratified and confirmed, unless cause to the contrary thereof be shown on or before the 25th day of October next; Provided, a copy of this Order be inserted in some newspaper printed and published in Kent County, once in each of four successive weeks before the 16th day of September next.

The Report states the amount of Sales to be $6825.00.

True Copy,
ROBERT A. SHALLCROSS, Clerk.

THE First National Bank
OF CHESTERTOWN

and you know when . . to whom . . and how much?

Pay By CHECK

THE modern and most convenient way of paying off your obligations is BY CHECK! It not only helps keep track of every penny spent but both the stub and the canceled check are definite records who received the money and when. Besides, it does away with the handling of large amounts of ready cash and the temptation to spend it.

Man or woman, this Bank welcomes your Checking Account. Come in and get full details.

Do That Today if You Can.
