CHARLOTTE E. HAMILL, N. P.

IT WAS RATHER interesting to note the rather lengthy editorial in the Queen Anne's Record of this week's issue in which that worthy weekly of our neighboring town of Centreville proceeded to quote a few hand picked paragraphs from our article last week on a suggested plan for an Eastern Shore boulevard, and then proceed to state that so much of the boulevard was in Kent County that practically no room was left for the farmers to grow their wheat, corn, tomatoes and delicious Bartlett pears. The Record also lamented the fact that only tiny cow path was laid to Matapeake. In speaking of the proposed Chesapeake Bay Bridge the Record said:

'But Kent figures like everybody else does. When and if a Bay Bridge is built Matapeake's days are numbered. The very next session of the legislature after the bridge is built would repeal the law which makes it mandatory that the operation of a ferry at that point be continued. However there is no cause now to become wrought up over the Bay Bridge. It's in the toils of the RFC and the PWA.

Furthermore these agencies will not lend or grant the funds unless such allotments are secured by the credit of the State. Unless the Transcript can hook its map onto something more tangible than the bridge, there is no cause for alarm.'

The Record failed to state that our suggested plan for an Eastern Shore boulevard was one to aim for over a period of years and that most of the proposed construction in Kent County was leads to the Chesapeake Bay bridge when and if constructed. The only other highway suggested for this county was the north and south through highway to pass through the northern section which is necessary in order to get up and down the Eastern Shore. Our suggested Bay side branch was particularly generous to Queen Anne's county and connects directly to the present Shore boulevard to the Matapeake ferry. If this Shore boulevard is a cow path it represents a large expenditure of State funds procured by a special act of the Legislature to care for Queen Anne's County cows.

As to the Chesapeake Bay bridge it is hard to believe that the people of Queen Anne's county are hostile to any system of roads or bridge that will put every part of that county within from thirty four to sixty nine miles of Baltimore day or night, winter or summer. It will be remembered that last winter following the big snow storm, the Record used columns of attack on the State Roads Commission for not maintaining a snow plow in these northern Eastern Shore counties because the bay was frozen and a plow could not get across the bay due to the fact that the ferries were ice bound. We do not wish to be held antagonistic to the Matapeake ferry because it is very useful under existing conditions to this county in traveling to and from Annapolis, Washington and points south, and the Record need not worry about its discontinuance as long as it is the best mode of travel. Its statement that if the bridge is built it will mean the discontinuance of the ferry leads us to believe that they admit theb ridge will be the easiest and best means of transportation between the two Shores because the public will use this easiest quickest route.

We feel that our article of last week has accomplished the worth while purpose of creating interest of various parts of the Shore in the location of a boulevard so that we will not wake up some morning and find to our surprise that construction work has started as happened with the survey which is now underway.

HOSPITAL FIGHT BENEEIT DRAWS LARGE CROWD

NETS APPROXIMATEL $240 TO LOCAL HOSPITAL

REDS SMITH MANAGES AFFAIR

Before a throng of more than nine hundred persons who gathered in the Chestertown Armory here Thursday night to witness the first professional fight card ever staged in this community Henry Gonzales, Betterton pugilist, scored a third round knockout over Sam Baccala, of Baltimore, in the featured bout of the evening. Gonzales' victory was the surprise of the evening, since Baccala, in two previous starts against the Kent county lad, has won by knockouts.

The fight card opened up with an exhibition bout staged by two Betterton youngsters, Buddy Newsome and Jack Robinson, who fought three rounds. The first bout of the professional fights, between Joe Bessick, of Philadelphia, and Young Gonzales, of Betterton, was won by the former when Referee Ed Brockman stopped the fight in the second round because of a badly cut eye.

Young Firpo, of Centreville, and Kid Eddie, Chestertown, staged a rough and tumble four round go, mixing it from start to finish. Young Firpo got the judges' decision. The semi-windup, a six-round encounter between Dudley Bedford of Centreville, and Young Earl Cosden, of Baltimore, went to Firpo by a decision. This bout had the fans on their feet yelling for the kill when both boys stood in the center of the ring and slugged it out.

Wildcat Tracy, always the villain of wrestling bouts in these parts, had the fans booing him when he began slamming Ace Brockman about in the hour limit wrestling match, but the Wildcat had too much weight for his opponent. Tracy took four headling dives out of the ring, but came back to win the encounter in a fall in twenty-eight minutes. Proceeds of the card amounting to approximately $240 will go to the Kent and Queen Anne's Hospital.

WAKE UP YOUR LIVER BILE—
WITHOUT CALOMEL
And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Accept a substitute. 25c at drug stores. © 1931 C. M. Co.
