HOG CHOLERA ON THE DECLINE

ONLY 1 CASE REPORTED IN KENT

Hog Cholera showed a sharp decline during the month of September over past years with only 23 cases reported, 1 of which was in Kent County.

This decline is thought to be caused by extra care to prevent the spread o the disease due to the high price o pork.

Practically all of the cases reporte were traced to feeding garbage containing infected pork, and contact with sick hogs.

These simple precautions can save farmers of Maryland thousands of dollars.

W. C. WINS EASILY OVER AMERICAN U.

SCORES 41 POINTS IN FIRST HALF TO WIN 41 TO 121

Washington College opened its foot ball season last Saturday by rolling up a 41 to 14 score against American University. At the end of the first half the score was 41 to 7, the visitors scoring their lone touch-down after getting the ball to the five yard strip by a series of forward passes against the second string eleven.

Within the first five minutes of play Billy Nicholson broke through tackle for a 50 yard run and put the ball on the visitors 5 yard line, it being carried over by Huffman in a drive through the line.

Gibby Young, Washington's quarter back later caught a punt and ran 80 yards for a touchdown. The 41 points at the end of the first half were scored by long runs by Nicholson, Salter and Berry. Completion of a two pass in trial also added another score.

The second half was played defensively by the local team, no score being made, although the visitors succeeded in scoring 7 points in that half by a series of forward passes.

The forward passing of the visitors was the feature of their attack.

CONOWINGO POWER RATES LOWERED

P. S. C. ORDERS REDUCTION

A rdeuction in the rates of the Conowingo Power Company amounting to $45,000 per annum, resulting in a saving of approximately $10 percustomer, was ordered by the Public Service Commission in an order passed October 2nd, 1935.

The Commission found the fair value of the property to be $925,000 which constitutes its rate base for 1935, and held that the Company should be allowed a return on this base of six per cent. This, it is estimated, will yield the net sum of $55,683. At the rates charged under present schedules the net revenue of the Company would be $96,050. The Company was directed to make its rates uniform in Harford and Cecil Counties, and to submit with its new and reduced schedules of rates a new plan for making extensions of lines in rural districts, the present plan having been found unsatisfactory.

TO WAR ON POULTRY THIEVES

KENT POULTRYMEN ADOPT TATTOO SYSTEM

Ware against poultry thieves started this week in Kent County against the annual loss of poultry by thieves which amounts to hundreds of dollars each year.

This new system of war fare is carried on by a tattoo stencil which brands each bird with three letters representing the owner of the flock This tattoo is placed under the wing of the bird and can be easily identified.

Each poultryman is furnished individual brand letters which is recorded in the Sheriff's office and whenever a thieft occurs there is no trouble to identify the bird.

This system is recommended by Mrs. Harry T. Williams, president of the Maryland Poultry Association; the various County Agricultural Agents, the Maryland State Police and the Sheriff of Kent County.

In addition to the brand protection a sign is placed at the road gate of each poultryman who adopts the brand ing system stating that the birds on that particular farm have been branded, which serves as a warning to poultry thieves.

At this season of the year when the turkey crop is being prepared for marketing, the branding system will relieve a great deal of worry to turkey growers.

In New Jersey where the branding system has been in effect for a year only one theft of poultry was reported and in that case the thieves were apprehended on their way to market.

LARGE STILL FOUND NEAR LAMBSON

SHERIFF BENNETT AND DEPUTIES MAKE ARREST

The largest still ever found in Kent County was destroyed by local deputy Sheriffs and Federal Agents near Lambson Station in Kent County early Thursday morning.

After locating the still which was of 1000 gallon capacity Sheriff Bennett notified Federal Agents and sent Deputies John N. Bennett, Jr., Archie LeSage, Earl Pinder and Richard McCormick to the scene to watch operations and await the Federal agents.

A load of liquor was taken away from the still by its operators at 1.30 Thursday morning and at 3 a. m. the deputies with Federal agents Charles J. Callahan and H. D. Thompson closed in and found the still in full operation.

The officers found 285 gallons of liquor ready for shipment, 39 vats of mash and the 1000 gallon still. Sheriff Bennett described it as one of the most complete set-ups he had ever seen and resembled a huge picnic ground.

They arrested Rufus McPeak, 28, and Brown Jennings, 30, of Rising Sun and Louis Barbour, 24, of Port Deposit who were operating the still at the time. They were held for the action of United States Commissioner W. R. Horney, at Centreville.

In addition to the arrests they confiscated an automobile, 1,200 gallons of msah, 285 gallons of liquor, thirty-eight 360 gallon mash boxes, four 180 gallon hogsheads and a 30 H. P. steam boiler. This equipment was destroyed with dynamite the agents using 32 sticks of the explosive.

The still was located on the farm of Mrs. John McGrogan and tenanted by Mr. Bake Oven. The Sheriff stated that it was located in a woods within a short distance of a cleared field and easily seen from the field. It is understood that the still had been in operation about a week.

MASKED BANDITS ROB GOLTS STORE

BIND AND GAG PROPRIETOR

One of the most serious holdups that has occured in Kent County for some time, took place at the store of Mr. Gus Davis at 10.30 p. m. Wednesday night.

Mr. Davis was alone in his store at the time when two masked bandits entered the store, pointed a 38 caliber pistol at him and ordered him to put his hands up in true gangland fashion.

They then bound and gaged him using an undershirt as a gag and tied his hands and feet with electric wire. Going to the cash register they took $40.00 in cash and left Mr. Davis lying in the floor. They then cut the telephone wires leading to Townshend and Massey and made their get-away in an automobile in which a companion was waiting during the hold up.

Mr. Davis later succeeded in freeing himself and drove to Townshend where he call Sheriff Bennett on the phone. Local authorities, working on a tip that described the automobile, arrested Aldie Carroll 22 and his brother Calvin Carroll, 19, of near Warwick and Harold Reynolds of Middletown ,who are now in the Kent County jail. Mr. Davis identified Reynolds who is 5 ft. 9 in. in height and weighs 170 pounds as the man who had the gun.

Calvin Carroll was recently released from the Kent County jail for a cutting affair at Golts.

At the time of going to press Samuel Tharp, of Port Penn, Del., was arrested in connection with the crime.

TO BUY SLAG FOR TOWN STREETS

WILL INVESTIGATE P. W. A. SIDEWALK AND STREET LOANS

At the regular monthly meeting of the Mayor and Council on Monday of this week an order was passed to buy 90 tons of slag to repair the present slag and dirt streets in town. This work is expected to be completed within the next three weeks.

Mayor Philip G. Wilmer was authorized to investigate the Works Progress administration loans for streets sidewalks and curbs and gutters.

Application blanks for property owners, who are willing to pay half of the cost of the material for concrete sidewalks are available at the office of the Mayor and Council. According to the W. P. A. ruling the Federal Government will furnish the labor for the projects and the Council will furnish half of the material. In order to take advantage of this offer property owners are urged to act quickly while W. P. A. funds are still available. This is an opportunity to solve much of the paving problem in Chestertown. It will serve three purposes, first new sidewalks at a greatly reduced cost, second the safety of keeping pedestrians off the streets, and third by giving work to a number of unemployed men.

Due to a large amount of back taxes due, some of which are three years back, the Council adopted an order that all town taxes in arrears up to April 1st, 1935, must be paid within 15 days from October 9th. After that time the properties of delinquent tax payers will be advertised and sold to satisfy the taxes and costs of sale.

The official notice to this effect appears in an advertisement on page 4.
