THE REQUEST IN the Grand Jury's report that the Court take cognizance of the high speed with which many drivers go through our streets in the villages and towns, is in keeping with the effort being made all over the nation to devise some means of curbing the tremendous death rate from automobile accidents. With the high powered and high speed of modern automobiles it is entirely within the province of the person behind the speeding wheel to determine whether this death rate shall continue. Pedestrians and children in the towns and villages have a right to the use of their streets without the continual fear of being knocked down or run over by a speeding automobile. The existing law of a limit of twenty miles an hour through towns if properly enforced can prevent the existing conditions. It is necessary that the entire populace cooperate, the pedestrian as well as the motorist, to help prevent the present high rate of casualties.

THE JUDGES OF the Circuit Court in session here this week, placed the cause of much of the crime in Kent County to the existance of beer taverns throughout the county. They were spoken of as incubators of crime and the Court warned those who habitate these taverns to bring no excuse as to what happens while they are there. Whatever the cause of so much trouble in these taverns, whether it be improper managment or the fact that people feel the privilege of being disorderly in places where beer is sold it is certainly true that if tavern keepers want to continue in business they should use every precaution to prevent disorder.

Says WM. BRADLEY, HEAD AMBULANCE ORDERLY

"You can't be a 'softy' on a job like mine. You have to look at suffering and accidents and be hard-boiled about them. Somehow or other though, when I hear it's a blow-out accident my blood turns cold. Take my word for it, if you ever save one bad blow-out accident, you'd never gamble on tires."

WAKE UP YOUR LIVER BILE—
WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your headaches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. © 1931 C. M. Co.
