EARTH TREMOR ROCKS KENT COUNTY

WAS FELT OVER EASTERN PART OF NATION

Kent countians felt an earth tremor about 1.30 a. m. Friday morning of this week which shook the beds, slammed doors and lasted about two minutes. Coming at a time shortly after hallowe'en pranksters had stopped their annual door step and gate destruction, those who felt it wondered what hallowe'en prank mother earth was playing.

The severity of the quake was different in the various parts of the county and residents along the bay shore report that the tremor was so severe that beds moved across the room.

This is the first earth tremor felt here since the Charlestown earthquake about forty years ago.

The tremor was felt in 27 cities of the Atlantic seaboard and was reported to have been most severe in New Jersey and Canada. In New York City a serious panic was probably averted by the short duration of the quake.

We're Spending Plenty

to tell you how little it costs to get real protection against HIGH-SPEED BLOW-OUTS . . .

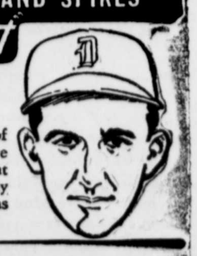

● Our business is to sell tires—we'll admit that. But we're thinking plenty about *your safety*, too, when we urge you to put a set of Goodrich Silvertowns on your car. Because here's a tire that's in a class by itself when it comes to giving *real* blow-out protection. It's the *only* tire in the world built with the Life-Saver Golden Ply. That's the amazing Goodrich invention that resists the *heat* generated inside the tire by today's high speeds. And *heat* is the great unseen cause of blow-outs.

We're Silvertown boosters because we know, too, that they'll give you more mileage than you ever got out of tires before. And how that big, husky-cleated Silvertown tread with its bull-dog grip will protect you against dangerous tail spin skids on wet slippery roads. From no other tire can you get so much safety and mileage for so little money. Remember a set of Goodrich Golden Ply Silvertowns will cost you no more than a set of other standard tires.

"I'D RATHER FACE A THOUSAND SPIKES THAN ANOTHER Blow-out

Says MICKEY COCHRANE, MANAGER, DETROIT TIGERS

"I've had plenty of close shaves in my years of experience behind the plate. But the scares I've had were tame compared to the torture I went through when I had a blow-out. That's why you'll see me driving on Goodrich Silvertowns that have Golden Ply blow-out protection."

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware a substitute. 25c at drug stores. © 1981 C. M. Co.
