HIGH SCHOOL P.T.A. TO MEET

INTERESTING PROGRAM ARRANGED

Chestertown High School Parents' Teachers' Association will hold its first regular meeting of the year in the assembly room of the high school on November 11th at 8 p. m.

As it is the purpose of the organization to acquaint all interested persons in the workings of the school a very interesting program has been arranged.

Two new courses have been introduced, Economic Geography and Business Training, and pupils of these classes will explain just what is being done by these groups.

All patrons and friends of the school are cordially invited to attend.

APPEAL FOR CAST OFF TOYS

FIREMEN PLAN ANNUAL TOY SHOP

Some members of the Chestertown Volunteer Fire Company each year collect, repair, and re-paint used children's toys, and distribute them to children who may be in danger of having no Christmas. Many times it has been found that the only toys some children received were these so given out. This is a very fine work and service, deserving of notice and assistance. Will not all residents of Chestertown and neighborhood send to the Fire House, or send a card to the Chestertown Fire Comnany, if any have children's toys unused or out of repair? Your thought and kindness in this matter may mean the difference between a Happy Christmas or NO Christmas for some children.

MILK LOCAL MEETINGS NEXT WEEK

The annual meeting of the Kennedyville, Worton and Chestertown milk locals will hold meetings at 9.30 a. m. 2.30 p. m. and 7.30 p. m. respectively, on November 15th Mr. Lauterbach, the new General Manager of the Inter-State will be the main speaker. K. G. Landsburg will also speak.

All members should attend these meetings and get first hand reports on the milk situation and marketing problems.

W. C. TO PLAY ST. MARY'S TODAY

BOTH TEAMS GIRD FOR ANNUAL CLASH

Washington College and Mount St. Mary's foot ball teams are making great preparations for the foot ball game which will be held at Washington College today, Saturday, starting at 2 p. m.

The Washington team is holding secret practice this week and fans may look for the local team to pull some tricks out of the bag today. Coaches Kibler and Ekaitis are working out a new combination so as to provide for the loss of Nicholson and Huffman from the back field due to injuries received in the game last week.

From Mt. St. Mary's comes word that the Mounts are anxious to avenge the defeat they suffered on their home field last year although they state that Washington has a slight edge on the game.

The mounts are planning to use a dual backfield having drilled their lighter second string backfield men for passing attacks. They hope in this way to wear down the Washington defense.

Whatever the result may be, it should be an interesting game.

Walter (Wally) Opekun, backfield coach at Mt. St. Mary's College, which faces Washington on the local gridiron this Saturday, November 9, at 2 p. m., formerly starred at the University of Pennsylvania and St. Thomas College at Scranton. He was assistant to Joe Lawler, the Mount head coach, when the latter was mentor at the Jessup, Pa., High and went to the Emmittsburg post with his boss this year.

—Emory Hogans through his lawyer S. Scott Beck, settled his case with the Holt Oil Co. for $15,000. The original verdict was for $30,000 and an appeal was to have been taken.

DISPOSAL PLANT ORDER POSTPONED ONE YEAR

HEALTH BOARD REQUESTS FEDERAL FUNDS FOR PROJECT

The Mayor and Council of Chestertown received a letter this week from the State Board of Health in which that Board extended the time for building a sewerage disposal plant at Chestertown until October 1st, provided that that date may be advanced if the financial condition of the town through outside aid or otherwise, would seem to warrant it.

This letter was in answer to a request made by the Council to rescind the former order of immediate construction due to the financial condition of the town. The State Board of Health, before extending the time for the building of the disposal plant, made an investigation of the financial condition of Chestertown throughMr. Kirkman, State Purchasing agent.

The Health Board, however, at their meeting in October appointed a committee to request additional Federal aid to certain towns in Maryland for the constructon of disposal plants to correct the present pollution of Chesapeake Bay waters. The results of the efforts of this committee will be a strong determining factor as to whether the date for building the plant in Chestertown will be advanced to an earlier date than October 1st, 1936.

TYDINGS SAYS BRIDGE FUND AVAILABLE

CLAIMS FORMAL LOAN APPLICATION HAS NOT BEEN MADE

It is now up to the Chesapeake Bay Bridge authority to say something in answer to a statement made by Senator Tydings to the effect that formal application had not been made to the P. W. A. for funds for the project. Senator Tydings statement followed a letter he received from Harold L. Ikes, P. W. A. administrator.

Secretary Ikes' letter was to the affect that his department would consider the loan of $4,500,000 when the formal application is made.

Senator Tydings further said that Mr. Jesse H. Jones, W .P. A. Administrator, in a conversation with him, said that his department was ready to loan $2,500,000 or $3,000,000 in addition to the P. W. A. Grant.

Advocates of the bridge are anxiously awaiting to see what Governor Nice's Bay Bridge Authority has to say in reply to Senator Tydings statement. The time is getting short as President Roosevelt has ruled that loans shall not be made after December 15, 1935.

If the bay bridge project is let go by the board due to lack of application for funds on the part of the Bridge Authority, that body will have an accounting to make to the Maryland legislature and the people of the State.

UPLAND HUNTING SEASON OPENS THURSDAY

INCLUDES RABBITS, QUAIL, SQUIRREL AND DOVE

DUCKING SEASON OPENS 20TH

The season for hunting rabbits, quail, squirrel and dove opens November 15th and closes at sundown December 31st.

According to the State law hunters must secure licenses at the Clerk's office and display same on the center back of the outer garment worn at the time of hunting. To date Clerk of the Court, Robert A. Shallcross has sold 368 county licenses and 45 non-resident licenses.

The ducking and goose shooting season opens November 20th and closes at 4 p. m. December 19th. The Federal regulation prohibits the use of bait of any kind to induce water fowl to the hunter.

The bag limit is ten ducks of all species and provides that no one shall have more than one day's bag limit in their possession at any time. All multiple shell guns shall be plugged so as to contain not more than three shells. The hours for shooting water fowl shall be from 7 a. m. to 4 p. m.

In spite of the rigid Federal regulations hunters are preparing for the season and are using bait which must be removed before the season opens.

MRS. MARY JOHNSON DIES AT NEW CASTLE

Mrs. Mary A. Johnson, widow of the late Charles T. Johnson, well known pump-maker formerly of Chestertown, died Tuesday of last week at the home of her daughter, Mrs. Dollie McLain in New Castle, Del., aged 79 years.

Besides the daughter, Mrs. McLain with whom she had made her home for several years, the deceased is survived by the following children: Mrs. Annie Wright, Percy, John H. Charles T., Jr., William Johnson, Miss Carrie Newton ,all of Chestertown, and Mrs. Alice Holdson, of Baltimore. Funeral was held from her late home in New Castle on Friday, with interment in Chester Cemetery, Chestertown.

CONSIDERING ROCK HALL DREDGING PROJECT

Congressman T. Alan Goldsborough is working for the final approval of twenty waterway projects which have been recommended for survey at the last session of Congress.

Among the projects is the dredging of Rock Hall harbor which has been under consideration by the Waterway Commission for some time.

The Rock Hall harbor is one of the oldest harbors in the State and dates back beyond the tiem of George Washington, there being a regular packet route between that town and Annapolis. This project should be considered among the first as it is an established and much used harbor.

ELEMENTARY P. T. A. TO MEET TUESDAY

The Parent-Teachers Association of the Chestertown Elementary School will meet at the Elementary School building on Wednesday, November 13, at 3.15 p. m.

'Lest we forget,' a slogan adopted for Armistice Day is very appropriate for November 11, 1935. On November 11, 1918, the signing of the Armistice brought forth great rejoicing and the determination that war was over forever.

Today, just seventeen years later, a war is being waged in Africa and war clouds are hanging over Europe. Has the world forgotten?

Armistice Day is a celebration of peace and this year as never before should the world celebrate it, not necessarily by the hurrah of flag waving and parades but by the determnation of the people of the world that they will not again become entangled in a worthless, life and property taking conflict. This is due those who gave their lives for what they thought was a war to end wars.
