LOSES EVENLY PLAYED GAME 12 TO 0

The Washington College football team lost to Susquehanna University last Saturday at Selingsgrove, Pa., 12-0 Inability of the locals to stop the Pennsylvanians in the third and fourth quarters, when they scored twice, spelled defeat. It was the first time Washington has failed to score this season.

The game proved a severe blow to the local team. Big Bill Nicholson has a sprained ankle and Wilbert Huffman an injured knee. Both will probably see the game from the sidelines against Mount St. Mary's here today.

Washington blew numerous chances to score in the first half, which ended 0-0, by poor judgement in selecting plays and fumbling at critical times.

In the third quarter Susquehanna drove to the first touchdown after a poor punt by Washington. In the fourth period Masileski romped 55 yards to Washington's 24 yard line. Ritter made 15 more and Masileski carried the ball over for the final score.

Bill Nicholson, however, was the outstanding back on the field until he was injured.

LOCAL MAN ROBBED IN WASHINGTON

VICTIM OF HOLD-UP, POLICE ROUND-UP SUSPECTS

Mr. C. Irving Brown, of Pomona, was the victim of a hold-up in Washington last Friday night while on a visit to that city.

Mr. Brown walking along Pennsylvania Ave. turned a corner to make a short cut to his hotel, when a man grabbed him and stuck a pistol in his side. He was forced into a doorway and at pistol point turned over his wallet which had about forty dollars in it.

The burglar refused the request to take the money and to give the wallet back which contained automobile license and other papers.

The robbery was reported to the police and after getting the details and description of the man they pinned it on a gang that were making a series of holdups in Washington and dividing the profits. Two were arrested that night. On Monday the third was arrested and Mr. Brown was called to Washington Tuesday to indentify the man which he did as the one that held him up.

Two of the gang have confessed and went with the police over into Virginia where the loot of the night was divided. A torn up driver's license of and other papers belonging to Mr. Brown were found among the things discarded by the thugs.

The men will shortly be presented to the Grand Jury of the District.

Legion and Norman worsted suits, comfort tailored on smart lines by Smithson. The kind of suits you business men term impressive! Neat and conservative.

DISPOSAL PLANT ORDER POSTPONED ONE YEAR

(continued from page 1)

It will be remembered that the State Board of Health at one time ordered the Council of Chestertown to have the plant completed by February 1, 1933. The Council at that time purchased a lot from the Spranklin estate near Radcliffe Creek on the east side of the Quaker Neck road. They also requested a loan from the P. W. A. for an outright grant and loan for funds to build the plant. This application for funds was later rescinded and since that time the Health Board and the Council have been playing tag with in a controversey over the question. Centreville, which received the order at the same time have long since completed its plant.

The order this week points to a show-down between the Health Board and the Council.

Sidewalk Application At Standstill

Lack of interest on the part of property owners in Chestertown has held up the application to the W. P. A. for funds to construct and improve certain sidewalks in the town. At the October meeting of the Council it was agreed to apply to the Works Progress Administration for funds to build sidewalks provided that property owners would agree to pay for half of the materials used. This cost to the property owners has been estimated to be twenty per cent of the entire cost; the town was pay the other half of the other half of the cost of materials, aggregating twenty percent of the entire cost and the W. P. A. to furnish the labor. To date the few property owners who have agreed to the proposal has not justified the filing of the application.
