RADIANT LIVING

The Wells of Promise

By Rev. C. M. Griffeth
Pastor Calvary M. E.Church
Sudlersville

It is simply glorious to think that there is no place on earth too desolate, or any experience in life too dire, but that in that very place Divine compassion can open up for you a well of sustaining grace!

Hagar, famishing in the wilderness, was divinely given to see before her a well of cool refreshing water. In her being divinely led to discover that well we have a type of the ministry of Grace which God renders to any soul in need.

It makes no difference however far you might be lost in some wasteland of human experience, or however prostrating might be the scorching heat of trials, God has a well of Grace for you, full of the waters of refreshments.

I have found such wells of Grace in Scripture. Plodding wearily across a desert of discouragement, the Spiri of God led my thought to the follow ing passage of Scripture: 'But my God shall supply all your need according to His riches in glory by Christ Jesus.'

Such a passage has been to me a 'Well of Promise' from which I have drunk deeply.

Have you not at times found in Scripture a passage that seems to have been written as though for you alone and that through it in some strange way God spoke directly to your soul?

Whenever God reveals to you such a Well of Promise, that Particular passage becomes a perpetual source of strength. With each rereading comes increased nnrichment.

Thank God for the sustaiinng wells of Promise!

MILK GROUP PLANNING TO RE-ORGANIZE

Resolution Adopted At Annual Meet

DETAILS COME LATER

Directors Elected At Session Last Week

Plans to reorganize the Inter-State Milk Producers Association occupied the most conspicuous place on the annual meeting program of that organization held in Philadelphia on November 20-21, according to delegates from Kent county who attended the sessions.

A resolution instructing the Board of Directors to work out plans for reorganizing and to develop a new membership contract to be submitted to members for signature was passed unanimously at the meeting.

Details for the reorganization must be worked out but sentiment was strongly in favor of reorganizing under the Pennsylvania cooperative law of 1929 as amended in 1931 which provides for one-man-one-vote. It is believed that a new contract such as would be feasible under such a law would permit the association to render valuable services to its members which are not now possible.

The election of directors resulted in two new members on the board. J. D. Reynolds of Middletown, Delaware, succeeds H. W. Cook who was not a candidate and Howard W. Wickersham of Kelton, Pa., won over Philip Price of West Chester, Pa. Others who were re-elected include E. H. Donovan of Smyrna, Del.; S. K. Andrews, Hurlock, Md.; H. D. Allebach, Trappe, Pa.; Albert Sarig, Bowers, Pa.; Ira J. Book, Strasburg, Pa.; B. H. Welty, Waynesboro, Pa.; and F. P. Willits, Ward, Pa.

The board of directors selected Mr. Welty as president for the ensuing year with A. R. Marvel of Easton, Md., vice-president; I. Ralph Zollers of Philadelphia, secretary; and Frank M. Twining, Newton, Pa., treasurer. Mr. Willits was made an honorary life-time member of the executive committee. M. L. Stitt of Spruce Hill, Pa., and C. H. Joyce, of Medford, N. J., are new members of the executive committee.

In commenting on governmental control, President Welty asserted that "The Utopian idea, current during the last two or three years that State and Federal conrol of the industry would solve easily and quickly all our problems in the milk industry, is rapidly passing. Our producers are impressed more and more with the necessary of good strong cooperatives in order that they may make their collective voice heard and that proper cooperation can be obtained among farmer groups and with governmental bodies. Strong cooperatives can be of great value to the industry."

A similar attitude was expressed by A. H. Lauterbach, Inter-State's general manager, who warned against any move that might make milk a public utility. He said in part, "There are those who would like to see the distribution of fluid milk develop into a public utility but to me this step would be another set-back to the farmer and lessen his chances of ever receiving a fair price for his milk. Under a public utility set-up the consumer would have a tremendous advantage on account of his voting power."

Dr. T. G. Stitts, senior economist in the Farm Credit Administration in discussing the needs of cooperatives warned against propaganda from enemies of farm organizations. This propaganda, he said, may be based on mis-information or lack of facts, or it may be deliberate misrepresentation. Another danger for which a warning was given is untrained directors or directors who put personal ambition ahead of the organization.

Other speakers were Dr. F. F. Lininger, of Pennsylvania State College, who outlined the structural needs of a milk marketing cooperative and Roger Corbett, senior extension economist in the United States Department of Agriculture, who discussed "Dairy Market Problems." He forecast an improved dairy situation during the next few years.

Find Out

From Your Doctor if the "Pain" Remedy You Take Is Safe.

Don't Entrust Your Own or Your Family's Well - Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your *doctor* what he thinks about it — in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated *among the fastest methods yet discovered* for the relief of headaches and all common pains . . . and *safe* for the average person to take regularly.

You can get real Bayer Aspirin at *any* drug store — simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

Dr. Miles NERVINE *"Did the work"* says Miss Glivar *WHY DON'T YOU . TRY IT?*

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles Nervine which gave her such splendid results that she wrote us an enthusiastic letter.

If you suffer from "Nerves." If you lie awake nights, start at sudden noises, tire easily, are cranky, blue and fidgety, your nerves are probably out of order.

Quiet and relax them with the same medicine that "did the work" for this Colorado girl.

Whether your "Nerves" have troubled you for hours or for years, you'll find this time-tested remedy effective.
