New Goodrich Silvertown Gives BLOW-OUT PROTECTION at Today's High Speeds

• Maybe you've never had a blow-out. We hope you haven't. But if you want to know how serious blow-outs can be, just ask a man who's had one. And because blow-outs are so dangerous, the Life-Saver Golden Ply has been developed by Goodrich engineers to prevent them before they start. This amazing invention resists internal heat — the terrific heat inside the tire that is the great unseen cause of high-speed blow-outs.

Anti-skid Tread

Why not equip your car with a set of Goodrich Safety Silvertowns —the only tires in the world with the Life-Saver Golden Ply? You and your family will be three times safer from these blow-outs. And you'll be protected from dangerous "tail-spin" skids, too.

Just press your hand on the deep-grooved, extra-thick Safety Silvertown tread. You'll feel the big, husky cleats grip and easily understand why these tires give maximum protection against skidding.

And the Safety Silvertown tread is so rugged that you get months more mileage at no extra cost.

I'D RATHER FIGHT ANY MAN ALIVE THAN HAVE ANOTHER Blow-out

Says JIMMIE McLARNIN Welter-Weight Champion

"No punch ever hit me as unexpectedly as that blow-out I had a couple of years ago . . . A punch may knock you out, sure—but it takes only one blow-out to finish you off. So now I'm playing safe—I have Goodrich Safety Silvertowns on all four wheels."

DON'T GAMBLE WHEN IT MAY MEAN YOUR LIFE – See us today!
