COMMMITTEES NAMED FOR THIRD WAR LOAN

The quota fixed for Caroline, Kent Queen Anne's and Talbot Counties for the Third War Loan Drive which starts September 9th is $1,600,000 according to an announcement by H. Eley, Chairman Region 5 of the Maryland War Finance Committee.

Maryland's quota has been set at $196,000,000 by the Treasury Department and the State has been divided into seven regions each headed up by a Regional Chairman.

Kent County's quota has been set at $200,000 and Mr. Wheatley has named the following committees:

Executive committee, Judge Stephen R. Collins State Senator Clarence Newsome, Mayor Philip G. Wilmer, Jr., Dr. Merritt Brice, William B. Usilton, Jr., G. Ellsworth Leary, Howard S. Leaverton, Harry C. Coleman, Ernest H. Strong, Clarence M. Melvin, Jr., Charles H Brice, Herbert A. Urie, Edgar D Busby.

Women's chairman, Miss Helen J. Schellinger.

District captains: First district, Clarence M. Melvin, Jr.; second, W. Bruce Dukes, Kennedyville; third, R. Roth Stavely, Lynch; fourth Wilbur J. Stenger, Chestertown; fifth, Herbert A. Urie, Rock Hall; sixth, to be named; seventh, Charles P. Kingsley, Pomona.

At a meeting of volunteer leaders who, with the help of hundreds of volunteer workers, will soon start their "bond invasion" of every plant, office, street, home to sell those extra $100 War Bonds in Kent County during the Third War Loan Drive which starts September 9th, Chairman C. F. Wheatley sounded the keynote for the greatest war financing drive in history. Recognizing the fact that good war news might possibly generate a feeling of overconfidence and optimism that the war is nearer victory than it actually is, Chairman Wheatley said:

"We have destroyed the Axis in Africa and have swept it out of Sicily. After many months of preparing and fighting, things are going our way in the Mediterranean and in the Pacific.

"But only the weak third partner of the Axis is groggy.

"The tide of battle has turned in our favor because we have succeeded in mobilizing for war. In total war our fighting men do not win on the battlefront unless back home their fathers and mothers, brothers and sisters for months past have worked as a team building up the supplies and the weapons with which battles are won.

"Now is the time to slug on the home sector, in the factories and mines and mills as well as on the battle fields. If we relax our attack, if we relax in production and permit a single soldier to be short of food or ammunition, we open the way for the Germans and the Japs to start a swing from the floor.

"There is grave danger in assuming that the war is over, or that the way ahead will be fast or easy.

"We have to transport millions of men, and for them the food, the bullets, the tanks, the guns, over thousands of miles of sub-infested water, to more than 50 battle fronts. In spite of our successes the war will be won by ships, planes, tanks and guns which are yet to come off the production line.

"This war is an uphill job—to the very end and until our final victory."

Hooper S. Miles, State Chairman, Maryland Finance Committee in announcing the State quotas said:

"Our Armed Forces are on the march on land, in the air on the seas and under the seas. They are fighting valiantly, undergoing privation and many hardships. The enemy is under attack from many sides.

"We are going to win the war and we are going to pay for it. It is equally certain that we will lose the fruits of victory unless, at the same time, we win two wars at home—the war of production and the war against inflation.

"There are many hard battles ahead—both abroad and at home. We dare not grow complacent. Now, more than ever before, it is up to each one of us at home to back the attacks on all fronts by buying more and more WAR BONDS. Millions of individual buyers and billions of dollars are needed to carry on the war and to protect us at home against the horrors of inflation. The Third War Loan Drive, starting September 9th, to raise fifteen billion dollars is the largest financial undertaking in the history of our country. Maryland's part in this campaign is the greatest units history. We have, in the past, always fulfilled our part. We can and will do so now if each of us will invest to the limit of our ability in the safest investment in the world—U. S. WAR BONDS.

" 'Back the Attack with War Bonds' will be our battle cry for the Third War Loan."

Stove Dealers Register Here

Maryland dealers in heating and cooking stoves are registering Wednesday and Thursday and Friday at local war price and rationing boards.

Under OPA regulations, the dealers are required to file at the boards reports on 1941 and 1942 sales and inventories of stoves as of last midnight.

Persons who wish to purchase stoves now must apply for permission at the local rationing boards, The WPB cannot grant priorities on stoves, an OPA spokesman emphasized.

KEEP THE U. S. VICTORY BOUND!

KEEP ASSEMBLY LINES MOVING!

This is a war of production.....a war that will be won on the assembly lines! Our job is to keep our boys BETTER equipped and BETTER supplied than the enemy forces. Did the boys at Bataan and Corregidor fail because they had no ability.....no courage? Certainly not! They failed because they lacked the proper equipment! This MUST NOT happen again! Our factories are geared for maximum production.....they cannot operate without our support. That's why it's so necessary to buy more and more bonds. VICTORY depends on each one of us!
