Masks for Surgeons

Masks for surgeons, as well as for workers in dusty atmospheres, are made of paper with a vegetable fiber that is insoluble in live steam, boiling water, or common solvents. When soiled, they can be washed or discarded.

He Wanted to Eat, Too

Soldiers at Camp Edwards, Mass., were lined up and ready to march to the mess hall for breakfast. Suddenly Private Thomas F. Miller broke ranks and dashed for the barracks. When he returned the sergeant wanted an explanation, for good soldiers just don't do those things. The explanation was accepted—Private Miller had forgotten his teeth!

When Your Back Hurts
And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use *Doan's Pills*. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. *Doan's* have been tried and tested many years. Are at all drug stores. Get *Doan's* today.

DOAN'S PILLS

2 SERVICE TESTS TO BE GIVEN AT COLLEGE HERE

The second Qualifying Test for the Army Specialized Training Program and the Navy College Program V-12 which will be given throughout the country on Tuesday, November 9th, will be administered at Washington College, Dr. F. G. Livingood announced today. A pamphlet of general information which contains an admission-identification form may be obtained at Room 16, William Smith Hall, Washington College. This form properly filled out will admit to the test students between the ages of 17 and 21 inclusive who are recent high school graduates or who will be graduated by March 1, 1944. Intent to take the test should be made known immediately to Dr. Livingood in order that the necessary test supplies may be ordered.

The same examination will be taken by both Army and Navy candidates. The examination is designed to test the aptitude and general knowledge required for the program of college training and all qualified students are urged to take the test. At the time of the test each candidate will be given a choice of service preference, but taking the test does not obligate the candidate to enlist in the service.

Those selected for the Army will, after further screening and basic military training, be sent to college. Students chosen for the Navy Program after selection by the Office of Naval Officer Procurement, will be detailed directly to college. Students who attend college under either of the programs will be under military discipline on active duty in uniform with pay. All expenses, including tuition, food, housing, books, and uniforms will be paid by the Army or the Navy.

Any young man between the ages of 17 and 21 who is a recent high school graduate is eligible for this examination. Application should be made immediately to Dr. F. G. Livingood, Dean's office, Washington College.

Zinc Essential in Nutrition

Zinc has been added to the many metals and minerals found essential for human nutrition.

Beck & Beck, Solicitors
ORDER OF PUBLICATION
Evelyn Peacock Clark
vs.
Lee Clifton Clark
In the Circuit Court for
Kent County
In Equity No. 3375

The object of the Bill filed in th above entitled cause is to procure Decree for divorce a vinculo matrimonii for the Plaintiff from the Defendant.

The Bill states:

1. That on the 14th day of July 1939, she was married to Lee Clifton Clark, the Respondent, at Chestertown, Maryland, by the Reverend W. P. Roberts, and that thereafter she continuously resided with the said Lee Clifton Clark at Massey, Kent County, aforesaid, until May 1940.

2. That although the conduct of your Oratrix towards her husband, the said Lee Clifton Clark was at all times kind, affectionate and above reproach, the said Lee Clifton Clark did cruelly treat and humiliate your Oratrix, was frequently and for long periods of time intoxicated and did fail to provide her with the necessaties of life, as a result whereof your Oratrix was obliged to seek shelter and protection at the home of her father, G. William Peacock, at Massey, Kent County, aforesaid, and to obtain employment in order to support and maintain herself.

3. That by reason of your Oratrix having been obliged to seek shelter and protection at the home of her father, the said G. William Peacock, and to obtain employment to support and maintain herself, your Oratrix, does aver that the said Lee Clifton Clark, did, without just cause and against her desires, abandon and desert her during the month of May, 1940, and that it is his intention that the marriage relation no longer shall exist, and that such abandonment has been continuous since May, 1940, a period of time in excess of eighteen months, and that such abandonment is deliberate and final and the separation of the parties is beyond any reasonable hope or expectation of reconciliation.

4. That your Oratrix and the said Lee Clifton Clark have had no children born unto them.

5. That your Oratrix is now, and always has been since the aforesaid marriage, a resident of Kent County aforesaid; that the last known address of the said Lee Clifton Clark is 218 W. 9th Street, Wilmington, Delaware.

It is thereupon, this 15th day of September, 1943 ordered by the Circuit Court for Kent County, in Equity, that the Plaintiff, by causing a copy of this order to be inserted in some newspaper published in said Kent County, once in each of four successive weeks before the 9th day of October next, give notice to the said Lee Clifton Clark, non-resident defendant, warning him to appear in this Court in person, or by Solicitor, on or before the 25th day of October next, to show cause, if any he has, why a Decree ought not to be passed as prayed.

Robert A. Shallcross, Clerk.
True cop, Test:
Robert A. Shallcross, Clerk.

SOCIAL ITEMS OF INTEREST IN AND AROUND LYNCH

Mr. and Mrs. John R. Jewell and Mrs. Norman Brice spent part of last week-end with Mr. and Mrs. Frank Dwyer in Edgewood, Maryland. Mrs. Frank Dwyer and Miss Harriett Dwyer returned home with them for a visit until Monday.

Mrs. Roger Brown and Mrs. Lydia Porter from Stevensville visited their sister, Mrs. William Dwyer during the week-end.

Mrs. Jesse Copper was entertained at the home of her daughter, Mrs. Wroth Stavely last Friday evening in honor of her seventy-ninth birthday.

Mr. and Mrs. Selby Rasin, of Philadelphia, spent Sunday with his parents, Mr. and Mrs. W. T. S. Rasin.

Mr. and Mrs. Wroth Stavely visited Wilmington on Thursday.

Mrs. John Jaqueth spent last week-end in New York City.

Homemakers Club Meeting

The Flatland Homemakers met at Miss Schellinger's Office on Tuesday afternoon and planned a furniture repair meeting for October 26th, to be held at Misses Mary and Bessie Nicholsons.

The Fairlee Homemakers helped with canning at Fairlee School, for school lunches this winter; 200 cans were put up.

Betterton Homemakers met Wednesday night at the Betterton Hotel, Mrs. Wm. Owens was hostess. They decided to have a sewing machine cleaning and repair meeting at the school house on October 12. Anyone with a machine that does not work bring it there and see if we can find out what is the matter with it.

The Galena Homemakers Club decided to send a Christmas gift to the men in service in their community.

The 4-H club met in Galena High School and all who were interested met on Thursday at lunch time and arranged for a meeting to be held at 12:15 at the High School on October 14. At that time they will plan the work that they will do for this year.

A new book, "Designed For Wartime Living", will soon be off the press and ready for distribution. It is especially planned for use under present day conditions, and it is expected to be of great value in the home. With the use of gasoline curtailed, a special section is devoted to entertaining, including many old fashioned games of all kinds to be played at home. It also includes many important phases of wartime living, such as menus for the week, recipe ideas, how to make ration points go further and new lunch-box suggestions. In addition, there is a section on home canning and one on the preservation of clothes during wartime. The book was compiled by experts, designed by a well-known New York artist, and is beautifully illustrated in color on all its forty pages. It is being distributed free of charge as a wartime service by the Gunther Brewing Company of Baltimore, Maryland.

—V—

Apple a Day

To get the most food value from an apple, eat it raw with the peel on. That way you get its vitamin C intact.

—V—

110 Years Old, Still Sound

When the White House was remodeled in 1927, wood gutter was removed which had been in use 110 years and was still sound.

—V—

Flying Start

When the abandoned Federal Reserve Bank building in downtown Pittsburgh was taken over as headquarters for War Materials, Inc., whose job is to get 5,000,000 tons of scrap metal for the war effort, 15 tons of iron bars and grates on the structure were promptly taken down.

—V—

Breaking In Paint Brushes

To insure their longer life, new paint brushes should be broken in carefully before they are used. One of the best ways is to soak the brush in raw linseed oil for several days. Then dip it into the painting material you intend to use and draw it across a rough, unplaned board several times. This will remove any loose bristles that were not securely fastened during the manufacturing process. If the brush is put in paint before being soaked in oil, the porous bristles will absorb pigment, causing them to stiffen and lose their flexibility.

Oxen Still Used in Quebec

Oxen are still used to pull plows and haul carts on the Ile d'Orleans in the St. Lawrence river, near Quebec.

Blueprints for Battleships

Thirty tons of blueprints are needed to plan a battleship, and 50,000 blueprints are required for one combat plane.

Your Coal Supply

ORDER YOUR COAL NOW

for delivery along this Spring and Summer in partial lots, so that all will get equal distribution.

We will not be able to deliver the full order at once, but with co-operation we should be able to get all a good supply to start the heating season.

The Transportation and mining of Coal, as well as our Delivery conditions are not going to improve and it is to your best interest to place your orders now, so we can give all a fair deal before the Heating Season.

All Orders are subject to the Prices at the time of delivery.

From where I sit...

by Joe Marsh

Every time Lem Martin hears about another Jap battleship being sunk—or another Nazi city being blasted—Lem grits his teeth, and digs into his pocket for more War Bond money.

"With our soldiers over there doin' better 'n' better at their scorin'," Lem says grimly, "we can do the same at home."

It's easy to think that if the war is going well, we can afford to let down just a little instead o' realizing that the bigger our offensive gets the more our boys are going to need equipment and munitions.

From where I sit, here's the way it is . . . It's up to everyone of us to put not only our spare money into War Bonds, but to figure out new ways of saving so that we'll have still more money to invest in Victory.

As Lem says: "We asked for plenty of action—and we're sure getting it. All over the world our men have got them Axis fellas on the run. Let's Back the Attack with War Bonds."

Joe Marsh
