AMERICAN HEROES

BY LEFF

Two hours after the ill-fated destroyer Hammann was sunk, her skipper, Comdr. Arnold Ellsworth True, was rescued from the water and found to be supporting two enlisted men. He himself was so exhausted that he did not realize both men were dead. Comdr. True, who was awarded the Navy Cross and the Distinguished Service Medal for heroism, typifies the spirit of our men in arms. They give to the limit of their endurance. Do YOUR part! NAGGING BACKACHE

May Warn of Disordered Kidney Action. Don't Neglect It!

Modern life with its ceaseless hurry and worry, irregular habits, improper eating and drinking, exposure, contagion *whatnot*, keeps doctors busy, hospitals crowded. The after effects are disturbing to the kidneys and oftentimes people suffer without knowing that disordered kidney action may cause the trouble.

After colds, fever and similar ills there is an increase of body impurities the kidneys must filter from the blood. If the kidneys are overtaxed and fail to remove excess acid and other harmful waste, there is poisoning of the whole system.

Symptoms of disturbed kidney function may be nagging backache, persistent headache, dizziness, getting up nights, swelling, puffiness under the eyes—a fesling of nervous anxiety and loss of strength and energy. Other signs of kidney or bladder disturbance sometimes are burning, scanty or too frequent urination.

In such cases it is better to rely on a medicine that has won world-wide approval than on something less favorably known. Use *Doan's Pills*. They have been winning new friends for more than forty years. Be sure to get *Doan's*. Sold at all drug stores.

THE REASON DOAN'S ARE FAMOUS

All over the country grateful people tell others: "*Doan's have helped me; I recommend them to you.*" That is why we say, *Ask your neighbor!*

This is a war of production.....a war that will be won on the assembly lines! Our job is to keep our boys BETTER equipped and BETTER supplied than the enemy forces. Did the boys at Bataan and Corregidor fail because they had no ability.....no courage? Certainly not! They failed because they lacked the proper equipment! This MUST NOT happen again! Our factories are geared for maximum production.....they cannot operate without our support. That's why it's so necessary to buy more and more bonds. VICTORY depends on each one of us!

Thank you...

...for giving up needless travel!

THOUSANDS of Americans, conscious of the vital part that transportation plays in victory, are giving up non-essential trips. That is genuine sacrifice, self-restriction symbolic of American determination to win this war.

Half the available Pullman cars and a third of all coaches are now in troop service. Those which are left are carrying an enormous volume of essential war and business travelers. Besides that, many thousands of service men on furlough and people going about the daily business of making a living are taxing available equipment to the limit. That kind of travel MUST come first.

With good grace there is almost universal acceptance of the fact that when no Pullman space is available the alternative is a coach; and when coaches are filled, the alternative to standing is to remain at home. For frankly, there is not room at all times for all who would like to travel.

Compulsory travel restrictions would restrain the few who consider personal convenience first, but by and large, plain horse sense and loyalty are making self-restriction work reasonably well.

Americans in the vast majority who ask themselves conscientiously, "Is this trip necessary?" will not undertake any unessential journey at the expense of crowding out an essential traveler or a service man on leave for a few precious days at home.

To those who have refrained from "pleasure" travel in the interest of their fellow-Americans and the war effort, the Pennsylvania Railroad acknowledges its appreciation. We know that in many cases it has not been easy, because it is human nature for Americans to "go places." But it is this spirit of cooperation that will help win this war.
