FARM MACHINERY RATIONING NEWS

Howard S. Leaverton, chairman, Kent County Farm Rationing Machinery Committee, reports that after October 15th purchase certificates will no longer be required for Schedule III items as listed below:

Tractor moldboard plows, tractor drawn disc plow, one way disc plows or tillers,listers without planting attachments, disc harrows, soil pulverizers and packers, cultivators, rotary hoes, dusters, grain binders, stationary threshers, grain, rice alfalfa, stationary pea and bean threshers, distribution equipment (portable pipe, sprinklers, valves and gates, etc.)

All machinery in Schedules I and II, still under quota and still rationed.

Records To Be Kept By Dairymen

Edgar D. Lusby, Chairman, Kent County A. C. A. Committee, announces that each milk producer in the county should keep records of sales of whole milk and butterfat and of dairy feeds and hay beginning October 1st, as dairy feed price adjustments will be based upon sales and purchases made from October 1st through December 31st, inclusive.

This is a part of the program announced September 25th by the War Food Administration, protecting dairy farmers against increases in the prices of dairy feeds, including hay, above the September 1942 level.

Payments will be larger in areas where the quantity of purchased feed is larger, where feed prices have advanced most and where milk prices have advanced least since the period immediately before our entry into the war.

Nov. 15 Closing Date for Accepting Orders for Conservation Material

Howard S. Leaverton, Vice-Chairman, Kent A. C. A. Committee, announces that all orders for 1943 conservation material (regular or supplemental) lime, must be submitted to the A. A. A. Office by November 15th. Orders will not be accepted after this date.

All orders for conservation material lime under the Purchase Order Plan should be approved by the County Committee by November 15th. No orders under the Purchase Order Plan should be placed after that date.

Material received under the "1943 Regular Production Practice Program" or the "1943 Supplemental Allowance" must be properly used and applied to the land no later than December 31, 1943. Any material applied to the land after December 31, 1943 will be charged as a single deduction against the producers 1944 Production Practice Allowance.

Miss Mary Fleming

Funeral services for Miss Mary Fleming, 62 years old, who died in the Kent & Queen Anne's Hospital here on Sunday morning, following a short illness, were conducted, Tuesday afternoon in Christ Methodist Church, led by the Rev. Dr. W. P. Roberts. Interment was in Chester Cemetery with Usilton and Welles in Charge.

The deceased was the daughter of the late Benjamin F. Fleming, formerly of Delaware, who for many years was superintendent of the old Baltimore & Delaware Bay Railroad and the late Mrs. Mary Jane Fleming of Chestertown. She was active in Christ Methodist Church affairs until her illness. The bearers were Dr. Frank Hines, Maurice Barroll, Charles Kibler, C. N. Satterfield, Conlyn Noland and Thomas Bowers.

Methodist Church To Pay Final Debt

A special "Debt Paying Service" will be held Sunday in the First Methodist Church here, the Rev. Paul E. Reynolds, pastor, when the final payment of $1,100 on a $65,000 indebtedness incurred in 1926 will be paid. The congregation will be free then of all indebtedness. Last night teams from the congregation canvassed the membership for contributions and pledges.

Draft boards throughout Maryland have deferred from military service 15,115 farm workers on occupational grounds. Of that number 9,280 are single men and 5,835 are married and have families. There are 36,000 war-plant workers deferred in this State on occupational grounds. The farm population of the State is only 13 percent of the total population.
