READY FOR THE HOP TO BRITAIN

THE Canadian-built and Canadian-guarded outpost at Goose Bay, Labrador, is one of the world's largest and most important air bases. From this vital field, the Royal Canadian Air Force, with the cooperation of the United Nations Air Forces, deliver the necessary ships to embattled Britain. While these "Flying Forts" are being serviced, as shown above, previous to their take-off, Canadian soldiers carefully stand guard by them. Before leaving, inset, pilots get their last-minute instructions from Captain Cardiff of Los Angeles, California, who has well over 10,000 flying hours and several trips across the Atlantic to his credit.

The War Food Administration is urging farmers to make immediate application for mixed fertilizers that will be needed either this fall or next spring and to accept delivery during the fall and winter months. Because of transportation, labor and storage difficulties, officials state, it is necessary to keep mixed fertilizer moving if manufacturers are to meet farmers' needs.

The University of Maryland Holstein herd of 25 cows average 452 pounds of butterfat, 12,402 pounds of milk in 316 days in official production testing completed recently. All but one of these cows were milked three times daily. The testing production is nearly 2½ times that of the nation's average dairy cow. The testing was supervised by the Extension Service, in cooperation with the Holstein-Friesian Association of America.

Bedspreads when ironed should be ironed the long way to avoid stretching entirely out of shape. Candlewick and chenille spreads need no ironing; just shake out and brush when dry.

KEEP THE U. S. VICTORY BOUND!

KEEP ASSEMBLY LINES MOVING!
This is a war of production.....a war that will be won on the assembly lines! Our job is to keep our boys BETTER equipped and BETTER supplied than the enemy forces. Did the boys at Bataan and Corregidor fail because they had no ability.....no courage? Certainly not! They failed because they lacked the proper equipment! This MUST NOT happen again! Our factories are geared for maximum production.....they cannot operate without our support. That's why it's so necessary to buy more and more bonds. VICTORY depends on each one of us!
