Corporal Hazel Robinson is spending a fifteen day furlough at his home.

Mrs. Homer King heard from Charles last week, he is on his way home.

Robert Hill and friend spent Sunday with his parents.

The Better To See You With, Adolf

IT is now becoming crystal clear that American and Canadian inventiveness and ingenuity in the production of all manner of war machines and equipment has put Hitler and his gang in the gun sights of the United Nations.

A striking example of how this has been done is in the production of optical glass for fire control instruments required for the Canadian navy, army and air force. Although it was an entirely new field for the Dominion, a government-owned company was started in July, 1940, with employees having no previous experience in the manufacture of precision instruments. In one year's time the production goal of 5,000 pounds per month had been doubled. Then during the first eight months of 1942 monthly production rose four hundred percent to the point where it was five times as great as that called for under initial schedules.

Today, the company which has over 6000 workers, a third of whom are women, has orders on hand to supply 100 million dollars of range finders, periscopes, etc., to Canadian, United States and other United Nations forces.

Photographs show, above, a finished tank periscope, and below, a mould of newly made glass.

Tomato and Mushroom Sauce

Many is the dish whose success has been credited to the sauce. If the dish is but fair, a good sauce will certainly help it over the hurdle, and if it is a particularly good dish, it is deserving of such a flattering accompniment. Here is one to serve with numerous dishes, but will be particularly good with many of the vegetarian dishes.

TOMATO AND MUSHROOM SAUCE

2 slices bacon or small quantity uncooked ham
1 slice onion
6 slices carrot
Bay leaf
2 sprigs thyme
Sprig parsley
Small can mushrooms
2 cloves
½ teaspoon peppercorns
Few gratings nutmeg
½ No. 2 can tomatoes
5 tablespoons flour
1½ cups brown stock
Salt and pepper

Chop the bacon or ham, and cook with onion an d carrot for five minutes. Add bay-leaf, thyme, parsley, cloves peppercorns, nutmeg, and tomatoes, and cook five minutes Mix the flour with five tablespoons of cold water and rub out all the lumps, then add enough water so that the batter can be poured in a thin stream. Add to the sauce, stirring constantly. As the sauce thickens dilute it with the stock. Cover, set in the oven(300 F.) and cook 1 hour. Strain, add salt and pepper to taste and the mushrooms, drained and cut in quarters. Then cook two minutes over direct heat.

Oysters Newburgh For A Special Sunday Supper

Though for the most part, Sunday supper consists of something simple and quick, there always comes that Sunday when we want something "differtne." Oysters Newburg is just the thing, because, aside from being "different" and special, they too, are simple to prepare.

24 oysters, with liquor
2 tablespoons butter or substitute
2 cups white sauce
Salt and pepper
3 tablespoons sherry
2 egg yolks, well beaten

Put oyster liquor in saucepan and let it come to boiling point. Skim off the froth. Put saucepan over constantly boiling water, add oysters and when they are plump out and their edges curl, add white sauce; season and heat. Then stir in sherry and egg yolks and serve.

Chocolate Doughnuts

4 cups sifted flour
4 teaspoons double acting baking powder
1½ teaspoons salt
1, 1-4 cups sugar
3 eggs, well beaten
3 squares unsweetened chocolate, melted
1 teaspoon vanilla
1 cup milk

Sift flour once, measure, add baking powder and salt and sift together three times. Add sugar gradully to eggs, beating thoroughly; then add chocolate and vanilla; blend Add flour, alternately with milk, a small amount at a time, mixing thorughly after each addition. Knead lightly on well floured board. Roll 1-3 inch thick. Cut with floured, medium doughnut cutter. Fry in deep fat (385F.) 3 or 4 minutes, or until done, turning frequently. Drain on unglazed paper. Sprinkle with powdered sugar. Or dip doughnuts in mixture of granulated sugar and cinnamon. Makes 4 dozen doughnuts.

V

Grills and waffle irons should be clean of adhering food particles after each use. The edge of a knife will do, or in stubborn cases, dry steel wool. Use no water! Preheating (closed) before use enables quicker cooking.

V

For tall, soft biscuits, place close together on the baking sheet; for biscuits with crusted sides, place slightly apart.

V

Keep a jar of cocoa syrup in your refrigerator, ready to use hot or cold as fudge sauce on cakes and puddings or in making chocolate milk shakes for family treats of refreshments. For cold drinks, use 2 tablespoons cocoa syrup to 1 cup milk. Malted milk powder, a well beaten egg, or dash of peppermint extract may be added. Shake well in shaker or beat with rotary egg beater to mix.

NAGGING BACKACHE

May Warn of Disordered Kidney Action. Don't Neglect It!

Modern life with its ceaseless hurry and worry, irregular habits, improper eating and drinking, exposure, contagion *whatnot*, keeps doctors busy, hospitals crowded. The after effects are disturbing to the kidneys and oftentimes people suffer without knowing that disordered kidney action may cause the trouble.

After colds, fever and similar ills there is an increase of body impurities the kidneys must filter from the blood. If the kidneys are overtaxed and fail to remove excess acid and other harmful waste, there is poisoning of the whole system.

Symptoms of disturbed kidney function may be nagging backache, persistent headache, dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of strength and energy. Other signs of kidney or bladder disturbance sometimes are burning, scanty or too frequent urination.

In such cases it is better to rely on a medicine that has won world-wide approval than on something less favorably known. Use *Doan's Pills*. They have been winning new friends for more than forty years. Be sure to get *Doan's*. Sold at all drug stores.

THE REASON DOAN'S ARE FAMOUS
All over the country grateful people tell others: "*Doan's have helped me; I recommend them to you.*" That is why we say, *Ask your neighbor!*
