PARTY LINES *are* PATRIOTIC LINES

The copper that used to go into new telephone lines is now going into war weapons. This means we must make the most of the lines we now have.

Thus, party lines become a part of the all-out war effort—they take on a new name—PATRIOTIC LINES.

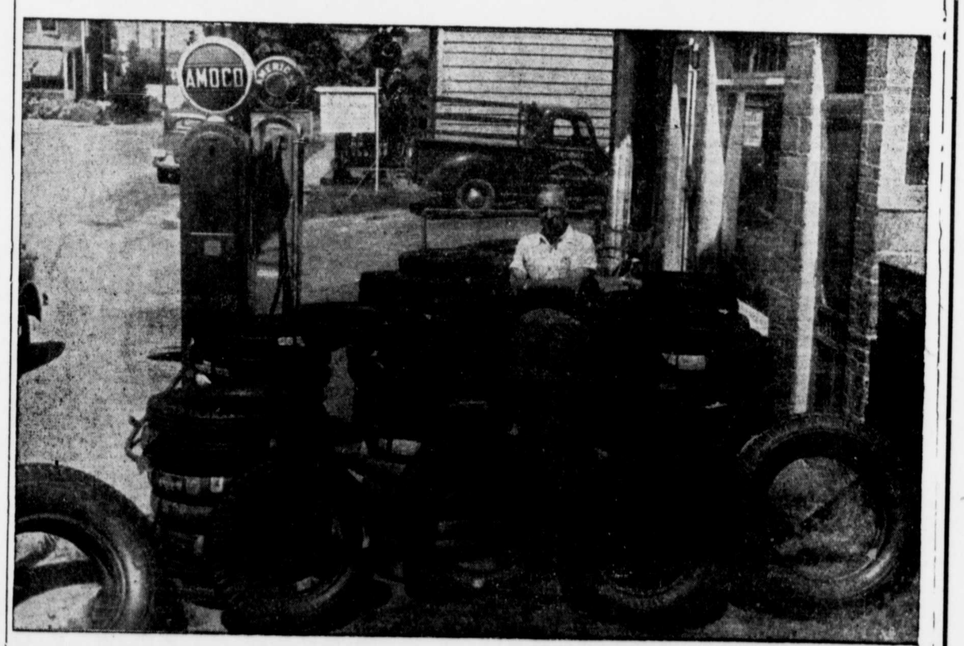

You will find that "Patriotic-line" telephone service is good telephone service if all users will follow these simple rules:

1. If another is using the line, hang up gently and wait a reasonable time before trying again.
2. Make way for your neighbor by being as brief as you can on your calls.
3. Avoid making a number of calls in succession.
4. Replace the receiver carefully after each call so as not to prevent others from using the line.
