New Gasoline Coupons Worth 5 Gal.

The local Ration Board office is now issuing the new B-2 and C-2 gasoline coupons. These coupons have a ration value of 5 gallons of gasoline each. This does not represent an increase in the allotment of gasoline to those having eligible classification as the issuance is based on the number of gallons and not the number of coupons. For example, a person who is eligible for 30 gallons of gasoline received 15 coupons of the old style or 6 coupons of the new style. The old style B and C coupons are still valid and will not be replaced.
