Notice To Creditors–

NOTICE is hereby given that the undersigned has obtained from the Orphans' Court for Kent County Ancillary letters of Administration C. T. A. on the personal estate of Agnes C. Ewing late of said county, deceased. All persons having claims against said deceased's estate are hereby warned to exhibit the same, with the proper vouchers thereof, to the undersigned on or before the 24th day of February, 1946, otherwise they may by law be excluded from all benefit of said deceased's personal estate.

All persons indebted to this estate must settle at once.

Given under my hand this 21st day of August 1945.

RICHARD CARVELL,
Ancillary Administrator C.T.A.
W. Paul Joiner Register of Wills.

PRODUCE MORE FOOD FOR FREEDOM

the CONSERVATION WAY

Three hundred years of farming have brought about a fairly good adjustment of land use to the land capabilities in Kent County. However, Ralph W. Ruble, District Conservationist, assisting the Kent Soil Conservation District, states that there is a need for more conservation farming. Nearly three-fourths of the cropland has enough slope to need erosion control measures, and one-twelfth is so steep or so severely eroded that it should not be cultivated. Nearly half of the cropland has lost at least one-fourth of the original topsoil by soil erosion. Many of the old drainage ditches have been choked by vegetation and by soil washed from the land. Some idle land would produce good crops if it were properly drained.

All land used for crops needs good crop rotations, regular applications of lime and fertilizer to suit the crop and the sol and farm manure or green manure crops. Sloping croplands need contour farming, sod-waterways, strip cropping, cover crops and possibly terraces or diversions terraces with good outlets. Level, poorly drained land needs good drains and outlets and in some cases more lime than well-drained soils. The sandy soils need large amounts of fertilizer, manure and green manures.

Pastures should be limed and fertilized regularly and renewed whenever the sod becomes thin. Woodlands should be managed for regular timber crops, by cutting at first only old, diseased, or poorly shaped trees and then by cutting the timber trees as they reach a good size in such a way as to leave a good stand of trees that will grow rapidly.

To get the most food value from potatoes, boil them in their skins, before preparing them for any special type of dish. Spuds are a low-cost way to get needed food elements: starch, vitamin C, and some iron, other minerals and B-vitamins.

The formation of the Cecil County Soil Conservation District makes this the twenty-second county in Maryland in which farmers have adopted this organized method of saving the soil.

Feed Sacks

Cotton feed sacks can be used to make useful articles for the home as well as to make many garments.

Order Of Publication

Margaret Shahan Lloyd
vs
Wilkins Lloyd
IN THE CIRCUIT COURT FOR KENT COUNTY MARYLAND
In Equity, No. 3470

The object of the Bill filed in the above entitled case is to procure a Decree for divorce a vinculo matrimonii for the Plaintiff, a resident of Kent County, Maryland, from the Defendant.

The Bill states:

1. That on the 11th day of January 1936 your Complainant, Margaret Shahan Lloyd was married to Wilkins Lloyd, at Chesterville, Kent County, Maryland, and they went to live in Millington, Kent County, Maryland.

2. That, though the conduct of your Oratrix towards her husband, the said Wilkins Lloyd has always been kind, affectionate and above reproach, the said Wilkins Lloyd has, without any just cause or reason, abandoned and deserted her, and that such abandonment has continued uninterrupted for more than eighteen months, and is deliberate and final, and the separation of the parties beyond any reasonable expectation of reconciliation.

3. That your Oratrix now resides in Millington, Kent County, State of Maryland, where she has lived all her life.

4. That the said Wilkins Lloyd resides at 510 N. Harrison Street, Wilmington, Delaware.

5. That your Oratrix and the said defendant, Wilkins Lloyd, have had one child born to them from said marriage, namely: Margaret Rebecca Lloyd, age nine years.

6. That the said defendant is not contributing to your Oratrix and childs support.

It is thereupon, this 11th day of September, 1945, ordered by the Circuit Court for Kent County, in Equity that the Plaintiff, Margaret Shahan Lloyd, by causing a copy of this order to be inserted in some newspaper published in said Kent County once in each of four successive weeks before the 6th day of October next, give notice to the said Wilkins Lloyd, non-resident defendant, warning him to appear in this Court in person, or by Solicitor, on or before the 22nd day of October next, to show cause, if any he has, why a Decree ought not to be passed as prayed.

More Maple Sugar Plan

More sugar from maple trees at lower cost is predicted for the not too distant future by agricultural scientists, who have been working to propagate trees with sap two or three times as sweet as is usual today. Cuttings from trees with high sugar percentages have been raised in greenhouses, and will soon be transferred to forest areas.

We Thank You
For your co-operation during the coal crisis the past winter.
Looking ahead, we realize that there is little hope for improvement in the production and delivery of coal.
This season all kinds of coal come under the regulations.
We urge you to file your Consumer Declaration promptly—we cannot make delivery without them.
We sincerely regret conditions have made these regulations necessary.
However, We are pledged to serve you to the best of our ability, and trust you will understand and appreciate the position in which we have been placed.

THRIFTY!

ONE-A-DAY
Vitamin A and D Tablets
EACH tablet contains 25% more than minimum daily requirements of these two essential Vitamins. Insufficient Vitamin A may cause night blindness, may lessen resistance to infection of the nose, throat, eyes, ears and sinuses.
Vitamin D is necessary to enable the body to make use of the calcium and phosphorus in our food.
Insure your minimum requirements of these two important Vitamins, by taking a ONE-A-DAY Vitamin A and D Tablet every day.
Economical—50¢ - or less - per month.
Convenient—you take only one tablet a day.
Pleasant—children actually like the taste—and so will you.
IMPORTANT—when buying Vitamins, compare potencies and prices.
Get them at your drug store.
