Mr. and Mrs. Edward Tarbutton of Texas and Mrs. Mary Tarbutton of Crumpton were Sunday visitors of Mr. and Mrs. McCosh Wells.

**Line Silos**

Farmers line old silos with exterior type (waterproof) plywood because the thin sheets can be easily moulded to fit the silo and a smooth inner surface results.

Herbert E. Perkins, Attorney

## Ratification Nisi–

IN RE: Elena F. Wood
Non Compos Mentis
IN THE CIRCUIT COURT FOR KENT COUNTY
In Equity, No. 3090

ORDERED, this 27th day of September, 1945 by the Circuit Court for Kent County, in Equity, that the Auditor's Account and Report, stated and reported by Herbert E. Perkins, Auditor, in the above entitled cause, be Ratified and Confirmed, unless cause to the contrary thereof be shown within three weeks from the date of the first publication of said notice, viz: October 19th 1945. PROVIDED, a copy of this Order be inserted in some newspaper printed and published in Kent County, once in each of two successive weeks before the 6th day of October next.

True Copy:
ROBERT A. SHALLCROSS, Clerk.
Test
ROBERT A. SHALLCROSS, Clerk.

THRIFTY!

ONE-A-DAY
Vitamin A and D Tablets

EACH tablet contains 25% more than minimum daily requirements of these two essential Vitamins. Insufficient Vitamin A may cause night blindness, may lessen resistance to infection of the nose, throat, eyes, ears and sinuses.

Vitamin D is necessary to enable the body to make use of the calcium and phosphorus in our food.

Insure your minimum requirements of these two important Vitamins, by taking a ONE-A-DAY Vitamin A and D Tablet every day.

Economical—50¢ - or less - per month.
Convenient—you take only one tablet a day.
Pleasant—children actually like the taste—and so will you.

IMPORTANT—when buying Vitamins, compare potencies and prices.

Get them at your drug store.

# BETTERTON

The W.S.C.S. of Betterton will meet next Tuesday evening Oct. 16th at 8:00 at the home of Mr. and Mrs. George Jewell, "Fair Promise Farm."

Still Pond Church is holding their Annual Harvest Home Service October 21. Our guest preacher will be District Superintendent Dr. W. L. Crowding of the Harrisburg, Pa. area, as our guest preacher, Linwood is one of our home town boys and we feel honored having him with us on this occasion. Special music, under the leadership of Mrs. Norman Hopkins.

Miss Louisa Travers has returned home after being in the Delaware Hospital, Wilmington, for a minor operation. We are glad having Miss Louisa home with us again.

Mr. and Mrs. Howard Atwell of Florida, and girls, Barbara and Ruth, were Friday guests of Mr. and Mrs. Thomas Rouse and other home folks.

**Squirrel Nests**

The natural homes of squirrels are nests in hollow trees and leaf and twig nests in the branches of trees, the higher up the better. The hollow tree nests are preferred for winter and for the raising of young.

**Pearl Wear**

Pearls can be worn in any number of novel ways: twisted into a braid to form a coronet, fastened with clips on a high turban; twisted around your wrist like a bracelet; clipped across your bodice; as a choker of four or five strands.

**Match Manufacturing**

Although about 100 ingredients are used in the manufacture of matches and their heads and the wood for the splints must be cured for nearly two years, modern methods developed in the United States have reduced production costs so that despite higher cost of materials and labor the match still retails at the same prices as 35 years ago.

We Thank You

For your co-operation during the coal crisis the past winter.

Looking ahead, we realize that there is little hope for improvement in the production and delivery of coal.

This season all kinds of coal come under the regulations.

We urge you to file your Consumer Declaration promptly—we cannot make delivery without them.

We sincerely regret conditions have made these regulations necessary.

However, We are pledged to serve you to the best of our ability, and trust you will understand and appreciate the position in which we have been placed.

THE Conde MILKER

A REAL MILKING UNIT

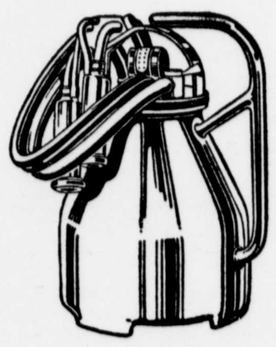

Modern in design. Durable in construction. Easy to operate Requires minimum care. A real time and labor saver in any dairy.

DRY PIPE LINE

Low count milk is assured. Milk vapor and moisture remain in the milk pail.

THE ONLY MACHINE USING FILTERED AIR

Keeps pulsator parts and air line free from dust and dirt.

BALANCED PAIL WITH RIGID HANDLE

Never have you used a milker so convenient. The pail is broad on the bottom to eliminate tipping. The rigid handle extends to the topmost part of the unit where it is handy for the operator to grasp with or without cover. The pail can be easily emptied with one hand.
