Avoid Stickiness

Before melting chocolate in a dish over hot water, rub inside of dish with melted butter or olive oil to prevent sticking. Measuring cups may be greased in the same manner before measuring molasses or syrup.

Tarragon Vinegar

Tarragon vinegar is a favorite in dressing summer salads. The dark green leaves of tarragon are used for seasoning the vinegar. They are used both fresh and dried. This herb needs a little covering of litter and leaves for winter protection.

Combustible Hay

Experienced farmers know that hay, if incompletely cured at time of storage—meaning that it has a moisture content of 25 to 30 per cent — is subject to spontaneous combustion.

Pressing Cloth

Tack a neat pocket on the back of your ironing board and place a folded pressing cloth in it. Then you won't have to hunt for one when pressing heavy garments.

Increases Vitamin C

Scientists at Cornell university have discovered that the vitamin C in a tomato depends upon the amount of light it has had during the growing process. Those grown in partial shade are not as rich in vitamin content as those grown in full sunlight.

When Your Back Hurts -
And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.
