And what has been the topic of the week, in conclusion, we ask? The weather, yes! This week, not as mere conversation, not to gulf the awkward pause, but this week, for its rightful ownership in acquiring first place in its true glory. To October, Longfellow wrote:

"My ornaments are fruts; my garments leaves,
Woven like cloth of gold, and crimson dyed;
I do not boast the harvesting of sheaves,
O'er orchards and o'er vineyards I preside."

CHILDREN'S AID HONOR PARENTS AT DINNER

A dinner for the foster parents, who so affectionately and capably care for the foster children in their homes year after year, was given by the Board of the Maryland Childrens' Aid, Kent County Branch on October ninth.

Through the kindness of the Emmanuel Episcopal Church, the party was held in their parish house. The delicious food, brought by members of the Board, the lovely flower decorations, and piano entertainment by Mr. Charles Kingsley combined to make everyone there enjoy the eveing thoroughly.

The high light of the evening was a most interesting talk on Child Psychology by Dr. Livingood, Dean of Washington College. He took as his theme the four fundamental desires of every child: to be, to belong, to create and to have.

All the children under care of the Childrens' Aid have had thorough physical examinations before starting the school year. This was done without charge by Dr. Whitsitt and the staff of the Kent County Health Association, who have always been most cooperative and helpful to the Childrens' Aid and whose effecient and generous services are greatly appreciated.

GALENA HIGH SCHOOL

The P. T. A. held its regular monthly meeting on Thursday, October the 4. The program consisted of a group of freshmen demonstrating a good oral conversation and a group of juniors and seniors showing copies of and giving brief sketches about the leading magazines of our country. After the program the business meeting was held. The P. T. A. discussed whether to include the High School in the hot lunch program. The students are to be asked if they are in favor of this program and the parents if they will assist in helping to serve. A Card and Bingo Party will be held on November 15th at the Galena Fire House. Two new members, Mrs. B. Painter and Mrs. R. Woodall, attended the meeting.

Our school has acquired new soccer balls, soft balls, and soft ball hats. Our Athletic Association pays for half of the cost of our athletic equipment and this year the Kent County Board of Education is paying the other half.

The State-Wide Teachers Association is meeting on October the 26 at Baltimore. The Galena school teachers are expecting to attend the meeting if arrangements can be made.

We observed Fire Prevention Week by discussion on ways of how to prevent fire. Those in the eighth grade and new pupils were taught how to use the fire escape chute.

Gilbert Wharton, a graduate of '43 is now in the Navy serving Uncle Sam. Gilbert, who is studying radar under the Eddy system, is at the Great Lakes Training Station. Only 4 out of every 100 are able to pass examinations and take this course.

Margaret Bingnear has been appointed chairman of the sale of War Bonds and Stamps in this school. Even though the war is over there is still a great need to purchase victory bonds and stamps. Here are five reasons why we must make victory loans (1) to pay the cost of guarding Germany and Japan. (2) to pay the bills for munitions and materials already delivered and used (3) to pay for the care of our wounded and disabled (4) to pay off and provide benefits for 8 million or more veterans to be discharged by next July (5) to keep the lid on price inflation. The schools of America have been asked to finance 35,000 hospital units by Christmas of this year. The school savings since Pearl Harbor amount to $1,767,000,000. Since September over 19,814 pieces of war equipment have been sent into battle carrying school sponsorship panels. The war is over—but that's not the whole story. Let's finish the job!

Those pupils who have made an average of A or B for the month of September are as follows:

Freshmen—Betty Ann Jarvis.

Sophomores—Audrey Fogwell.

Juniors — Margaret Bingnear, Frances Churay, Mildred Cole, Rita Donahoe, Clara Virgina Jarvis, Hester Miller, and Helen Starkey.

Seniors—Austin Davis, Theresa Donahoe, Rebecca Miller, Evva Newnam, and Julia Wharton.

Of the fourteen pupils in the Latin Class I, eleven made an A or B on their September reports.

The editors of the school notes in the next few weeks will ask the members of each class important questions that we never hear answered during class periods. The following questions are addressed to the seniors:

"Evva, why is Turner taking an agricultural course?"

"Is Becky trying to get Sammy out of his bashfulness?"

"Why does Thomas go to Millington so often?"

"Corrine, is Bunk still driving the milk truck?"

"Julia, how are Joyce and Teddy making out?"

"Pasty, how is Schauber's dairy coming along?"

"What was wrong with Francis when he rang the school bell for the ten minute bell?"

"Theresa, have you seen Daniel lately?"

"Elsie, how's Clifton?"

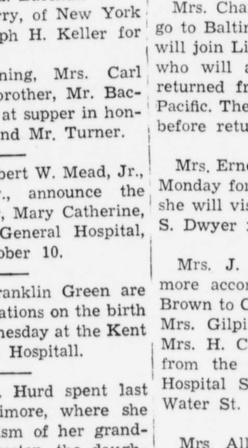

"Why was Austin in such a hurry to eat his lunch the other day?"

"Roeder, are your shoes too big?"
