FRIDAY, OCTOBER 26, 1945

The Chestertown Business Men's Association, The Rotary Club and The Lion's Club have appointed committees whose job is to secure a new road to the Kent and Queen Anne's Hospital. To our recollection this vital and not too large project has been a subject of discussion for a number of years but still the entrance to the hospital is a one way, bumpy lane and a disgrace to the community. The hospital represents a community investment of more than $60,000 and although a wide right-of-way is owned by the institution, the matter of the construction of a good roadway, adequate for both winter and summer, drags on and on. The project should be properly brought to the attention of both the town and county authorities without delay, as it is a matter of public interest and public use. This is the post-war that has been thought of and dreamed of for the past four years. It must be a period of action and the communities that see ahead and act, are the ones that are going to progress with the many new ideas that have been developed during the trying years of war.

4-H CLUB NEWS

The end of this week will provide a big day for those of us who are planning to attend 4-H Club Day at College Park. Those of you who went last year will know what to look for—for some it will be an entirely new experience. We'll meet you Saturday morning at 7:30 in front of the Postoffice for a day of fun and inspiration.

Massey

At the home of Margaret Quinn on Thursday evening, October 11, the regular meeting of the Massey Girls' 4-H Club was held. New members welcomed to our club at this meeting were Maxine and Molly Moffett. These girls, 12 and 11 years of age, both plan to make up projects in agriculture and home economics. Projects to be taken up by other members are food preparation, food preservation, clothing and home furnishing. A project to be considered at future meetings is the learning of 4-H and novelty songs which many members know little of.

In the absence of President Rita Donahoe, vice-president, Hazel Newnam appointed the following committee to plan a 4-H service for presentation on National 4-H Sunday, November 4, at Sassafras Rehobeth Church: Theresa Donahoe, Betty Shorts, Rita Donahoe, and Julia Wharton.

Members of this club who definitely plan to attend State Achievement Day at College Park, October 27, are Maxine Moffett, Margaret Quinn, Hazel Newnam, and Julia Wharton.

The club's next meeting will be conducted at the home of Maxine and Molly Moffett on the second Friday evening in November. This is due to a revision of the club's sonstitution which provided for meetings to be held on the second Thursday of each month.

Julia Wharton, Reporter

Kennedyville

A Hallowe'en party was held on Monday, October 15, at 8 o'clock by the Kennedyville 4-H Club. Prizes were awarded to the girl and boy who looked most like a hobo. These prizes were won by Dorothy Groves and Billy Wessel.

Games and other recreation took the place of the regular business meeting. A short meeting was held in which Mr. Stanley Sutton told about the 4-H day that will take place on October 27 at College Park.

The program for 4-H Sunday on November 4 is to be made up during the last week of October by a committee. It is composed of Betty Spencer, Dorothy Groves, Dean Spencer, Delia Ann White, Ronald Coleman, Rankin Lusby, and Raymond Unruh.

St. James

The St. James Boys' 4-H Club met at the home of Jimmy and Charles Kay on October 12th. We had four new members, making seventeen members altogether. We also received our War time Project Record Books.

One of our members, Hyland Haas, attended a 4-H camp this past summer and gave a short talk about this trip.

V. EURIA BROWN

vs.

ERNEST BROWN

IN THE CIRCUIT COURT FOR KENT COUNTY

In Equity No. 3479

The Object of the Bill filed in the above entitled case is to procure a decree for divorce a vinculo matrimonii for the Plaintiff, a resident of Kent County, State of Maryland, from the Defendant, a resident of Detroit, Michigan.

The Bill states:

(1) That she was married to the Defendant, Ernest Brown, on the 31st day of December, 1941, by a duly ordained Minister of the Gospel in St. Louis, State of Missouri.

(2) That no children were born as result of said marriage.

(3) That notwithstanding the conduct of your Oratrix has always been that of a kind, affectionate and chaste wife towards her husband, the said Defendant; nevertheless, he, the Defendant, without any just cause or reason, on or about the 10th day of March, 1942, did abandon and desert her; that said desertion has continued uninterruptedly since the 10th day of March, 1942, was the deliberate and final act of said Defendant and the separation of the parties is beyond any reasonable hope or expectation of a reconciliation.

(4) That your Oratrix has been a resident of Kent County, State of Maryland, for more than one year last past.

(5) That the Defendant is a non-resident of the State of Maryland, residing at

2003 East Fort Street

Detroit 7, Michigan

% Mrs. Mercie Woods

It is thereupon this 24th day of October, 1945, ORDERED by the Circuit Court for Kent County, in Equity, that the Plaintiff by causing a copy of this Order to be inserted in some newspaper published in said Kent County, once in each of four (4) successive weeks before the 17th day of November, 1945, next, give notice to the said Ernest Brown, non-resident Defendant, warning him to appear in this Court in person, or by Solicitor, on or before the 3d day of December, next, to show cause, if any he has, why a Decree ought not to be passed as prayed.

Postwar Agriculture Demands

THE RIGHT TRACTOR FOR THE PARTICULAR JOB

THE proverbial Jack-of-all-trades was master of none. The modern world of science and technology passed him by.

The same principle applies to farm tractors. The tractor that does a wide variety of jobs unsatisfactorily can't possibly produce the greatest results at the least cost in any job.

But that's what the farmer—particularly the small operator—has got to do to meet postwar competition: he's got to *produce the most food possible with the least effort and, consequently, at the lowest cost.*

The farmer with 10 acres in truck crops needs one kind of tractor. The farmer with 100 acres in wheat alone needs another kind—or, as is usually the case, two or more different tractors. The tractor which does a good job on the Great Plains may be useless in the rice territory. And so it goes.

Conditions of climate, the lay of the land, and the character of soils in the different parts of this vast country, together with wide variations in the nature of crops and the size of operations, combine to produce wide differences in the requirements for tractors. Harvester's policy is to meet *all* these requirements.

That is why Harvester's postwar line includes a great variety of Farmalls and other specialized tractors and attachments rather than a single tractor with a single system of tools. Every tractor in the line was developed after scientific research and testing under actual operating conditions showed the specifications needed for *efficiency* and *economy.*

Every *Harvester-built* tractor is the *right* machine for its *particular* job.

Shorgas in your home

Saves you TIME, WORK, MONEY

YOU'LL get as big a thrill from your all-Shorgas home as you did when you first started housekeeping on a shoe string. Like magic, gas cuts down the time and work of housekeeping, makes your kitchen a modern, clean and brightly cheerful room that you'll show proudly to your friends.

Three-Way Gas Service In Your Home

There's nothing like Shorgas for fast, clean, modern cooking. Gas is ready for instant use, gives any cooking speed you want and is perfect for baking, roasting and broiling. A gas refrigerator not only provides perfect food protection and all the ice you need, but because it has no moving parts, it is silent and operates longer at low cost. And an automatic gas water heater brings you gallons of hot water at the flick of a faucet.

Why SHORGAS is Best

At surprisingly low cost Shorgas gives all the benefits of a city gas system right in your home, wherever you are. A simple tank with a standard meter is installed outside your house. Each month a Shorgas tank truck comes to read your meter and fill up the tank. You pay only for the amount you use monthly, nothing in advance. And you get FREE Shorgas service.

Plan your kitchen of tomorrow by seeing your local appliance dealer now. Find out how you can get gas equipment and metered Shorgas service.

Send for FREE booklet explaining the Shorgas system. Address postcard to Shorgas, Snow Hill, Maryland.
