Urges Pneumonia Immunization

Dr. A. F. Whitsitt announced today that now is the time to go to your family physician for pneumonia immunization since it takes several weeks for immunity to develop after getting the "shot".

There are more cases and deaths from pneumonia during the months of December, January and February than all other months combined.

This immunization is against types 1, 2 and 3 pneumococci, which causes most lobar pneumonia, and since the immunization is against the above pneumococci, the vaccine is equally effective against those upper respiratory infections that become very severe that are due to the secondary invasion by the pneumonia organism.

Dr. Whitsitt advised that especially the over 50 year old group, and also the group that have severe colds each winter should get this immunization, as a high percentage are due to the pneumonia organism. It is not an immunization against the common cold which lasts only two to three days, nor is it against the streptococcia diseases or the influenza virus.

LYNCH

Mrs. Robert L. Usilton spent last Friday in Wilmington.

Mr. Frank Hepbron was a visitor to his home last week for several days.

Mr. and Mrs. R. W. Stavely were guests in Wilmington during the week-end of Mr. and Mrs. Al Stirleth and Mr. and Mrs. Herb Swan. Mrs. George Ewing and small daughter, Judy, returned with them for a visit of sometime.

Mr. and Mrs. Edwin Cole are receiving congratulations upon the birth of a seven pound, eight ounce baby girl at the local hospital, on November 13.

Mrs. S. S. Price is a patient at the Palmatory Nursing Home in Millington.

New Low Shorgas Rates Now In Effect

Lower rates, now in effect, mean that the average Shorgas customer will receive the equivalent of two months' free service during the next year. Good Shorgas service is now lower than ever.

EASTERN SHORE GAS CORPORATION
Plants at
Snow Hill, Pocomoke City, Chincoteague, Ocean City, Berlin, Easton, Chestertown, Crisfield, Dover. Shorgas Service anywhere on the Eastern Shore.

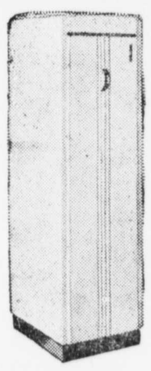

YOU'LL agree, once you've modernized your kitchen with Shorgas, that it is really magic the way gas changes your kitchen into a clean, modern, convenient place in which to work, saves time and labor, too. Even though you may live miles from city mains, you, too, can have the advantages of gas for cooking, refrigeration and water heating.

SHORGAS
is Quick, Clean, Economical

Instantly hot, the burner on your Shorgas range can be turned to any degree of heat for perfect cooking results. A modern gas range is so easy to keep clean, does away with smoky walls, dirty curtains and blackened cooking utensils. A gas refrigerator not only gives perfect food protection and quantities of ice cubes, but because it has no moving parts to wear out, it gives the maximum in low cost, long service refrigeration. And for a fraction of a cent per gallon, an automatic gas water heater brings you hot water instantly, whenever you want it.

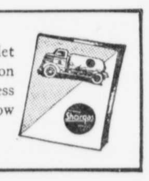

Advantages of SHORGAS

1. A small, *permanent* Shorgas tank with a meter is installed outside your house.
2. Each month the Shorgas man reads the meter, refills the tank and charges you only for the gas used.
3. You pay *after* you have used the gas, not before.
4. A fleet of Shorgas trucks assures you of ever-ready FREE service.

Modern Shorgas Automatic Water Heater

Send for FREE booklet and get full information about Shorgas. Address postcard to Shorgas, Snow Hill, Maryland.
