MARYLAND'S FARM FRONT WEEKLY REPORT

Organize USDA State Council

A peacetime organization aimed to co-ordinate the work of all federal and state agricultural agencies in Maryland was set up December 1, 1945 under the name of the Maryland USDA Council, to replace the USDA War Board which has functioned during recent years. Joseph H. Blandford, State PMA Director, was elected Chairman, and Dr. W. B. Kemp, Director of the Maryland Agricultural Experiment Station, was elected Secretary.

The first problem the new Council will tackle will be the prospective production goals for Maryland Agriculture in 1946. The only goals set to date have been for hogs and potatoes. Membership in the Council includes the PMA, University of Maryland Extension Service and Experiment Station, Farm Security Administration, Soil Conservation Service, Forest Service, Farm Credit Administration, and others.

Insure 106,613 Acres of Wheat

Maryland farmers who earlier took out wheat crop insurance on 5,041 farms have now turned in figures on the total acreage of wheat sown this fall on these farms. In all, some cash return from the wheat on 106,613 acres is insured, in event weather or other hazards ruin or damage the grain. The crop to be harvested in the summer of 1946 is the first to be insured under a three-year program now in effect.

Lower Wool Price

Selling price of government owned wool of the past three years has been reduced by an average of 7 cents a pound, as an incentive to manufacturers to buy domestic wool. The Commodity Credit Corporation now owns about 421 million pounds of wool which are offered at the lower price. Consumption of domestic wool has fallen off sharply in recent months with the termination of military procurement.

A PEDDLER OF DREAMS
By Mrs. Clyde Robe Meredith

I am just a peddler of dreams,
In my pack I carry no schemes.
I have naught that will hurt or harm
I have much that ever will charm.

I have Midas' sure touch, I think.
But at his gold I never wink.
I have songs that the muses sing.
I have good-will that love can bring.

I carry only joy and peace
With the hopes that wars soon will cease:
I have good books: good books galore
Books you never heard of before.

Ah, me! How I love to share them!
There's a beautiful diadem
Circling round about every one . . .
Beauty, radiating from the sun.

Here in my peddler's pack are dreams
Wrought of many beautiful themes:
Born out of the faith, through the years,
Of harassed ones, wrestling in tears.

Men, gazing through curtains of mist,
Lifting high the cross they have kisses,
Self-conquered, they can conquer all
In faith walking, never to fall.

Just a peddler of dreams am I,
Earth forgot, eyes gazing on high:
Come, share my pack of dreams with me,
The world's sorrows share, comforted be!

3 SIMPLE STEPS To RELIEVE That Dull, Ache-All-Over Feeling of a COLD

Alka-Seltzer

A B C METHOD

A—Alka-Seltzer, start taking it at once to relieve the Dull, Aching Head, and the Stiff, Sore Muscles.

B—Be careful, avoid drafts and sudden changes in temperature. Rest — preferably in bed. Keep warm, eat sensibly, drink plenty of water or fruit juices. Be sure to get enough Vitamins.

C—Comfort your Sore, Raspy Throat, if caused by the cold, by gargling with Alka-Seltzer. If fever develops, or symptoms become more acute call your doctor.

ALKA-SELTZER is a pain relieving, alkalizing tablet, pleasant to take and unusually effective in action.

Take it for Headache, Muscular Pains and for Indigestion, Gas on Stomach, when caused by excess stomach acid.

At your drug store—Large package 60¢, Small package 30¢, by the glass at soda fountains.

Balanced Dessert Is Complete Meal

Rice may be combined with a number of fine flavored ingredients to prepare energy yielding desserts for the light dinner or a luncheon. Honey Rice and Date pudding is a typical example of a delicious dessert which is really a meal in itself.

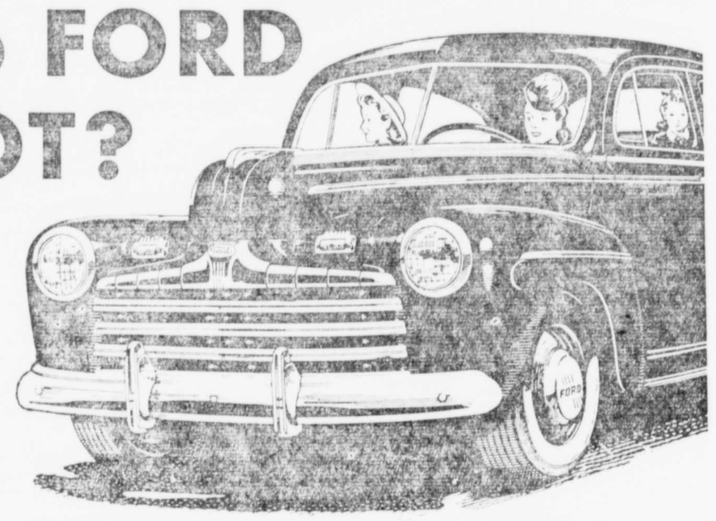

HONEY, RICE AND DATE PUDDING

2 cups cooked rice
2 eggs beaten light
½ cup honey
½ cup chopped dates
1 cup milk

Mix beaten eggs and milk. Make alternate layers of rice and dates in a baking dish. Pour a little honey over each layer. Repeat procedure until all rice and fruit is used. Pour beaten eggs and milk over this mixture. Bake in a moderate (350 F.) oven for 45 minutes.

Instead of greasing cake pans, try using greased wax paper on the sides and bottom. You will find there is no chance of having your cake stick.

PROTECT YOUR RIGHT TO DRIVE A CAR

On January 1, 1946, the new Maryland Motor Vehicle Financial Responsibility Law goes into effect. In brief, the Law provides that the Department of Motor Vehicles must *suspend* the licenses of all operators and the registrations of all owners:

(1) who become involved in an automobile accident resulting in bodily injury or death or in damage to the property of any one person of more than $50 and

(a) who do not have adequate and acceptable Automobile Liability Insurance or who cannot furnish *security* (up to $11,000) to cover claims which may result from such accident; or

(b) who fail to satisfy (within 30 days and within the requirements of the Law) a final judgment arising out of such accident.

PURPOSE OF LAW

The purpose of this new Law is to protect the public from the financially irresponsible driver by restricting the ownership and operation of automobiles to those drivers who are financially able to pay for bodily injuries, death or property damage which they may cause.

BEST WAY TO MEET REQUIREMENTS

The easiest and simplest way to meet the requirements of this new Law is to buy an acceptable Automobile Liability Insurance policy, with adequate limits, before an accident occurs.

BE WISE! ÆTNA-IZE!

Backed by a strong "time tested" company which has agents from coast to coast, ready to give you service whenever needed, an Ætna Automobile Liability Insurance policy protects your right to drive not only in Maryland but in every other State and Canadian Province.
