The Social Wanderer

Dear Roamer

Rolls 'round once more another of these weeks in January, when the after Christmas let-down is so prevalent. These are the weeks when the writer of a social column would prefer any other topic, but "the show must go on."

A birthday celebration was held at the Crew Nursing Home on Wednesday evening when one of Miss Crew's guests, Miss Mary Ella Melvin, celebrated her 92nd birthday. Miss Melvin is of a well known family, who for many years lived in the Morgnec section of the county.

Another of our younger members of society who celebrated her birthday on Wednesday was Mrs. Joseph Archbell, who received 80 years of congratulations.

At the home of Mrs. Olin Pippin, in Centreville, Tuesday evening, friends and relatives joined Mr. and Mrs. Sudler Baxter of Chestertown, at a dinner in honor of their 50th wedding anniversary. As Sunday was Mr. Baxter's birthday, the celebration was a double occasion.

Mr. and Mrs. Baxter have two daughters, Mrs. Pippin and Miss Madeline Baxter.

An engagement of interest announced this week by Mr. and Mrs. Ralph W. Collins who live near Still Pond was that of Mr. Collins' daughter, Mrs. Elizabeth Collins Exton, to Mr. Frederick Charles Huber, son of Mr. and Mrs. Frederick G. Huber, of Dongan Hills, S. I.

The prospective bride is the widow of Lieut. Robert N. Exton, AUS, who was killed in action on Guadalcanal. He had won the Distinguished Service Cross. Mr. Huber went to the Gilman School and Haverford College. Recently released from active duty, he served as a captain in the AUS in the Pacific for three years with the 627th Tank Destroyer Battalion.

Mrs. Philip G. Wilmer entertained at dessert bridge on Monday evening at her home on Water St.

Mr. and Mrs. Frank Hines, Jr., who are making their home in Richmond, Va., will come on Sunday to visit Dr. and Mrs. Frank Hines for a few days.

Mrs. John Eliason has received a telephone call from her husband who was at Fort Meade, stating that he expects to arrive in Chestertown to-day, Friday.

Sgt. Don T. Falls, Jr., has returned to Chestertown after 30 months in the Pacific area, having received his discharge from Ft. Meade last week.

Mrs. R. Clarke Davis is a guest of her sister-in-law in Philadelphia.

Mark and Billy Dill, of New Bern, N. C., arrived yesterday to visit Mr. and Mrs. W. J. Stenger.

Cpl. T. Kemp Bordley and Mrs. Bordley are receiving congratulations on the birth of a son born at the Kent and Queen Anne's Hospital on Friday. Cpl. Bordley has received his discharge from the service.

Among those who attended the opera "Carmen" last Friday were Mrs. W. J. Stenger, Miss Lottie Peacock, Miss Margaret Quinn, Miss Martha Riches and Mr. Robert Fleetwood.

Mr. and Mrs. Hugh Lynn Cayce and son, Tommy, of Virginia Beach, Va., and Mr. and Mrs. Vaughn Shelton of Pittsburgh, Pa., were guests last week of Mr. and Mrs. William B. Usilton, III. Mr. Cayce is the son of the late Edgar Cayce, known as the Seer of Virginia Beach, and about whom much has been written.

Mr. and Mrs. J. B. Whitworth are planning a trip to Florida at the end of this month, where they expect to remain for six weeks.

Mr. and Mrs. Charles Dole are guests of Mrs. George Keester.

"Welcome Home," the theme of the day, and with the prevailing sickness "Hope you're better" running a close second, we'll close with—

Yours, for a bright morrow,

The Wanderer

ABE CHAMBERS

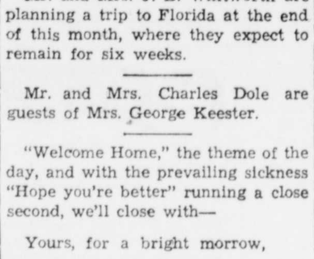

Abe Chambers, highly respected colored citizen of Chestertown, died Tuesday morning at his home on Cannon St. For many years, he was the janitor for the First National Bank and a group of offices on Court St. He was in the employ of the Dodd family for years.

Funeral services will be held Friday at 2 o'clock from the Bethel A. M. E. Church.

Usilton and Wells are in charge of funeral arrangements.

Unmarried Soldiers

There are no war widows of the Nayar soldiers of India because these men are not allowed to marry. Nayar women are ritually married to any man who happens to be home on leave.

BOWLING NEWS

U. S. Royal Loses Three Games To Todd's

In the National League last Friday night at Johnnies Bowling Alleys Todd's team defeated the league leading U. S. Royal three games to pull up in a second place tie with Rock Hall and cut the Royal leading team's margin down to three points. With Rock Hall and Todd's both having a postponed match to play, gives these two teams an opportunity to come into a tie for first place.

Standing of League

Team	W.	L.	Pts.
U. S. Royal	8	4	11
Rock Hall	6	3	8
Todd's	6	3	8
Bower's	6	9	7
Post Office	4	5	5
Fairlee	3	6	5

January 24 schedule: Quints vs. Kitty's and Lynch vs. Doves.

"Hunger"—The American consumer who sometimes finds it hard to imagine the meaning of that word, may be interested in learning the reason why the production of coal in North China has nearly doubled the past month. This is directly due to the arrival of flour for distribution by UNRRA. Promise of payment in the much needed white flour attracted many of the workers back to the coal mines. These mines supply coal for many of China's commercial and industrial centers.

Refrigerator Door

Keep the rubber sealing strip around the refrigerator door clean, see that it fits tightly. Avoid touching it with your hands, as perspiration or grease deteriorates the material.

Dangerous Compounds

Although chemicals such as glycerin, nitric acid, sulphur, and potassium chlorate are relatively harmless by themselves, combinations of some of these chemicals are particularly dangerous and can result in an explosion which may cause loss of eyesight, serious burns or even loss of life.

W. C. Professor To Address Woman's Club

Dr. Earle LeBaron, head of the Political Science department of Washington College, will speak before the Women's Club of Denton, Friday, January 18. His subject will be "Is the American Dream Ended?"

Dr. LeBaron was associate professor of Political Science, Medieval History, Church History, and Comparative Religion for four years at the University of Rome, Italy. He was personally acquainted with Mussolini, and often talked with the Duce when the latter visited the University. Dr. LeBaron was also acquainted with President Benes of Czechoslovakia, and with Leon Blum, former French premier, as well as the late great Marshall Pilsudski, dictator of Poland during the 1920's.

Count Carlo Sforza, premier of Italy before the Fascist dictatorship, was Dean of the Political Science department of the University of Rome while Dr. LeBaron was an associate professor in his department. Dr. LeBaron also taught under Dr. Benedetto Croce, famous Italian philosopher, and Dr. Guiglielmo Ferrero, world famous historian. All these men suffered persecution and exile during the Fascist regime.

Dr. LeBaron is the author of "Religious Prophets Through the Ages", a book on the influence of economic determination in the rise of the great world religions, especially Judaism and Christianity. He is now at work on another book to be entitled "Fascism and the Churches."

During the first World War Dr. LeBaron was a pilot in the American Air Force in France and Italy, and was present at the great Caporetto defeat of the Italian armies which inspired Hemingway's "Farewell to Arms."

Deep Rooted Plants Aid Soil

Plants that root deep, including trees and some grasses, are important agents in enriching the surface soil, the department of agriculture has found. The deep-ranging roots draw from the deeper layers of the soil the various plant nutrients, particularly minerals. When the plant dies and decays these are returned to the soil, but are concentrated in the top layers where shallow-rooting plants can draw on them.

BUBBLES SEZ—

• The first thing a sweater girl learns is that woolens thrive on soap and water. But with soap so scarce, we must keep turning in USED FATS to help make it! Remember, where there's fat, there's soap. So keep on saving—help make more soap!

Quiz For Marylanders

THINGS YOU MAY NOT HAVE KNOWN TILL NOW

By QUENTIN HOWE

Answer to Question 1:

According to a survey, the average Marylander who attends the races is a man or woman 35 years old, a church member with an upper-middle class income. He or she goes to the races on the average of once a year. Maryland's racing patron prefers high class racing to cheap racing, enjoys distance racing more than sprints. Marylanders enjoy an occasional holiday watching good horses run. If they went only to gamble, they would go not just once a year and they would not show a preference for the finest racing. Truth is, they like high class racing simply because "it's fun."

Answer to Question 2:

How much hospitalization can you buy for one million dollars a year? That's what Maryland's four Racing Associations contribute each year to your taxes that support Maryland's State Hospitals. Maryland racing is doing its share by contributing money you would otherwise have to pay through official taxes.

Answer to Question 3:

It is important to Maryland tax payers that Maryland hold its place in racing against other states. Today Maryland is in competition with New Hampshire, Massachusetts, Rhode Island, New York, New Jersey, Delaware, West Virginia and Florida. It is important horsemen favor Maryland tracks if Maryland is to attract the best horses. In a recent survey, horsemen said Pimlico was their favorite Maryland track. Their reason: good purses and a stake race every day. Quality racing is the best racing for Maryland. (6)

THE OLD JUDGE SAYS...

DICK: "I wonder how the distillers feel about that new movie built around an alcoholic."

OLD JUDGE: "It's funny you asked that, Dick... I was just reading a piece about it."

DICK: "What did it say?"

OLD JUDGE: "A very sensible statement. It said the beverage distillers are fully aware of this problem and are cooperating in every way possible to help solve it. The alcoholic is to the beverage distilling industry what the reckless driver is to the automobile industry. There is nothing wrong with the automobile, but in the hands of a man who doesn't know how to drive it or is reckless, it becomes a menace. Likewise, it's not the use but the abuse of alcoholic beverages that causes trouble."

DICK: "Wonder why it is most men can drink moderately and others can't?"

OLD JUDGE: "Intensive research at a great university has shown that most excessive drinkers are really sick people. They are suffering from some physical, social or emotional upset. And great strides have been made in developing clinical methods of helping these unfortunate people."
