NO UPSETS

The proper treatment
 for a bilious child

ANY mother knows the reason
 when her child stops playing, eats
 little, is hard to manage, Constipation.
 But what a pity so few know the
 sensible way to set things right!

The ordinary laxatives, of even
 ordinary strength, destroy all hopes
 of restoring regularity.
 A liquid laxative is the answer,
 mothers. The answer to all your
 worries over constipation. A liquid
 can be measured. The dose can be
 exactly suited to any age or need.
 Just reduce the dose each time, until
 the bowels are moving of their own
 accord and need no help.

This treatment will succeed with
 any child and with any adult.
 Doctors use a liquid laxative.
 Hospitals use the liquid form. If it
 is best for their use, it is best for
 home use. The liquid laxative they
 generally use is Dr. Caldwell's Syrup
 Pepsin. Any druggist has it.
