THE UNIFORM PROTEST by the merchants and business men of the State against the continuance of the Gross Receipts Tax will no doubt have its effect at the coming special session of the Maryland Legislature. This particularly throws the tax burden for relief in the State on one class and the protest deserves every consideration. It is generally the purpose of Legislators to place a tax where the public pays not knowing it, but if the tax is thrown directly on each individual in a way that they must knowingly go down in their pockets to pay it, there will be less taxation.

FROM ALL APPEARANCES the proposed Chesapeake Bay Bridge is a dead issue as all hopes that Federal funds might be secured for its construction were blasted this week at a meeting in Washington when it was revealed that those funds are exhausted. With millions of funds from the P. W. A. being allotted to all parts of the country for worthwhile projects and with P. W. A. officials interested in the bay bridge the fact comes out that formal application for funds was never made by the Bridge Authority. Why this application was not made for the expenditure of \$10,000,000 in Maryland for a worthwhile project leads us to believe that the authority was not interested in the bridge or that instructions to lay off were handed down by higher State authorities. Governor Nice appointed the authority and it is natural to believe that their action could have been governed by his wishes.

KENT COUNTY IS still awaiting a detailed statement from the State Roads Commission as to a reported indebtedness to that body of \$200,000. The indebtedness is supposed to be the result of an over-expenditure of road funds in this county. The question naturally arises in the minds of the public as to what right the State Roads Commission had to over expend road funds to that amount and also how they can consider it a county obligation. The fourth-counting statement may answer the question but we seriously doubt it. Threats of discontinuance of road work here by the State until the debt is paid is naturally giving great concern to local officials as to what is the next step to take.

Automobiles kill and injure more than 1,000,000 a year. Just think of it. What is more, it is increasing. For \$27.90 you can get \$5,000 & \$10,000 liability coverage and \$5,000 property damage.

BUT Does your policy pay you if you are injured. Here is a Service that will for only \$1.00 additional you can get the above same coverages AND a personal accident coverage. This covers you. It will pay \$2500.00 if you are killed. \$25.00 per week for 52 weeks if injured, and up to \$37.50 per week if injured, and up to \$37.50 per entering while driving, riding in, operating, entering, leaving, demonstrating, adjusting, cranking a private passenger automobile, or while riding as a passenger in a public passenger automobile, struck or run down by an automobile. If you believe in Liability Insurance on your car, why go without some PERSONAL protection, when for such a small additional cost \$1.00 you can fully insure the car and yourself together.

Act now, tomorrow may be too late. **LET US INSURE YOUR CAR. ASK FOR 3 POINT COMBINATION LIABILITY.** **SHORE INSURANCE SERVICE** SHORE RADIO BUILDING Henry A. Kratzer, Jr., Agent. In case your liability policy does not expire for some time, you need not be without this personal protection. Just give us the date of expiration and we will arrange to cover you until it does. Your promise is good enough with us. You pay just for this protection.
