OFFERS FREE ROAD MAPS

'History and nature have joined in making Maryland one of the most interesting sections of the country,' is the tribute paid this state in a new 1936 road may now being offered to motorists at some 40,000 Gulf gasoline service stations throughout the land. 'A visit to Maryland enriches life.'

Besides charting the state highways and byways, the new map shows the state's principal cities in detail; describes its scenic attractions and principal points of interest to tourists, and promotes safe and sane driving in an illustrated list of 'Do's and Dont's for Drivers.'

With the issuing of the colorful new chart of Maryland, it is interesting to note that Gulf was the first to offer a free road map to the traveler, more than 20 years ago—a somewhat sketchy chart of dirt and macadam pikes in western Pennsylvania. Today, in addition to detailed maps of 33 states, Gulf offers to map out tours for individual motorists to all parts of the United States and Canada, through its Tour guide Bureau, Gulf Building, Pittsburgh, Pa.

W. C. DEBATERS ENJOY RECORD SEASON

WINS 8 STATE COLLEGE DEBATES

Washington College has just closed the most extensive and most successful debating season in her history. The College debaters engaged in twenty-one intercollegiate contests this year, emerging victorious from eight and losing six, while there were no decisions in seven.

The College representatives showed themselves superior to opposition in the state. They debated seven times against colleges in the state and did not lose once. The University of Maryland was beaten twice; Western Maryland, once; Johns Hopkins University, once; and Blue Ridge, once. Western Maryland and Blue Ridge were each met in a no-decision encounter.

Colleges from out of the state, however, offered more opposition. From nine decisions with such colleges, the locals were able to get only three. Washington split even with American University and Haverford, while she received defeats from Alfred and Susquehanna. Susquehanna was the only team to which the locals bowed twice. The judges gave the College representatives the decision over Dickinson. Out of state colleges met without decisions were Allegheny, Bucknell, Franklin and Marshall, and Hamilton.

Eight men, the largest number ever participating, saw active service this year. They are Lawrence Williams, William Doering, Marvin Smith, George Rasin, George Eisentront, Francis Bratton, Benjamin Vandervoort, and Luther Bergdoll. Several other members of the Debate Club show promise for future years.

All of the intercollegiate debates this year on the question, 'Resolved: That Congress should be permitted, by a two-thirds majority vote, to override decisions of the Supreme Court declaring acts of Congress unconstitutonal.'
