

THE TRANSCRIPT

THE EFFORT OF the Hospital Board to raise a mile of pennies is a worthy one in view of the purpose for which the money is to be used, that of furnishing medical aid to children who will otherwise be unable to receive this needed treatment. It will be remembered that this service was one of the many reasons for building the hospital here. The treatment referred to is the removal of tonsils and adenoids which is retarding many underprivileged Kent County school children. The donations may be of any amount which gives every one an opportunity to help. This is the first direct appeal for funds made by the Hospital board.

A FAVORABLE REPORT this week by the House Interstate and Foreign Commerce Committee authorizing the Chesapeake Bay Authority to build the Chesapeake Bay Bridge as a part of the Federal expenditures on other public projects within the past two years but those other projects were pushed by interests who had the energy and influence to put them across. This apparently is very lacking on the part of those who have charge of the bay bridge.

NELSON SPENCER TO FACE AUTO CHARGES

Nelson Spencer, semi-pro base ball player, of Kennedyville, has been served with warrants charging him with hit and run driving and driving under the influence of liquor and a hearing has been set before Magistrate Joseph Davis at Rock Hall, on Thursday, May 21st.

FIRE DAMAGES JARRELL HOME

Fire which started under the back stairway of the home of Mr. W. Frank Jarrell early Tuesday morning damaged the home to the extent of approximately \$500.

Local firemen responded to the call and confined the flames to the back part of the building.

PENALTY

Important Notice to Merchants and Traders

Your attention is called to the provisions of Senate Bill No. 63 passed by the General Assembly of 1929, under which there is imposed on persons who fail to take out licenses in the month of May a penalty of 10 per cent per month on the cost of the license. This is not merely a 10 per cent flat penalty, but 10 per cent per month or fraction of a month.

The Clerk of the Court has no discretion in the matter but will be held accountable to the State for the collection of all penalties.

Licenses are now on hand ready for distribution.

ROBERT A. SHALLCROSS, Clerk Thos. Dixon, Deputy. my9-4t.

State of Maryland Kent County to wit

I hereby certify that on this 9th day of November, 1931, before the subscriber a Notary Public of the State of Maryland, in and for Kent County aforesaid, personally appeared C. Lee Gill and Henry Gill, Co-partners, trading as Gill Brothers and made oath in due form of law that the following is the distinguishing name, mark or device impressed or imprinted upon their milk bottles used in the business conducted by the said partnership of Gill Brothers.

GILL BROS. A CHESTERTOWN, MD.

This designation is done for the purposes provided for in Article 27, section 366 Public General Laws of Maryland, providing for the registration of marks on returnable containers, and making it a criminal offense for anyone to deface, break, destroy or injure such returnable containers or sell or use other than the owner thereof.

As witness my hand and Notarial Seal this 9th day of November, 1931.

C. LEE GILL, (SEAL) HENRY GILL, (SEAL) Charlotte C. Elliott.

Frequently some one will ask, 'just what do you mean by a Chiropractic adjustment?' To many persons a Chiropractic adjustment brings up the picture of rough handling. Others think of the back as such a delicate structure that a little push may distort it.

In order to make perfectly clear just what a Chiropractic adjustment is and does, it is first necessary to say a few things about that back of ours. In the first place it is strong, well protected, accurately shaped and balanced and can support heavy loads as well as severe strains. Like any other mechanical structure, it can be suddenly or accidentally overloaded. Also by being subject to a wrong posture, kept out of equilibrium for sustained periods, will tebral bones.

result in displacement of its vertebrae. The exact position with relation to all the vertebrae of the spinal column must be clearly understood to determine the degree of displacement. When determined and due allowance is made for muscular reaction and other counteracting forces, the hands are placed at the particular point where the least pressure is needed to slip the bone back into normal position. This is neither painful nor unnatural. It is not massage or rubbing which may ease sore or tired muscles. It does make a mechanical change in the vertebral relationship thus removing irritation on spinal nerves.
