## THE TRANSCRIPT

THE QUESTION OF the financing the Chestertown Volunteer Fire Company is one of importance to every property owner in Chestertown and vicinity. The committee appointed to definitely work out financial plans will meet Monday night and their duties carry a heavy responsibility. Unless an entirely new plan is devised they will have to decide on one of four plans for raising funds, town taxation, county taxation, both town and county taxation, donations or a carnival. Taking each of these plans separately, the taxation plan is the most logical in view of the fact that it will establish an annual income and remove for years to come the problem of securing funds for fire protection; it will compell an individual to pay for fire protection in direct proportion to the amount of property he or she has to protect. It has, however, like all plans for raising funds, it drawbacks in the fact that the public has a natural horror of an increase and also the danger of the control of expenditures for fire protection. The method of raising funds through donations has proved unsatisfactory in view of the fact that the securing of sufficient funds has been very difficult and those who do not donate receive the same benefit as those who donate liberally. The carnival method of raising funds is probably the most unpopular of all plans offered as it is protested by church organizations who claim a carnival has a demoralizing effect, by those who are interested in the beautification of the public park, and by the firemen themselves who face three weeks of hard work and by public organizations who protest the securing of small net profit as compared to the gross expenditure. After summing up the various plans the taxation plan is the most logical but if Legislative action is needed in order to carry out this plan it will be necessary to secure at least $1500 to finance the fire company until such Legislative actin can be accomplished. The committee is conscious of the fact that the fire company must be kept in its present efficient condition and their problem is a serious one.

## COMMUNICATED

Chestertown, Md., June 15, 1936
To the Editor of "The Transcript:"
Dear Sir:

In your issue of June 13th you had a write up in regards to the fresh air children of New York that visit Kent County each summer.

The writer of that article must have been very well fed up on goat meat for it seems as though the only word he could use to describe those children was one pertaining to the goat family. He seemd to get stuck upon the word kid and could not change to the more becoming word children. Borrowing from Mr. Webster we find this definition of a kid—The young of a goat, or the skin of a young goat. Now I have had the pleasure of entertaining one of these small children for the past three summers and I have had her very enjoyable company for 6 weeks each summer, and it was with great regret that I saw the time arrive when she was compelled to return to her parents.

We have never noticed any actions or habits that would relate her in any manner with a goat herd. Why not open your heart and entertain one of these little children this summer? You could do it, if not in your own home then in some one else's at a very small cost, then you would become acquainted with a very likable little person, and would then be more likely to class them in with human beings and not in the class of lower animals.

Here's hoping that Kent County will take at least 12 of these children this summer instead of 6 as it did last summer.

Yours truly,
LEONARD C. NEEDLES

## HOW MODERN WOMEN LOSE FAT SAFELY

**Gain Physical Vigor—Youthfulness With Clear Skin and Vivacious Eyes That Sparkle With Glorious Health**

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast—cut down on pastry and fatty meats—go light on potatoes, butter, cream and sugar—in 4 weeks get on the scales and note how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—you feel younger in body—Kruschen will give you a joyous surprise.

Get a bottle of Kruschen Salts—the cost is trifling and it lasts 4 weeks. If you do not feel a superb improvement in health—so gloriously energetic—vigorously alive—your money gladly returned.

But be sure for your health's sake that you ask for and get Kruschen Salts.

NOTE—Many people find that the only diet change necessary while taking Kruschen regularly is TO EAT LESS.
