A Good Rule TO Follow

By W. H. MOYER, D. C.

If you happen to belong to that great army of people who have one cold after another during the winter season, you have all the more reason to seek the services of a competent Chiropractor.

If you are a sufferer from repeated colds, you may have a chronic infection, or perhaps some structural defect, or it may be a matter of low resistance. Your Chiropractor is the one who can get to the bottom of the trouble and he knows just what to do to correct it.

One morning, one hundred thirty-six years ago, George Washington returned to his home after a five hour ride in a blinding snow-storm. The next day he had a bad cold. Making light of it he said, "let it go as it came," and rode out again into the stormy weather. The third day he passed away.

The common cold is no respecter of persons. It is one of the most destructive of all human ills.

DUTOX
A Non-arsenical Insecticide
DUTOX is a non-arsenical insecticide developed and produced exclusively by The Grasselli Chemical Company. It will not injure foliage under normal conditions. Dutox is an effective control for weevils and many other beetles as well as other leaf-eating insects attacking vegetables, fruits and tobacco. It does not merely repel but as a rule kills them within a few hours after a application has been made.
Dutox can be applied as a spray at the rate of 2 to 3 pounds to 100 gallons of water or, as a dust, at the rate of 5 to 8 pounds per cre. It is especially effective against:
Mexican Bean Beetle
Striped Cucumber Beetle
Tobacco Flea Beetle
Tobacco Horn Worm
Cabbage Worm
Cabbage Looper
Codling Moth
Tomato Worm
Bud Worm
Rose Chafer
Pear Slug
Cherry Slug

Mole Cricket
Ear Wig
Walnut Husk Fly
Tomato Fruit Worm
Strawberry Flea Beetle
Potato Flea Beetle
Melon Worm
Eggplant Beetle
Cut Worm
Curculio
Colorado Potato Beetle
Blister Beetles

Feathertouch is two Pens in one...I need them both!
Platinum in the writing fluid channel of the Sheaffer Feathertouch point permits effortless two-way writing. When held normally this pen writes its user's normal script--when turned over it writes a thin, fine line particularly desirable for figure work, marginal notes, and other small writing. Everybody has use for both types of handwriting. Remember that all Sheaffer Feathertouch pens, either lever or visible-barrel type, are one-stroke vacuum-fillers--to keep in best writing condition they fill, empty with force, and clean with one stroke, and take in over 400% more fluid per stroke than multiple-stroke pens.
Sheaffer's are priced from $2.75 up
