SALADS MAKE SPLENDID FEATURE DISHES

Attractiveness Of Side Dishes May Detract Attention From Main Feature—Background Necessary However

If when serving a luncheon, two highly decorated dishes are served at once one is apt to detract from the other. The dessert is another question and can be as fancy as possible but for the luncheon proper the dish that is to be the main feature of the luncheon is shown to best advantage if it alone is in fancy dress. That doesn't mean of course that the other should be neglected, they should be an attractive background to the dish you want to be the dominating feature of your table.

Here are two salads that are splendid for luncheons; the first as an accompaniment for the main dish and the second as the feature dish of the meal:

CUCUMBER BOAT SALAD
3 cucumbers
2 tomatoes
1-2 cup chopped celery
1 teaspoon salt
1-6 teaspoon pepper.
1 tablespoon chopped onion.

Chill cucumbers and tomatoes. Peel cucumbers. Cut in halves lengthwise. Remove pulp from centers, beting careful not to break the outside. Peel tomatoes, cut in cubes and drain off juice. Mix the cucumber pulp, tomatoes, celery, salt, pepper and onion and moisten with mayonnaise. Fill the cucumber halves with this mixture and arrange on crisp leaves of romaine or lettuce. Granish with parsley and mayonnaise.

JELLIED VEGETABLE RING
1 tablespoon gelatine
3 tablespoons vinegar
1-4 cup cold water
1-2 cup boiling water
1-3 cup sugar
1 teaspoon salt
3-4 cup diced celery
1 cup cooked peas
1 cup shredded cabbage
2 tablespoons lemon juice.

Soak gelatine in cold water five minutes and dissolve in boiling water. Add vinegar, lemon juice, sugar, salt and vegetables and mix thoroughly.

Turn into a ring mold which has been dippd in cold water. Chill. Remove from mold on salad plate. Fill center with crisp lettuce and serve with mayonnaise.

To further carry out the decorations, arrange thin slices of cold meats around the jelly and garnish with radish roses.

CHESTER RIVER YACHT AND COUNTRY CLUB HANDICAP SAILING RACES

In a good north east breeze last Sunday, the Sunday sailing series got off to a good start.

Very noticeable was the improvement in the way the sailors handled their boats over the previous year.

The Half Pint, scratch boat in the handicap, sailed better than ever before. Not a racing type at all, she was the first qualified boat to cross the finish line but lost on handicapping.

Races will be held again this Sunday at the Club pier.

MEETS ON FINANCING FIRE COMPANY

TO APPEAL TO LEGISLATURE

The committee appointed to study means for raising finances for the fire companies of the county met Monday night at the Court House.

The personnel is composed of:

The Mayor and Council, composed of Mayor Wilmer and Councilmen Rogers, Wheatley, Barnes and Jones.

Three representatives from the Chestertown Volunteer Fire Company.

The Commissioners of Kent County, composed of Messrs Leary, Wilson and Williams.

Members of the Legislature, Senator Arthur Brice and Delegates Hubbard and Strong.

One representative each from the fire companies at Rock Hall and Millington.

The result of the meeting was that the best plan would be to have the County add to its tax rate enough to take care of two-thirds of the amount for the fire companies of the county, and the towns that have the fire companies one third.

This will be taken up by the County Commissioners at their next meeting.

In the care of Chestertown it would be necessary to ask the legislature which meets in January to permit them to raise the taxes for this purpose.

We also understand it would be necessary for the County Commissioners to appeal to the legislature to raise taxes for this purpose.

PENNIES REACH THIRD OF MILE IN HOSPITAL DRIVE

Approximately twenty-five thousand pennies totaling $250 have been collected to cover about one third of the mile of pennies being collected for the Kent and Queen Anne's General Hospital to finance the removal of tonsils and adenoids of children whose parents are unable to finance the operation, according to Mrs. Jesse Maxwell member of the Woman's Auxiliary.

Glass jars in various stores in the county still carry their mute appeal and generous hearts find the little slot irresistable. A glimpse into some jars reveal that not only pennies are responding, but larger silver coins are doing their bit to make possible the vastly improved physical condition of some youngsters. Other pennies must be had to finish the mile.

Raffle Brings $28.50

Twenty-eight dollars and fifty cents has been realized from the raffle of a wrought iron bench which was presented the hospital auxiliary by Lammot duPont Copeland and won by Mrs. George Helms, of Betterton.

DONKEY BASEBALL GAME HERE

A baseball game between the American Legion and Rotary Club will be staged at Kibler Field, Chestertown, on July 4th.

The game is played with the contestants riding donkeys. Last year it drew a large attendance and the people were well pleased with it.

BAND WINS PRIZE

The Chestertown Volunteer Fire Company Band won first prize for the best band at the Sudlersville Carnival Thursday evening. After the parade, the band gave a concert on the carnival grounds. The prize was $15.

DUTIES OF SANITARY INSPECTOR OUTLINED

Dr. S. H. Riley of the State Department of Health outlines to the public the duties and powers of the Sanitary Inspector. Mr. W. L. Wilkins, of Rock Hall, is Inspector for Kent County.

Duties: Under direction of the County Health Officer, to make inspections in an assigned district of conditions of sanitation and hygiene affecting public health, and to perform related work as required.

Examples: Making inspections of sanitary conditions of both public and private premises to determine their compliance with the rules and regulations of the State Department of Health; making inspections and surveys in connection with drinking and water supplies, with sewage disposal, and with the collection and disposal of garbage; inspecting sanitary conditions at establishments handling dairy and food products, at school houses, canneries, and slaughter houses; giving advice to property owners regarding proper sanitary measures; assisting in the control of epidemics; addressing public assemblies on health problems; cooperating with local organizations in effective health campaigns; preparing and keeping records; making reports.

MIGRATION BACK TO FARM

TWO MILLION PERSONS MOVE BACK TO THE LAND

Almost 2 million of the persons on farms on January 1, 1935, lived in cities, towns, villages, or other nonfarm residences five years earlier, according to a U. S. summary of the 1935 Federal Farm Census released today by Director William L. Austin of the Bureau of the Census, Department of Commerce. The full extent of this move to farms, the beginning of which was shown in the Census of 1930 is not disclosed by these figures, as the farm census report was limited to only those persons living on farms on January 1, 1935, who lived in nonfarm residences five years earlier. Between 1930 and 1935, many others may have moved to farms and had returned to cities, towns, villages, or other nonfarm residences before the farm census enumeration on January 1, 1935.

This movement of 1,995,253 persons to farms during the preceding five years was a major factor in making the farm population of January 1, 1935 the largest ever recorded by a census. So extensive was the movement to farms that 1 out of every 16 persons living on farms January 1, 1935, had lived in cities, towns, or other nonfarm residences 5 years earlier.

Most of this migration of families has been to small farms. There, these families have sought to produce at least part of the food, particularly vegetables, eggs, and milk needed for their own use. These families have probably augmented very little the total production of farm products for sale.

This movement has been largely a migration of white persons to farms. The decline of almost 200,000 in the Nation's colored farm population indicates that the net flow of colored persons has been from farms to nonfarm residences rather than from cities and towns to farms.

REPLACING DAMAGED BAY BEACONS

(Washington Bureau of The Sun)

Washington, June 15—Representative Goldsborough (Dem., Md.,) announced today that steps are being taken for the replacement of a large number of navigation lights in the Chesapeake Bay which were carried away by ice last winter. He said that actual work by the lighthouse service is now under way.

C. A. Park, acting commissioner of the lighthouse service, informed Mr. Goldsborough that the equipment has been ordered and contracts are being placed as rapidly as possible.

He also explained that the request for replacing the light beacon at the head of the creek on the bay shore of Smith Island, which also was carried away bythe heavy ice last winter, is being considered. A can buoy with a reflector at the south end of Sharp Island, near the mouth of the Choptank river, will be established soon.

CLUB HOUSE OPEN TO PUBLIC

The Club House at the State Military Reservation, Cascade, Maryland, located in the foothills of the Blue Ridge Mountains, at an elevation of fifteen hundred feet, will be open on and after July 6th, 1936.

Originally erected for the accomodation of the families of members of the Maryland National Guard the Club House is situated on the banks of a mountain lake. It is built along the lines of a mountain lodge, with fifteen bedrooms, a large dining room, a large lounge, and spacious porches. The facilities, heretofore reserved for members of the Maryland National Guard and their families, will be made available to the public this season at nominal rates. Splendid bathing and boating facilities are available to guests and the summer resorts of Pen Mar and Blue Ridge Summit are within five minutes riding distance. Waynesboro, Pa., is only five miles distant.

The Military Reservation proper comprises an area of seven hundred and fifty acres, situated in a valley between two mountains. All the facilities of the Military Reservation are available to guests. The Club House will be operated on the American Plan only, and as there are only a limited number of rooms reservations should be made in advance by writing Mrs. Mabel R. McComas, Hostess, Club House, State Military Reservation, Cascade, Md.

ROCK HALL HARBOR TO BE DREDGED

June 22, 1936
The Chestertown Transcript
Chestertown,
Maryland
Gentlemen:

I am very happy to say that the survey of Rock Hall Harbor is about completed and that I have every reason to believe that the Board of Engineers for Rivers and Harbors of the War Department will recommend favorably this project to the Congress at the beginning of the next Congress and authorize the project, which means that the necessary dredging will be done in the summer of 1937.

As you know, it takes at least two Congresses for a river and harbor project. One Congress authorizes the examination and survey, and, if the examination and survery is recommended by the Board of Engineers to the next Congress, an authorization can then be made by the next Congress if it thinks proper.

As indicated above, I am certain the next Congress will authorize the dredging of the Rock Hall Harbor.

With best wishes, I am
Very sincerely yours,
T. Alan Goldsborough.

SHERIFF MEETS WITH ACCIDENT

Sheriff John N. Bennett met with an unusual and nearly serious accident here Tuesday evening when his car was caught on the crest of the draw of the Chester River Bridge as it was being raised. Realizing the danger of sliding back into the space between the two sections, he gave the car gas and, due the spurt and the peculiar position of the automobile, lost control and crashed into the side of the bridge. The car was badly wrecked but the Sheriff unhurt.

There is a question as to whether was caused by the failure of the guard gates to be lowered before the draw was raised.

There is a question as the whether the State will be responsible for the damages to the car.

MONDAY RITCHIE MEMORIAL DAY

GOVERNOR NICE ISSUES PROCLAMATION AS FOLLOWS

Next Monday, June 29, has been set as Albert C. Ritchie Memorial Day, a proclamation by Governor Harry W. Nice making it official, according to Mrs. Charles W. Whaland, county chairman of the committee seeking funds for the Ritchie memorial.

Already solicitors in the county are issuing certificates signed by Howard Bruce, treasurer of the Albert C. Ritchie Memorial Commission, to all contributors to the Albert C. Ritchie Memorial Fund.

The Governor's proclamation is as follows:

"WHEREAS, the late Albert C. Ritchie, a gentleman and Maryland citizen, gave freely and unstintingly of the best and most fruitful years of his life in service to the people of this State, who, in recognition of his statesmanlike vision, administrative ability and personal and public integrity four times consecutively elected him as their Governor and Chief Magistrate, and

"WHEREAS, during fifteen years of public service he made demonstrations of his leadership in political thought and progress throughout the Nation as well as within the State of Maryland, and during which time he devoted his best physical and intellectual effort as Governor of this State, promulgating and establishing sound and enduring principles for the government of our people; and

"WHEREAS, the people of Maryland, mourning his passing and desiring to perpetuate his memory, and, through action of their General Assembly, recognized Albert C. Ritchie's great contributions to his State and his country, by causing to be enacted Chapter 1 of the Acts of the General Assembly of 1936, in Special Session assembled, a law creating The Albert C. Ritchie Memorial Commission, authorizing it to raise funds by popular subscription for the establishment of an appropriate memorial.

"NOW, THEREFORE, I, HARRY W. NICE, Governor of the State of Maryland, do hereby proclaim Monday, June 29, 1936, as ALBERT C. RITCHIE MEMORIAL DAY, throughout the State of Maryland, and do urge all citizens of Maryland to join in the observance of this day, by helping to carry out the purposes of the General Assembly herein referred to, contributing as generously as they are able to the establishment of the memorial."

DEDICATION AND PRESENTATION OF FURNITURE AT HOSPITAL

On Thursday evening at 7.30 a small group of W. C. T. U. members met at the Kent and Queen Anne's Hospital to dedicate the furniture in the nurse's room to the use of the hospital. It had been purchasd some months ago, and now that the door-plate has been put in place the dedication was in order.

The photograph of Miss Frances Willard which had belonged to the late Mrs. Emma Shafer, former county president, was hanging in the room as a gift from the Shafer family.

The dedication exercises were short, due to the illness of several patients.

The following is taken from the remarks by the County President, Mrs. J. L. Price.

We have gathered here this evening for a purpose, the same purpose for which this hospital has been built, to help humanity.

The chief aim and purpose of the W. C. T. U., is to help others, to promote temperance, to educate the youth to take care of the bodies and to keep them clean. If strong drink is indulged in and if narcotics are used the body does not mature properly. Often this condition is traced to parents who were addicted to strong drink and the use of narcotics.

The Kent and Queen Anne's people in their determined efforts have built a hospital nearby to help those who may be in need of medical and surgical aid, and so each one of us will feel thankful for having had at least a small part in this institution.

I want to commend the officers and builders of this hospital in going forward and completing this work so successfully in such a short time, providing the newest and best equipment.

And so, in behalf of the Woman's Christian Temperance Union of Kent County, we present this furniture to the Kent and Queen Anne's Hospital, hoping that the nurses who occupy this room will derive a great deal of rest, comfort, and pleasure from it, as our organization is happy in helping make others comfortable and happy.

The following poem written by Mrs. R. C. Young, vice president of Kent W. C. T. U. was read.

The New Baby

They didn't seem to want me,
But I came,
And like all youngsters
I must have a name
So Kent and Queen Anne General Hospital;
That's the name you see,
And of that honored name
I am mighty proud to be
I am only a wee baby
And my steps move very slow,
But, with the help of friends and neighbors,
I cannot help but grow.
Folks ought to be proud of me,
Down here in the county seat,
Where there are schools, churches, a beautiful college,
And modern homes so neat.
In the distance a beautifully constructed bridge,
Standing so stately and strong,
While beneath flows the old Chester River,
Peacefully singing a song.
Some said they didn't want me,
And trembled long with fear,
Saying they couldn't support me
And, I wasn't needed here,
But others caught a vision
Of humanity's need.
Sick and suffering little children,
And thus for them we plead.
So, be a great big brother,
A sister, or a friend,
And help me bear a burden,
And this noble cause extend.
Christ, the great burden-bearer,
Who loves all peoples, everywhere,
Smiles upon us with favor
When we share another's care,
And to those loyal workers,
Be this my earnest prayer,
May success crown their efforts
In this work, throughout the year.

The exercises closed with the Lord's Prayer repeated in unison.

FIND ERASER IN CHILD'S NOSE

Arthur Cooper, Jr., son of Mr. and Mrs. Arthur Cooper, of Chestertown underwent an operation for tonsils, adenoids and an obstruction in the nose.

The child, 6 years old, had scarlet fever last year. Shortly after he recuperated from this he devloped trouble with his nose.

As scarlet fever often leaves complications it was feared that had caused the trouble in the nose.

Operating at the Eye, Ear and Throat hospital in Baltimore last Monday the nose trouble which concerned the doctors so turned out to be an eraser off the end of a lead pencil. Instead of a serious operation in turned out to be an easy one. Moisture in the nose was causing the eraser to swell and if it had not been attended to would probably have caused blood poisoning.

NEW M. P. PREACHER ARRIVES

Rev. Winfield P. Roberts and wife moved into the M. P. Parsonage this week. His family consists of a married daughter living at Mt. Rainer, Md., and a son who graduated at Western Maryland College in June.

He will fill the pulpit at the morning and evening services at the church next Sunday.

A reception will be given the new minister at the home of Mr. and Mrs. George Cannon on Kent Circle, by the congregation July 2nd.

Granddaughter: 'I'll have my flying license in a week, Grandma, and then I can take you in my airplane to the country.'

Gran (grimly: 'Nonsense. When I go to the country I'll go by train, the way nature intended us to travel.'
