CHURCH NOTES

RADIANT LIVING

Others But Not Himself

By Rev. C. M. Griffeth
Pastor Calvary M. E. Church
Sudlersville

Before me comes a vision of three tall crosses rising above the heads of a noisy milling mob. Upon each cross is impaled the nude body of a man.

Streaked with blood that still oozes from a gaping wound in His side, His flesh acquiver with pain, the body of Jesus sags heavily from the spikes by which it is cruelly nailed to the cross.

Close to the cross there struts triumphantly back and forth a group of haughty, shaggy-bearded Pharisees. One of them, addressing the limp form upon the cross shouted with a voice of utmost contempt: "If thou be the Son of God, come down from the cross!"

But there is no response. Turning to the crowd the jeering Pharisee scorned aloud: "He saved others: Himself He cannot save!"

No truer words were ever spoken than the words of this bitter taunt.

Jesus could have saved Himself. But had He done so, He would never have saved us!

Unless the sacrificial Lamb die, no atonement would have been made. Upon three different occasions Jesus predicted His coming sacrifice. When the time drew near, He steadfastly set His face to go up to Jerusalem.

To save others, Christ must give Himself. It is only through the sacrifice of self that one can render a real service to others. This is why Jesus did not come down from the cross. This is why He could not. It was His love for you that kept Him there!

MORE THAN 800,000 NEW 1936 CHEVROLETS

have been sold

America

is giving overwhelming preference to Chevrolet because it's

The only complete low-priced car

MORE than 800,000 new 1936 Chevrolets have been built and sold—*more than four-fifths of a million since announcement day*—the largest volume of business that Chevrolet has enjoyed in any comparable period in its entire history.

Record-breaking sales always indicate record-breaking value, and that is why we are printing these figures. They are important, not because they establish a record, but because they carry the following message to all people who have yet to buy their 1936 cars.

America is choosing Chevrolet because America is convinced that Chevrolet represents the most motor car for the least money.

"The most motor car," because it's the *only* low-priced car with such vitally important features as New Perfected Hydraulic Brakes and Solid Steel one-piece Turret Top for greatest safety; Improved Gliding Knee-Action Ride*, Shockproof Steering* and Genuine Fisher No Draft Ventilation for greatest comfort; and a powerful High-Compression Valve-in-Head Engine for the most efficient all-round performance.

And "the least money," because Chevrolet's low purchase price, low operating costs and low maintenance costs make it the most economical of all cars to own.

America is saying these splendid things about Chevrolet with *actual buying orders!* Follow America's judgment. Place your order for a new 1936 Chevrolet—*the only complete low-priced car!*
