ROCK HALL M. E. CHURCH
F. Charles Louhoff, Jr., Pastor

Services, July 12—

Sunday School at 9:45, Stanley Grant, Supt. In spite of the hot weather the attendance is keeping up. We cordially invite all who have no other church home, or are not attending any church or Sunday School to join with us.

Morning Worship at eleven. Mrs. Robert Shallcross, organist. Mrs. Frances Taylor, director of the choir will arrange the musical program. Sermon by the Pastor. The church is not the preacher's business any more than the government, or the public schools, or the health department. It is everybody's business. It is a gathering together of men and women to stand for good things in the community and by their spiritual help to work more effectively together than they could work apart. As a clergyman, I call on the good citizen who remains outside the church, and I say: I need you.

We're with an institution called a church, which is nothing more nor less than an organized ideal. Because of its influence your home is safer, your business is more successful, your children have a better education, and a better chance. I don't own it; its yours as much as mine; for you—as much as I—are a son of God. Come on with me and help make it better.

Evening worship at 7:30. A group of young people will have the first half hour, Miss Marion Rodney, leader. A good song service followed with sermon by the pastor. The Junior choir will also sing during this service.

The Junior Choir of R. H. M. E. Church will hold a bake in Mrs. Durding's store room, Saturday morning, July 11th, beginning at 10:30.

The plan for advertising apples grown in Maryland, Virginia, West Virginia, and Pennsylvania, to be known as Appalachian Apples, is being shaped up to go into action in the near future, according to A. F. Vierheller, Extension Horticulturist. Plans were held up, he states, until the possibilities of a National Advertising plan could be thoroughly considered, but it seemed advisable to go ahead with the regional plan for this year and plan for expansion in coming years.

Allocation of $1,363,000 for construction of a laboratory for the Public Health Service near Bethesda, Md., was approved by Secretary of the Treasury Morganthau on June 24. It will be located on the Luke I. Wilson estate, Rockville pike, on land donated by Mr. Wilson.

'To what do you attribute your remarkable health?'

'Well,' replied the very old gentleman, 'I reckon I got a good start on most people by bein' born before germs was discovered, thereby havin' less to worry about.'

Easy Pleasant Way To LOSE FAT

How would you like to lose 15 pounds of fat in a month and at the same time increase your energy and improve your health?

How would you like to lose your double chin and your too prominent hips and abdomen and at the same time make your skin so clean and clear that it will compel admiration?

Get on the scale to-day and see how much you weigh—then get a bottle of Kruschen Salts that costs next to nothing and which will last you 4 weeks. Take one half teaspoonful in a glass of hot water in the morning—cut down on pastry and fatty meats—go light on potatoes, butter, cream and sugar—and when you have finished the contents of this first bottle weigh yourself again.

After that you'll want to walk around and say to your friends, "One bottle of Kruschen Salts is worth one hundred dollars of any fat person's money."

But refuse imitations—safeguard your health—you loose fat SAFELY the Kruschen way.

NOTE—Many people find that the only diet change necessary while taking Kruschen regularly is TO EAT LESS.

Feathertouch is two Pens in one...I need them both!

Platinum in the writing fluid channel of the Sheaffer Feathertouch point permits effortless two-way writing. When held normally this pen writes its user's normal script—when turned over it writes a thin, fine line particularly desirable for figure work, marginal notes, and other small writing. Everybody has use for both types of handwriting. Remember that all Sheaffer Feathertouch pens, either lever or visible-barrel type, are one-stroke vacuum-fillers—to keep in best writing condition they fill, empty with force, and clean with one stroke, and take in over 400% more fluid per stroke than multiple-stroke pens.

Sheaffer's are priced from $2.75 up
