The Social Wanderer

Dear Roamer:

With the thermommeter 103 degrees in the shade, here I sit trying to collect a few items of this week's activities. The spirit is willing, but the flesh is weak, my arm and hand just stick to the paper, and in between every line, the brow must be mopped. So all in all I'd say I'm writing under difficulty.

Well, the good old fourth is over for another year, and we all had the bang up time I predicted. Ernest Strong took me a little too literally on that bang up question and proceeded in getting a pretty bad hand when one of those roman candles fire crackers decided not to act right and exploded in his palm. If you see him all a bandage that's the reason, no fights.

Hot days for such things and worse for those in hospitals. Scott Beck, Jr., comes home to-day from the Union Memorial in Baltimore where he has been since Tuesday having had some painful dental extractions. No fun atall.

These are the days when no one wants to cook, and picnics are at their height. There have been so many in the past week I can't tell you of all of them; it would take too long. Two or three have been given in honor of Miss Dorothy Quarles who is Miss Elizabeth Brown's house guest.

Mrs. William T. Dixon entertained a large number of friends at a buffet supper last Saturday evening at her home, Green Point Farm. Among other parties this week, was the second of he delightful luncheon-bridge given by Mrs. Robert D. Wilson at Fox Point on Lankford Bay.

I have been asked to say that unfortunately, due to lack of response by the younger set, that the Cinderella Dances have been called off. It's too bad, for I think they were such nice affairs, and a lot of the younger crowd will miss them this summer.

Now for the guests, and I'm going to run out on you with what you'd call a note.

Mr. and Mrs. W. Stuart Fitzgerald, and little daughter, Barbara of Princess Anne, have been guests all of this week of Dr. E. Clarke Fontaine. Mr. Fitzgerald is the Superintendant of Schools of Somerset County. Additional guests on Wednesday and Thursday of this week of Dr. Fontaine's included Mr. and Mrs. William Anthony, of Baltimore.

Mr. and Mrs. William Walker, of Evanston, Ill., were guests a few days of Dr. and Mrs. Frank B. Hines this week, en route to Rehobeth, Del., where they will visit Mrs. Kate Gundry.

A wedding of interest here took place in Baltimore where Miss Mary Hines became the bride of Mr. Tinsley Herzog. Mrs. Herzog, who has frequently visited here, is the sister of Mr. Dorsey Hines and a niece of the Misses Grace and Jennie Wilkins.

Miss Amelia B. Jarden, of Baltimore, is the guest of Mr. and Mrs. A. L. Sterling.

Mr. and Mrs. Harry Schrieber and two children, of Columbus, Ohio, are the guests of the former's parents, Mr. and Mrs. Charles C. Shreiber.

Mr. Charles Hopper, of Baltimore, is the guest of Mrs. R. H. Collins, Sr.

Miss Betty Thibodeau accompanied her father, Mr. Louis J. Thibodeau to his home in Waterbury, Conn., this week, where she will remain for the remainder of the summer.

Many were the holiday guests in town last week-end. Miss Elizabeth Perkins and Miss Marjorie Wills, of Baltimore visited Mr. and Mrs. Eben F. Perkins; Mr. Frank Beck, of Baltimore, his father and sister, Mr. Horace Beck and Mrs. C. Beck Jones; Mr. and Mrs. H. Woodward, of Mt. Clair, N. J., guests of Prof. and Mrs. L. C. Robinson.

Still others included Mrs. Charles A. Blizzard and son of Cambridge; Miss Katie Smith, of Port DePosit; Messrs. Walter Barnes, of Easton, and Allan Barnes, of Baltimore; Mr. and Mrs. Vernon Seward, of Baltimore; Miss Betty Barnes, student nurse at Easton Hospital; Mr. and Mrs. Harry Wilkinson and Mrs. John Wilkison, of Baltimore; Mr. Tom Dyott and mother, Mrs. Delma Draper, of Baltimore; Dr. and Mrs. Arthur Simpson, of Washington, D. C.; Miss Lois Meitzsch, of Baltimore; Mr. Wallace Ross and Miss Edna Kirby, of Baltimore. Mr. and Mrs. Thomas A. Messina and son of Upper Darby, and Miss Louise Poore, of Elkton; Mr. and Mrs. Harry Rouse, of Aberdeen; Mr. and Mrs. Donald Rankin; Mr. and Mrs. E. Dumont Lambert, of Washington; Mr. and Mrs. Clifford Sparks, of Philadelphia; and Mr. and Mrs. William T. Henry, of Baltimore.

Mrs. James G. Metcalfe left on Wednesday for a motor trip through Pennsylvania with a former college friend. Together, they will visit a few classmates of previous years.

Mr. and Mrs. Philip G. Wilmer left yesterday for a week end cruise with Mr. and Mrs. Norris Harrison aboard the Harrison's yacht.

Mr. and Mrs. James W. Johns, and Mr. and Mrs. E. Bonwill Dukes spent last week end at Sea-Side Park, N. J.

Dr. and Mrs. Wm. H. Moyer and family will spend nevt Friday.., Saturday and Sunday, July 17, 18, 19, visiting relatives at Hammondsport, N. J.

Mr. and Mrs. Bryan Newton and two daughters and Mr. Herbert Ward and son have gone to Malden, Mass., where the Newtons are visiting Mrs. Newton's sister, Mrs. Arnold O. Mauritson and Mr. Ward, his mother, who is ill.

Miss Mabel Smith has returned from the Kent and Qceen Anne's Hospital, to her home and is recuperating from an appendix operation.

Mr. W. Bradford Copper, who has been confined to his home for the past week is recovering from his sickness and expects to return in a few days to his desk at the First National Bank of which he is President.

But if I don't stop now you'll be reading of my illness, for even the spirit has ceased to be willing.

Yours for cool breezes,
THE WANDERER.

Mr. William H. Taylor and the Misses Catherine and Margaret Taylor of Mt. Washington, Baltimore, the father and sisters of Mrs. L. Wilson Kennedy are spending a week at the Harper Carter's on their farm near Kennedyville.

Mrs. Julian Vaughn and two children, of Richmond, Va., are spending a week with their aunt, Mrs. Harper Carter.

Mr. Edwin Convery the Promotion Manager of the Baltimore News and American, and Mr. Julian Vaughn, of Richmond were week end guests of the Carters over the Fourth.

Incomplete reports on June 25 showed that more than 11,500 Maryland farmers had filed work sheets under the Soil Conservation Program, and it was estimated by those in charge that final figures would place the total number in this State above 13,000.

RAID LARGE STILL IN QUEEN ANNES COUNTY

Federal offices Henry D. Thompson and William T. Roe, working out of the Salisbury office made two important hauls early this week in Queen Anne's county, in which they captured the largest stills ever found in Queen Anne's County and also another 150 gallon still and a quantity of mash.

The first raid was made Monday night when officers swooped down on the Wading Farm of the Dr. John R. Benton estate, near Grasonville, and destroyed one 150 gallon still with a large amount of mash. Joseph H. Ibez, tenant on the farm was arrested and brought before William R. Horney, Federal Commissioner on Tuesday, but was dismissed.

Early Tuesday Investigators found the largest still ever seized in the county in the White House Woods, near Centreville. The equipment found was one 750 gallon cypress still, 10 horse power steam boiler and more than thirty mash boxes, with a total capacity of 14,000 gallons. The equipment was estimated by those in charge of the manufacture of at least 3,000 gallons of whiskey a week.
