THIRTEEN HUNDRED Democrats and Democratic leaders from all parts of the Eastern Shore and parts of the Western Shore at Ocean City on Thursday of this week indicated a strong sentiment in this part of the State for the re-election of President Roosevelt. The undeniable facts bought by speakers on the occasion indicated a great change for the better in all parts of the country in the past three years. The meeting reflected a decided spirit of optimism from every county on the Shore and plans were formulated for an intensive campaign. Delegations from Baltimore promised an intensive campaign and large Democratic Majority in that City. Out of State speakers were very optimistic as to their respective States and the meeting as a whole reflected a healthy Democratic condition in all sections of the nation. Congressman Goldsborough's ability and untiring efforts in Congress were lauded by his colleagues who were among the speakers on the occasion and the entire gathering showed harmonic Democrats sentiment in favor of the present administration.

THE QUESTION OF the legality of the $200,000 obligation which the State Road Commission claim is owed by Kent County has promise of reaching a final settlement as a result of a conference between the County Commissioners and the State Roads Commission this week. This claimed obligation has been a great handicap to Kent County not only in the fact that it has placed it in an embarrising financial condition but it has seriously affected the expenditure of State road funds here. The County, being on the defense, is not in a position to force a legal show down but it has requested the State to take a lead in bringing the matter into Court for final action. The Roads Commission has intimated that it will do this but until it does take action each tax-payer in the county is handicapped. If the residents of Kent County will support the Commissioners in their demand of a settlement of the State Roads debt it will materially help toward a permanent settlement of the new jumbled road problem.

TO COLONEL EWING and his regatta Committee goes the credit for furnishing a week-end entertainment for visiting yachtsmen and local spectators. Too often affairs of this kind are taken for granted and enjoyed without any thought of appreciation of the efforts exerted by those who had the responibility of making them successful. The same holds true of horse shows and other activities that help make Kent County such a desirable place in which to live.

THE NEW FEDERAL regulations with reference to the shooting of wild water fowl practically prohibits legal duck and goose hunting. They include additional regulations this year which puts canvas back and red head ducks on the protected list. These two species have afforded sport to hunters on Chesapeake Bay waters since the early settlement of this country and although there is a reported scarcity in the country they still come to these waters by the thousands. The question now arises whether the Federal government will make provisions of enforcing the present drastic laws or whether it is going to make hunting a lawless sport with the penalty only on those who try to be law-abiding citizens. The restrictions have passed the point where the sportsmen will cooperate n their enforcement which is a deplorable state of affairs.

The following correction appeared in a provincial paper: 'Our paper stated last week that Mr. John Doe is a defective in the police force. This was a typographical error. Mr. Doe is really a detective in the police farce.'

AMERICAN BOY OFFERS WORLD OF ADVENTURE

During the coming year AMERICAN BOY stories will take readers into thundering transport planes, into Annapolis and through the Caribbean with the Navy, into the soundless tangles of Georgia's Okefenokee swamp, and even into an imaginary future of space ships, strange machines and science. All are swift-moving, instructive and gripping.

There'll be stories of the true adventures of David Irwin, the young man who, for four years, alone, wandered across the arctic barrens by dog team, going months without seeing a human being and eating only frozen fish. And there'll be Roscoe Turner's inside story of the famous London-to-Melbourne air race.

There'll be advice on hobbies, sports tips from famous coaches and players, suggestions on money-earning and low-cost travel, and articles o ndog training, nature's oddities and tomorrow's airplanes.

There'll be stores about the favorite character of a million boys—Bonehead Tierney, detective; Square Jaw Davis, engineer; Hide-rack, the red-gold collie; Alan Kane, scientist; and Lee, midshipman.

THE AMERICAN BOY costs only $1 a year, or $2 for three years, foreign subscriptions 50 cents a year extra. Send your name, address and remittance to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich. Service will start with the issue you specify. On newstands, 10 cents a copy.
