THE TRANSCRIPT

Entered at the Chestertown Post Office as second class matter.
R. H. Collins & Sons, Owners.
R. H. Collins and W. S. Collins, Editors.

THERE SHOULD be no doubt as to the results of the coming November election in Kent County if the individual voters will give a little time and thought to the issues that are being broadcasted by both parties. It is a generally conceded fact that the voters will cast their votes for or against President Roosevelt as little is known of Governor Landon, the Republican nominee, nor how he stands on important national issues which directly affect the individual American Citizen. If it is a vote for or against the re-election of President Roosevelt let us sum up the effects of his administration as it has applied to the average voter of Kent County.

1st—When President Roosevelt took office March 4th, 1933 business was practically at a standstill. The price received for farm produce was far less than the cost of production and there was practically no credit for financing the planting of crops. This general depression among the farmers affected every business organization in the county and the only hope in sight was that the newly elected president would carry out his pledge to aid agriculture. Before that year was out a program of direct benefit to farmers was worked out which not only brought about a general rise in the sale price of food stuff but returned cash bonus to farmers who cooperated in the program. During the three years following, the program has continued to assist in putting farmers back on their feet so that they can at least make a living on their farms. This program practically saved the agricultural industry in the country at a time when a total collapse was evident. In addition to commodity price rise and benefit payments, various agencies were established for the financing crop loans, etc. Four years with Roosevelt has placed farming on a basis where the industrious farmer is going ahead.

2nd—Those who had placed their savings in various securities found in 1933 that the value of these securities had dwindled to practically nothing. Since that time these values have gradually increased in value until today they are at their highest peak in the past five years.

3rd—The social security act, which was put into practice during the Roosevelt administration has given assurance of food and shleter to each individual and has destroyed the utterly hopeless attitude of thousands of American citizens. It has also, with the cooperation of the various States assured a livelihood for those who are unable to provide for themselves, particularly among the aged and those physically handicaped.

4th—During the four year period, which started with industry at a standstill, various established governmental agencies have worked out construction projects which have given employment to those who would normally find work in industry. Then again the thousands of youths coming to working age found no hope of carrying out their ambition, and with this occuring at a time in their life when discouragement might prove a serious handicap to the future of the nation, government agencies established various youth activities which has done much to meet the emergency.

In summing up these four accomplishments it is an undeniable fact that the Roosevelt Administration has been one of action and has brought results. They have not been faultless as no effort so gigantic can be, but it has at least answered the cry of the early part of 1933, that something must be done. President Roosevelt has been feerless in his successful attempts to meet an emergency.

With these facts in mind is there any reason to believe that the people of this county will not trust the present administration for four more years with the hope a permanent adjustment of affairs of the nation rather than take a chance with one who has not proven his ability to handle national affairs?

SEALED PROPOSALS FOR PAVEMENTS, CURBS AND GUTTERS

Sealed proposals will be received by the City Council of Chestertown, Md., for the construction in Spring street of approximately

350 sq. yds. of 8-inch concrete pavement;

150 lin. ft. of 6 in. curb, 30 in. gutter;

140 lin. ft. of 8-inch gutter with necessary excavation and re-construction.

This work will be done under sponsor's proposal No. 1 W. P. A. Kent County.

Plans and specifications may be seen at the office of the Council in Court street.

Bids will be opened at 7 o'clock P. M., Monday, September 21st, 1936, at the office of the Council.

The Council reserves the right to reject any or all bids.

An Alternative bid will be received for the completed work above specified not under W. P. A. and relief labor.

Signed—Mayor and Council of Chestertown.

P. G. WILMER, Mayor.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 16d.
