Feathertouch is two Pens in one...I need them both!

Platinum in the writing fluid channel of the Sheaffer Feathertouch point permits effortless two-way writing. When held normally this pen writes its user's normal script--when turned over it writes a thin, fine line particularly desirable for figure work, marginal notes, and other small writing. Everybody has use for both types of handwriting. Remember that all Sheaffer Feathertouch pens, either lever or visible-barrel type, are one-stroke vacuum-fillers--to keep in best writing condition they fill, empty with force, and clean with one stroke, and take in over 400% more fluid per stroke than multiple-stroke pens.

Sheaffer's are priced from $2.75 up

Built the Doctor's Way

MANY physicians, who specialize in the care of children, endorse and prescribe Simplex Flexies. In these dainty, long-wearing little shoes the feet develop as Nature intended. Flexies let the child's feet rest squarely on their natural three points—no rocking sidewise to bow the pliant legs in or out. Flexible soles—glove-smooth lining. No rough seams nor wrinkles to torture the tender feet. And, Flexies are as long-lived as they are healthful.
