The Social Wanderer

Dear Roamer:

Right now, we are going through one of those in-between off seasons when the heat of Summer still wanders back every other day and the real Fall is just around the corner. The opening of schools and colleges is the principal train of thought and all the young things that had such a perfect summer have either already gone or are on their way for the more serious business of learning what comes out of books.

Among those who have already left are: Harrison W. Vickers, Jr., returning to the University of Virginia; Frederica Metcalfe left this week to return to St. Mary's Seminary, Jimmy Metcalfe e ntered McDonogh on Monday, young Phil Brooks having already gone the week before, Charles Dole entered Drexel University on Friday, and then next week, still more will file away to Universities and prep schools, to say nothing of the fact that our own Washington College will be in full swing and the town will assume its college mien once more.

Mrs. Charles Shaunghessy who visited her mother, Mrs. Henry Kratzer has returned to Emmittsburg where she has joined her husband, who is a professor at Mt. St. Mary's.

Mrs. William B. Usilton and her daughter, Miss Nancy Jean Usilton spent a few days in Atlantic City this week.

Mr. and Mrs. Ernest Strong spent last week-end as the guest of Mr. and Mrs. Gilpin Brown in Overbrook, Pa.

Mrs. Lewin Wickes entertained at tea on Saturday afternoon and at bridge on Wednesday afternoon in honor of Miss Rebecca Wickes of Baltimore, who is her houseguest, as well as Mrs. Wm. T. Price, of Centreville, who came on Tuesday.

Mrs. Morris K. Barroll entertained a few friends at luncheon on Wednesday in honor of her sister, Mrs. Victor Noyes, of Glen Arm, who is her house guest.

Mr. and Mrs. Fordie Harding and their daughter, Miss Mary Harding, of Greenville, North Carolina, have been guests at the home of Mrs. R. H. Collins, Sr., this week.

Misses Ethel Smythe and Ruth Jones are spending their vacation in Franklin, Ohio.

Mr. and Mr. Vincent Brandolini have returned to Chestertown after spending the summer months at Ocean City, Md.

Mrs. Lucy Kendall, of Baltimore, has been the guest of Mr. and Mrs. Gilbert Hadaway for several weeks.

Mrs. Mary E. Reed is the guest of her daughter, Mrs. A. Roy Woodland at Marion, Md.

Mr. and Mrs. Thomas S. Wallis, of Arlington, Virginia, have been the guests of friends and relatives in Kent and Queen Ann's County this past week.

Miss Alice Stewart, of New York and Mr. Thomas Griffin, of Washington, D. C., will be week-end guests of Mr. and Mrs. Dorsey Hines.

Send me some news and I'll write you more, but till then I am,

Briefly yours,
THE WANDERER.

DID YOU KNOW?

BY C. COX HOPPER

DID YOU KNOW:

That by an act passed by the General Assembly of Maryland 1649 every taxable person planting tobacco was required to plant two acres of corn on forfeiture of 50 pounds of tobacco for every half acre he should fall short, besides fifty pounds of tobacco to be paid to the Constable and his assistants, an act for 'the encouragement of Sowing English grain' was passed in 1662 but repealed in 1676.

In the Upper House we find that on the fifth of May 1669 the question was considered of the payment of bullion to planters for sowing English grain.

DID YOU KNOW:

That the bridge crossing Chester River at Chestertown was opened as a Free Bridge July 22, 1890 and that Major B. B. Wroth, a resident of Chestertown, driving a Queen Anne's team, was the first person to cross the Free Bridge. The act incorporating the Free Bridge was passed by the General Assembly in the year 1805.

DID YOU KNOW:

That before the Chester River Bridge was made free, a person walking across from Kent, to Queen Anne's county or from Queen Anne's to Kent County had to pay ten cents, and a team going over was charged seventy five cents for the round trip.

Meaning of "Shop Right"

"Shop right" is the right to use an invention, which is automatically created on behalf of the owner of the shop, when the invention is developed in such shop by an employee, who uses the time and equipment of the shop for producing the invention. Such shop rights are nonassignable and apply alone to inventions pertaining to the employer's business.

Black Beauty

Anna Sewell was born in England, in 1830. She wrote the most famous novel with an animal as its principal character, "Black Beauty," while a virtually helpless invalid, and for it received only $100—a fraction of the royalties that should have been hers from the millions of copies sold.

Has Two Pairs of Horns

A chousingha is a small East Indian antelope, about two feet high, distinguished from all other living ruminants by having two pairs of horns. It lives singly or in pairs in thinly forested or bushy hills, always in the vicinity of water. The horns are borne only by the males.

CHECKING SOIL CONSERVATION PAYMENTS

FARMERS STILL HAVE OPPORTUNITY TO MEET REQUIREMENTS

County Agent McVean, Secretary of Kent's Agricultural Conservation Association, is about ready to start checking-up with Kent farmers, the practices they have been able to accomplish this year in spite of the drought. The work will be done by Supervisors chosen by the Directors of the Association of which L. A. Sutton is president.

As a help to speeding up the work while keeping down costs to the minimuum, farmers are requested to help by recording information on points as follows; for they, one or all, rate some payment as approved practices if meet the regulations and do not exceed Soil Building Allowance.

1. Seeded clover or other legume on wheat.
2. Applied lime to grass or legume crops or to land which will in 1937 be seeded to clover on wheat, barley, rye, or oats.
3. Applied 16 per cent Superphosphate or its equivaent to hay or pasture land as top dressing or to legumes or green manure crops in 1936 before the end of October. Potash may be added with the Superphosphate or complete fertilizer may be used.
4. If Lespedeza (or blue grass or pasture mixture) was seeded on crop land or on permanent pasture.
5. If clover or other legumes was seeded in 1936 on barley, rye or oats.
6. If soy beans or cow peas were seeded in 1936 for hay or to plow down.
7. If alfalfa, crimson clover, or winter vetch, or cover and timothy were seeded in 1936 before Oct. 1st.
8. If Sudan grass or millet, etc., was seeded to pasture or plaw down.
9. If seedling trees were planted on crop land or pasture in 1936 before Oct. 31.
10. If fewer total acres of crops such as corn-wheat, tomatoes, asparagus, potatoes, etc., are produced than in 1935.

Nearly every farmer has done one or more of these practices and therefore is eligible for some payment. Grass seed bills, lime and fertilizer bills and receipts shouuld be ready to show the Supervisor when they call. Over 90 per cent of Kent farm land is already listed on work sheet others are stil joining the Conservation Association and may do so until the checking of performance work is completed. The Association wants all farmers to be members. Members are under no restrictions as to wheat or other crops for next year's harvest.

SIR ISAAC GOT THE BREAKS

The teacher was trying to impress on the children how important had been the discovery of the law of gravitation.

"Sir Isaac Newton was sitting on the ground looking at a tree. An apple fell on his head and from that he discovered gravitation. Just think, children," she added, "isn't that wonderful?"

The inevitable small boy replied: "Yes'm, an' if he had been settin' in school lookin' at his books, he wouldn't have discovered nothin.'" —Santa Fe Magazine.

Would Be Better!

The warden of a prison was inclined to overdo the facilities for enjoyment which he gave his prisoners. Despite numerous reforms, the convicts were still dissatisfied.

"Say, you guys," he told them, angrily. "I've given you movies and baseball and everything else I can think of. What do you want now?"

"Well, warden," said a voice, "what about a cross-country run?"

TOLCHESTER COMPANY TO BE SOLD TUESDAY

The sale of the Tolchester Company, incding the resort, two wharves and boats will take place in Baltimore on Tuesday of next week.

There has been considerable speculation as to who will buy the property as a number of ferry companies have shown interest in the sale.

An unsigned letter to this office indicated the fear that the site may be bought for a palatial estate or factory, but whoever the purchaser may be it is of great interest to the people of this county that a ferry service from that point to the Western Shore will be resumed.
