ON PAGE THREE of this issue will be an advertisement published under the authority of the Democratic Campaign Committee, which points out in figures some of the accomplishments of the Roosevelt administration. These figures bear out our opinion as expressed in an editorial two weeks ago in which we stated that President Roosevelt has done a good job and deserves the appreciation of the American people. In answer to a question sometimes asked, 'wouldn't this improved condition have naturally come about?' we answer that even if it would we cannot help but applaud those who lead in great accomplishments.

THE ADVANTAGES OF education in smaller colleges over mass education was emphasized by Dr. Gilbert W. Mead in an address at the opening convocation of the 155th year of Washington College. He pointed out that many of the large institutions are being broken down into small units so so as to give the professor-student contact which the smaller college has always been able to offer. He talked of the advantages of a broad liberal education over a special technical educa- and how it teaches one to adjust his living so as to meet life's problems and to master them. Living residents of Chestertown have seen Washington College grow from fifteen students and two professors to its present capacity enrollment and during that time have seen its graduates among the leaders in the business professional and social life of Maryland communities. Chestertown is inded fortunate to be the home of Washington College, not only in the educational advantages offered to its sons and daughters but in the general enlightened influence which it reflects upon the entire community.

## WAKE UP YOUR LIVER BILE—

**Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go**

The Navy should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these 2 pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet thorough in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c.
