## THE TRANSCRIPT

IN THE CLOSING DAYS of the political campaign indications point to a large Democratic majority in Kent County. With practically a two to one registered Democratic majority it is estimated that the vote here will show at least that majority for the Democratic ticket. While this has not been true in past Presidential elections the Roosevelt sentiment is increasing in all parts of the county which may be explained by the following reasons.

The Roosevelt administration has been the first to recognize the value of Agricultural prosperity to the prosperity of the nation and the first to offer a definite benefical agricultural program.

The Social Security Act which provides for the sustinance of the aged, physically handicapped and dependent widows and children.

The general up trend of business conditions and the security of ones savings.

The straightforward and fearless administration of President Roosevelt himself and the disregard of efforts of individuals and small groups in their efforts to influence him in legislation for their personal benefit.

The Roosevelt Administration has been one for the masses of the people and although it has not been without mistakes, it has certainly met and relieved the caotic condition that was existant in all parts of the nation when he took office in March, 1933. He has done a good job and certainly has and deserves the confidence of the voting public.

### Grand Jury Report

The grand jury's report, submitted and accepted by the court Tuesday, was as follows:

Chestertown, Md., Oct., 1936.
To the Honorable Judges of the Circuit Court for Kent County, State of Maryland, October term, 1936.

We the Grand Jurors of Kent County have solemnly considered all cases brought before us from the magistrates and officers of Kent County, we have diligently considered the evidence as presented by 23 witnesses, and, on the face of this testimony, have found 3 presentments and 3 true bills.

In addition to these cases submitted from the magistrates and officers, we have interviewed the Sheriff and Deputies of Kent County and the various town officers regarding the state of the county in reference to general law and order. From the testimony of these officers we feel it necessary to call to the attention of the Court the practice, on the part of some dispensors, of selling alcoholic beverages to minors. We urge a diligent investigation of this practice. We urge that all evidence should be diligently checked and that alleged offenders should be prosecuted regardless of person or position. This body further submits that the State Board of Liquor License Commissioners should closely scrutinize and investigate all applicants for licenses. In this manner these abuses can be eliminated at their source. We recommend that this suggestion be forwarded by the Clerk of the Court to this body. This body further submits that persons running dance halls in connection with the sale of alcoholic beverages should be made to bear the full responsibility for disorder and violence occurring on the premises.

We further submit that the citizens of Kent County cooperate more fully with the officers for the suppression of disorder in connection with disorderly places located in the County, particularly pertaining to those places selling alcoholic beverages.

This Grand Jury further suggests to the Court that the citizens of Kent County should co-operate closely with officers of the County in the elimination of the poultry and live stock thefts. Complaints on poultry and live stock losses should be filed at once with the Sheriff's office if the law enforcement body is to be expected to apprehend the thieves.

We visited the Kent County jail and found it clean and sanitary. However, there is a decided need for a shower bath on the first floor and the flooring on the second floor is in great need of repair. As other Grand Inquests of Kent County have done in the past, we also again call the Court's attention to the condition of the valuable County records now reposing in an unsafe array on the third floor of the jail. The historical value of these records, some of them dating back to the origin of the County, is reason enough in itself to warrant a safe and fire-proof place being provided for them.

We feel that the County is in a very healthy condition and that the mental outlook of its citizens has been exceptional in the face of trying times. We do not feel it amiss at this time, either, to go on record as having faith in the so-called younger generation of Kent County citizens. We feel that while conventions have changed and the outlook might be different, the basic character of this generation gives a bright outlook for the future of this community.

We wish to express our appreciation to the Court, Clerk of the Circuit Court and his deputy, Sheriff, States Attorney and all other officers for their courtesy in assisting us in our duty.

WAKE UP YOUR LIVER BILE—
Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go
The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sunk and the world looks punk.
Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up." Ask for Carter's Little Liver Pills by name. Refuse substitutes. 25c at all drug stores.
