WAKE UP YOUR LIVER BILE—
Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go
The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food does not digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sunk and the world looks punk.
Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. Thousands of people have found that Carter's Little Liver Pills get at the cause. They start the bile flowing freely and make you feel like a new person. Ask for Carter's Little Liver Pills by name. Refuse substitutes. 25c at all druggists.
