THE QUESTION OF a new fire house for the Chestertown Volunteer Fire Company has suddenly taken on a new lease of life and is receiving the attention of municipal authorities and business men of the town. There is no doubt but that the fire company has outgrown its present quarters due to increased activity and equipment. At the time the present house was built the company was small and the equipment consisted of a hand pump a few hand drawn hose reels and a collecton of buckets. Today the company boasts a large active list of fire fighters, an associate membership, a large ladies auxiliary, a thirty four piece band, three fire trucks and an ambulance together with the equipment that goes with them. In some cases it is necessary to move other large equipment in order to permit the desired piece of equipment get out of the fire house. The fire fighters have to get their equipment the best way they can by dodging moving trucks, and there is no doubt as to the desirability of larger quarters. If it were necessary to finance a $25,000 fire house it would deserve very careful consideration but if a new home costing this sum can be secured through cooperation of the Works Progress Association by a local expenditure of approximately $10,000, at least one half of which sum could be secured through the sale of the present quarters, then it appears to an opportunity that should be acted upon at once and should have the support of the community. The increased efficiency of the company should soon be worth the cost involved. It must also be remembered that W. P. A. funds have been appropriated and Kent County is apparently far short of its share of them. If this county does not get ts share some other county will.

FROM THE BEST available informaton the hold-up in the resumption of ferry service between Tolchester and Baltimore is due to a controversey between the owners and former owners of the Tolchester Company as to just who are the owners. The controversey has been taken to Court and in the meantime there is no ferry service. It is hard to realize that in these times when millions of dollars of Federal, State and private funds are being spent annually to speed up transportation and develop new avenues of trade, that such a condition as faces Kent County can actually exist. The stopping of the ferry service shortly followed a curtailment of passenger train service in and out of Kent County and the closing of a section of the main highway between here and Baltimore. Whatever may be the duties and powers of the Public Servce Commission the setting of a time limit for continuing ferry service or the forfeiture of the franchise to operate such a ferry service might go a long way toward hastening the solution of what appears to be a family quarrel. Then again what are the various civic organizations of Baltimore doing about it? Who are the losers by it? Of course the people of this county are suffering a momentary inconvenience but are at the same time finding shopping in Wilmington, Philadelphia and New York very agreeable. As the quarrel, which is apparently holding up ferry service, is between Battimorians and is in Baltimore Courts we wonder whether the saying that we have always denied, "Baltimore is just a sleepy southern town," really hasn't just a little bit of foundation.

COUNTY FAIR A BIG SUCCESS HERE

$475 Cleared For Hospital Benefit

The first annual County Fair held at the Chestertown Armory on Friday and Saturday of last week was a great success both from a standpoint of entertainment and financial gain.

Featuring the fair were the exhibits of agricultural products, art, sewing, cooking, caning, knitting and photopraghy exhibits as well as the style show, pet show, automobile show, amateur contest, bicycle parade, carnival parade and cake walk. Numerous games and the side shows also proved entertaining to the hundreds of people who attended the fair.

The gross receipts were estimated at approximately $600 and expenses $125 leaving a net balance of $475 which will be turned over to the hospital. It is understood that part of this sum will be used to finish payment for the new heating device which has been installed at the hospital.

Precious Sentiment EXPRESSED by GENUINE Orange Blossom Rings

Every year a significantly larger proportion of nuptials are centered around genuine Orange Blossom Rings by Traub. Why? Because their prestige, quality and enduring design cost no more than ordinary rings.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills. 25 cents. Guaranteed unless empty box, see
